II. TECHNICAL REPORT

(1)Programmes allotted/completed during the reporting period 2025-26

S. No.	Name of the Programme	Details
1.	**Clinical efficacy of Ashokarishtam, AYUSH SR, and Praval Pishti in the management of Menopausal syndrome (Rajonivrittti Lakshan): A Prospective Randomized Open Label Standard Control Trial**	The project was assigned to the Institute on 20.06.2025. IEC for the project was obtained on 05.07.2024 and CTRI was done on CTRI/2025/07/090117 [Registered on: 03/07/2025]. Trial Registered Prospectively. Allopathic medicines were purchased in March 2026, MOU with B Lal Lab for investigations in this project 07/07/2025, has been done and a work order to the lab is in process. The recruitment of staff (SRF) has been done. The project SRF training is done. The screening of participants is in process.
2.	**Effectiveness of Drakshavaleha in Improving the Symptoms of Functional Gastrointestinal Disorders (FGID) - A Multi-Centre Study**	Initiated on 17/11/2025 with ₹ 1,70,000/- sanctioned (Expenditure from GIA-General, RA sub-head). By March 2026, 112 screened, 111 enrolled, 27 completed, 34 drop outs, 50 ongoing. The study is ongoing.
3.	**Efficacy of Varadi Kwatha Ghana Vati as an Adjunct vs treatment as usual in Type 2 DM: A Randomized Double-Blind Placebo-Controlled Study**	The project is sanctioned on 28.10.2025, with office order no. 915/2025-26. IEC for the project was obtained on 23.12.2025, and CTRI was done on CTRI/2026/01/100208 [Registered on: 02/01/2026]. Trial Registered Prospectively. Trial drug preparation is in process till the reporting period March,2026.
4.	**Documentation of the Life Profile of Admirable Personalities to Transform Ayurveda**	This IMR project APTA 78 was assigned to the Institute in Sept 2025. The Documentation work of Prof Vaidya Shrikrishan Sharma Khandal under 'IMR project Documentation of Life profile of Admirable Personalities to transform Ayurveda' was allotted. Data collection from the available texts was initiated in December 2025. 1st draft of the manuscript in the form of a research article is in progress.
5.	**Evaluation of the efficacy of Ayush-BR Leham in the management of Moderate Malnutrition among Children 3–5 Years – A Multicentre Randomised Controlled Pilot study trial:**	Initiated in Sept 2023 with ₹25, 16,800 sanctioned. By March 2026, 353 screened, 100 enrolled, 80 completed, dropout 08, 12 ongoing. The study is ongoing.
6.	**General Health Screening and Ayurveda Management in Ekalavya Model Residential Schools (EMRS)**	A total of 03 projects were sanctioned under EMRS in March 2024. The study includes Research projects, monthly health camps and awareness activities at 03 EMRS locations. 824 new patients and 107 lectures were reported till March 2026. Status of the project is as follows: -

Sr. No.	Name of Project	No. of Enrolled Participant	No. of Drop Out	No. of Participants Completed/continuing the study.
1.	General health screening with special focus on selected disease conditions (Tuberculosis, Anemia, Sickle Cell Disease & Malnutrition) and Ayurveda management of Anemia & Malnutrition in students of Ekalavya Model Residential Schools (EMRS).	307	03	304
2.	Tolerability, treatment adherence and effectiveness of Ayurvedic Intervention in the management of moderate Malnutrition in students of selected Ekalavya Model Residential Schools: a	102	02	100

			multi-Centre collaborative study.			
		3.	Effectiveness of Ayurveda-Based lifestyle Advocacies and Practices on Quality of Life among Children of Ekalavya Model Residential Schools in India.	40	02	38
7.	**Documentation of the Life Profile of Admirable Personalities to Transform Ayurveda**	An IMR project initiated in Sept 2024. Data collection and interviews for Prof. Banwari Lal Gaur began in Jan 2025, with the manuscript's first draft submitted in March 2025. The manuscript has been submitted to JIMH and is in the decision phase.				
8.	**Documentation of the Life profile of Admirable Personalities to Transform Ayurveda (APTA) [Swami Laxmi Ram ji (APTA 79)**	Data collection for the life profile was initiated in November 2025 from the available books (1) "आयुर्वेदमार्तण्ड-प्राणाचार्य-वैद्यरत्न-भिषगाचार्य-श्रीलक्ष्मीरामस्वामिमहाभागानाम् राजकीयसंस्कृतविद्यालयतो विश्रमावसरे अभिनन्दनार्थः संस्कृतरत्नाकस्य आयुर्वेदाङ्कः" published by महामहोपाध्यायः पं. श्रीगिरिधरशर्मा चतुर्वेदः, राजकीयसंस्कृतविद्यालयाध्यक्ष; जयपुरम् in 1934 and also (2) "आचार्य रामप्रकाश स्वामी अभिनन्दन ग्रन्थ" published by अभिनन्दन ग्रन्थ प्रकाशन समिति, स्वामी लक्ष्मीराम उद्यान, मोती डूंगरी रोड़, जयपुर in 2002. Ist draft of the manuscript in the form of research article is under progress.				
9.	**Documentation of the Life profile of Admirable Personalities to Transform Ayurveda (APTA) [Swami Ram Prakash ji (APTA 80)**	Data collection for the life profile was initiated in November 2025 from the book "आचार्य रामप्रकाश स्वामी अभिनन्दन ग्रन्थ" published by अभिनन्दन ग्रन्थ प्रकाशन समिति, स्वामी लक्ष्मीराम उद्यान, मोती डूंगरी रोड़, जयपुर in 2002. Ist draft of the manuscript in the form of research article is under progress.				
10.	**Knowledge, Attitude and Practice (KAP) towards Pharmacovigilance of Ayurvedic Medicines among**	The project was assigned to the institute on 15.07.2024. IEC was obtained on 29.11.2024. The target is to take KAP of pharmacovigilance towards Ayurveda medicine of 410 participants before the training programme and 3 months after the programme.				

<table>
<tr><td></td><td>Registered Practitioners – A Multicentre Study</td><td>The project was initiated on 28.12.2024. MSRARI Jaipur organized total four awareness workshop on Pharmacovigilance in Ayurveda medicine for Registered Ayurveda medical practitioners of Rajasthan. 1st workshop was conducted at Auditorium, ‘Regional Science center, Science Park Jaipur’ on 28.12.2024 in which 94 participants were enrolled. 2nd workshop was conducted on 12.02.2025 at ‘DSSRAU Jodhpur’ in which 180 participants were enrolled. 3rd workshop was conducted at Hotel ‘The Fern Ajmer’ on 24th July 2025 in which 69 cases were enrolled and 4th Workshop was conducted at ‘Hotel Pandora Grand Udaipur’ where 117 cases were enrolled. Total 460 registered Ayurveda medical Practitioners participated and filled the google form. 390 follow up surveys were completed. The study has been completed in December 2025.</td></tr>
<tr><td>11.</td><td>Impact of Ayurveda-Based Lifestyle Advocacy and Practices among Apparently Healthy Individuals – A Randomized Parallel Group Study:</td><td>Initiated under IMR Annual Action plan 2019–20, this 3-year cluster randomized parallel-group study (n=240) aimed to assess the impact of Ayurveda-based lifestyle interventions on healthy individuals. Ethical clearance was granted on 13.03.2020. Enrollment (118 in intervention, 120 in control) was completed in Feb 2023. Due to budgetary issues, the project was extended up to June 2026. Hence, the project was completed in June 2026.</td></tr>
<tr><td>12.</td><td>Clinical study on tolerability, treatment adherence and safety of an Ayurvedic intervention, Punarnava Mandura in the management of Iron Deficiency Anaemia: An open-label single-arm study (Collaborative Research project under CCRAS-SMART):</td><td>This multicentric research project was sanctioned to the institute vide Council Office Order No. 76/2023-24 dated 28.04.2023, with a total budget allocation of Rs. 1,21,24,324/-. The Clinical Trial Registry of India (CTRI) registration was completed by the nodal institute, MSRARI, Jaipur (Registration No.: CTRI/2023/05/053299). Institutional Ethics Committee (IEC) approvals were obtained from all four participating collaborative institutes. The investigational medicines were received, and the study was duly initiated and successfully completed at all participating centres. The study has now been completed, and the compiled data has been submitted to the headquarters. Statistical analysis has been carried out, and the data have been extracted. Currently, the research team is in the process of preparing and submitting manuscripts for publication based on the study findings. The details are as follows:-
<table>
<tr><th>Name of the Institute</th><th>No of cases screened</th><th>No of cases enrolled</th><th>No of cases completed</th><th>Drop outs</th></tr>
<tr><td>1. MUHS, Nashik</td><td>323</td><td>120</td><td>102</td><td>18</td></tr>
<tr><td>2. YAC, Kodoli</td><td>387</td><td>120</td><td>96</td><td>24</td></tr>
<tr><td>3. PIAR, Vadodara</td><td>247</td><td>120</td><td>104</td><td>16</td></tr>
<tr><td>4. ADAMC, Ashta</td><td>249</td><td>120</td><td>102</td><td>18</td></tr>
</table></td></tr>
<tr><td>13.</td><td>Documentation of ethno-dietary</td><td>The study was conducted across five districts (Jaipur, Ajmer, Sri</td></tr>
</table>

	practices indigenous to India under WCH	Ganganagar, Jhunjhunu, Jaisalmer) of Rajasthan at the block level (Four blocks in each district). A comprehensive field survey was carried out, including In-Depth Interviews (IDI) -102 and Focus Group Discussions (FGD)-20. Various traditional recipes (345) were systematically documented during the study.
14.	**Documentation of plants, metals, minerals, animal products and other materials used in various indigenous religious practices and rituals across India under WCH**	The study was conducted across five districts (Jaipur, Ajmer, Sri Ganganagar, Jhunjhunu, Jaisalmer) of Rajasthan at the block level (Four blocks in each district) and religious places. A comprehensive field survey was carried out, including In-Depth Interviews (IDI) -111 and Focus Group Discussions (FGD)-24. Various traditional Rituals (148) were systematically documented during the study. Both projects have been completed. The collected data has been compiled and submitted to CCRAS Headquarters for further evaluation and analysis. Currently, the work is in progress for the preparation and publication of a research paper based on the study findings.
15.	**Documentation of ethno-dietary practices indigenous to India under THCRP**	The study was conducted across five districts (Sirohi, Dungarpur, Chittorgarh, Baran, Sawai Madhopur) and sum part of Jaipur, Banswara, Kota, Karauli of Rajasthan at the block level (Four blocks in each district). A comprehensive field survey was carried out, including In-Depth Interviews (IDI) -100 and Focus Group Discussions (FGD)-20. Various traditional recipes (280) were systematically documented during the study.
16.	**Documentation of plants, metals, minerals, animal products and other materials used in various indigenous religious practices and rituals across India under THCRP**	The study was conducted across five districts (Sirohi, Dungarpur, Chittorgarh, Baran, Sawai Madhopur) of Rajasthan at the block level (Four blocks in each district) and religious places. A comprehensive field survey was carried out, including In-Depth Interviews (IDI) -102 and Focus Group Discussions (FGD)-37. Various traditional Rituals (314) were systematically documented during the study. Both projects have been completed. The collected data has been compiled and submitted to CCRAS Headquarters for further evaluation and analysis. Currently, the work is in progress for the preparation and publication of a research paper based on the study findings.
17.	**National Pharmacovigilance Program for ASU Drugs**	During 2025–26, a total of 38,442 individuals were monitored for suspected adverse drug reactions (ADR). No ADRs were reported during the year.

- अर्द्धवार्षिक हिन्दी पत्रिका जलमहल (जनवरी – जून 2025, अंक – 01 (प्रवेशांक) on month of June 2025 by the Institute.
- **Internship -** The institute has been affiliated by Dr. Sarvepalli Radhakrishnan Rajasthan Ayurved University, Jodhpur for Internship by BAMS & DAN&P students. During the reporting year Total 17 BAMS students has completed their internship and 08 Ongoing.

III. CLINICAL RESEARCH (Since inception to 2024-25)

Clinical Research (in brief): Brief resume of the clinical work carried out (Disease wise) since inception up to 2024-25

(1) Title of the Project: Clinical study on Amavata

➢ Year and month of starting the study	1973-74
➢ Year and month of closure of the study	1974
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Shuddha Guggulu
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Group-I No. of cases: 18
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(2) Title of the project : To evaluate the therapeutic efficacy of Ayurvedic formulation in the management of Tamak Swasa

➢ Year and month of starting the study	1974-75
➢ Year and month of closure of the study	1975
➢ Principal Drugs therapies taken for clinical evaluation/ trial and supporting therapy	Swaskuthara Rasa + Kaphaketu Rasa + Sunthi Churna + Somlata Churna
➢ Duration of treatment	4 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Group-I No. of Cases: 13
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(3) Title of the project :Clinical study on Amavata

➢ Year and month of starting the study	1974-75
➢ Year and month of closure of the study	1975
➢ Principal Drugs therapies taken for clinical evaluation/ trial and supporting therapy	Sunthi+Guggulu
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Group-I No. of cases: 18
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(4) Title of the project:Role of Pippali+Haritaki Yoga in Shula Roga

➢ Year and month of starting the study	1978
➢ Year and month of closure of the study	1985
➢ Principal Drugs therapies taken for clinical evaluation/ trial and supporting therapy	Pippali+Haritaki Yoga
➢ Duration of treatment	4 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Group-I No. of Cases: 132
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(5) Title of the project:Multicentric Clinical trial of AYUSH-64 on Malaria

➢ Year and month of starting the study	1980-1981
➢ Year and month of closure of the study	1999-2000
➢ Principal Drug therapies taken for clinical evaluation and supporting therapy(s)	AYUSH-64
➢ Duration of treatment	3-7days
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern

	parameters
➢ Number of groups and number of cases under each group	No. of Group – I No. of cases: 820
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(6) Title of the project:To evaluate the therapeutic efficacy of coded drug AYUSH-56 in the management of Apasmara (Epilepsy)

➢ Year and month of starting the study	1981
➢ Year and month of closure of the study	1985
➢ Principal Drug therapies taken for clinical evaluation and supporting therapy(s)	AYUSH-56
➢ Duration of treatment	90 days
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No.of Group- I No. of Cases: 26
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(7) Title of the project:Clinical study on Amavata

➢ Year and month of starting the study	1982-83
➢ Year and month of closure of the study	1983
➢ Principal Drug therapies taken for clinical evaluation and supporting therapy(s)	ShuddhaGuggulu+Guducchyadi Kwath
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Group: I No. of cases: 05
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(8) Title of the project:To evaluate the therapeutic efficacy of Vasavaleha in the management of Tamak Swasa

➢ Year and month of starting the study	1980-81
➢ Year and month of closure of the study	1984
➢ Principal Drug therapies taken for clinical evaluation and supporting therapy(s)	Vasavaleha
➢ Duration of treatment	4 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Group-I No. of cases: 47
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(9) Title of the project:To evaluate the therapeutic efficacy of Vasa Ghanvati in the management of Tamak Swasa

➢ Year and month of starting the study	1982-83
➢ Year and month of closure of the study	1984
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Vasa Ghanvati
➢ Duration of treatment	4 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	**No. of Groups- I** **No. of cases: 08**
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(10) Title of the project: To evaluate the therapeutic efficacy of Ayurvedic formulation in the management of Tamak Swasa.

➢ Year and month of starting the study	1983-84
➢ Year and month of closure of the study	1984
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Bharangi+SunthiChurna
➢ Duration of treatment	4 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Group-I No. of cases: 22
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(11) Title of the project: Role of Aralu in the cases of Udara Krimi Roga (Intestinal worm infestation).

➢ Year and month of starting the study	1983
➢ Year and month of closure of the study	1987
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Aralu
➢ Duration of treatment	4 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. ofGroup-I No. of cases: 42
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(12) Title of the project:Clinical evaluation of compound formulation in the management of Sweta pradara.

➢ Year and month of starting the study	1991
➢ Year and month of closure of the study	1992
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Ashwagandha Churna+Patrangasava+Nirgunditail
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. ofGroup-I No. of cases: 21
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(13) Title of the project:Trial of Ashwagandha Churna in Amavata.

➢ Year and month of starting the study	1998
➢ Year and month of closure of the study	1999
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Ashwagandha Churna
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Groups: I No. of cases: 20
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(14) Title of the project:To evaluate the therapeutic efficacy of single/compound Ayurvedic preparation in the management of Gridhrasi (Sciatica).

➢ Year and month of starting the study	1986-87
➢ Year and month of closure of the study	1987
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	ShephaliGhanVati
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Groups-I No. of cases: 05
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(15) Title of the project:Clinical evaluation on the effect of Ayush-64+Guduchi Sattva+ Sphatika and Saptaparna Ghan Vati in Visham Jwara (Malaria).

➢ Year and month of starting the study	2000-01
➢ Year and month of closure of the study	2007-08
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	**Group-I** Ayush-64+Guduchi Sattva+Sphatika **Group-II** SaptaparnaGhanVati
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Groups: 02 Total number of cases under each group: Group-I : 186 Group-II: 158
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(16) Title of the project:Clinical Evaluation of Shamana Chikitsa in the management of Amavata (Rheumatoid arthritis).

➢ Year and month of starting the study	2000-01
➢ Year and month of closure of the study	2007-08
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	**Group-I**- Sunthi+Guggulu+Godanti **Group –II**- Shallaki+Suranjan
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	**No. of Group**: **02** Total No. of cases under each Group: **Group- I- 175; Group-II- 144**
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(17) Title of the project: Assessment of therapeutic efficacy of Shirish TwakKwath without Shodhana therapy in the management of TamakSwasa (Bronchial Asthma).

➢ Year and month of starting the study	2000-01
➢ Year and month of closure of the study	2007-08
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Shirish TwakKwath
➢ Duration of treatment	6 weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Group–01 No. of cases- 172
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(18) Title of the project: Assessment of therapeutic efficacy of Ayurvedic drugs prescribed in the management of General debility (Daurbalya) without any apparent cause or due to malnutrition.

➢ Year and month of starting the study	2000-2001
➢ Year and month of closure of the study	2007-2008
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Group-I ManduradiAvaleha Group-II ManduradiVati
➢ Duration of treatment	12^{th} weeks
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Groups-02 No. of Cases under each group: Group-I: 56; Group-II: 45
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(19) Title of the project:To study the efficacy of certain drugs in the management of Balatisara.

➢ Year and month of starting the study	2001-02
➢ Year and month of closure of the study	2007-08
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Group-I Vatsakadi GhanVati + Mustakarishta Group-II JatiphaladiVati+ Mustakarishta
➢ Duration of treatment	7 -10 days
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Groups- **02** No. of cases under each group: Group-I:**73;** Group-II:**45**
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(20) Title of the project: Evaluation of therapeutic efficacy of Ayurvedic management of Non specific cough and cold in children–Bala Kasa (0-5yr).

➢ Year and month of starting the study	2001-02
➢ Year and month of closure of the study	2007-08
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Group-I :Vasavaleha Group-II :Kantakariavaleha Group-III:Yastimadhu+Dadim+BanafsaChurna
➢ Duration of treatment	7 – 10 days
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Groups: 03 Cases under each Group: Group-I: **139;** Group-II: **91;** Group-III: **50**
➢ Whether the study is continuing? If not, reasons thereof	Study completed
➢ Specific observation if any	None

(21) Title of the project:Evaluation of therapeutic efficacy of non specific cough and cold in children-BalaKasa (6 - 12yrs).

➢ Year and month of starting the study	2000-01
➢ Year and month of closure of the study	2007-08
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Group-I: Chandramrita Rasa + Talisadi Churna Group-II: NardiyaLaxmivilas + Tankan + GodantiBhasma Group-III :Vasavaleha
➢ Duration of treatment	7 – 10 days
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each group	No. of Groups**: 03** No. of Cases under each group: Group-I: **189;** Group-II: **62** Group-III:**76**
➢ Whether the study is continuing? If not, reasons thereof	Study completed

- Specific observation if any — None

(22) Title of the project: Evaluation of therapeutic efficacy as an oral contraceptive.

- Year and month of starting the study — 2000-01
- Year and month of closure of the study — 2007
- Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy — 1. AC-4
  2. Group-I Pippalyadi Yoga
  Group-II- Neem Oil (Local contraceptive**)**
- Duration of treatment — Not defined
- Diagnosis and response of therapy based on — Both Ayurveda and modern parameters
- Number of groups and number of cases under each group — No. of Groups:
  1. AC-4- No. of Cases: **680**
  Group-I (Pippalyadi Yoga):
  No. of cases: **127**
  Group-II (Neem Oil):
  No. of cases: **25**
- Whether the study is continuing? If not, reasons thereof — Study completed
- Specific observation if any — None

Table I

S.No.	Year	Group	Drug	No. of cases
1.	1978-2001	-	AC-4	680

(23) Title of the Project:Multicentric Open Clinical trial on Dhatrilauha in Iron deficiency Anaemia.

- Year and month of starting the study — 31-03-2009
- Year and month of closure of the study — 27-12-2007
- Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy — Dhatrilauha
- Duration of treatment — 45days
- Diagnosis and response of therapy based on — Both Ayurveda and modern parameters
- Number of cases: — 40 cases completed
  3 cases dropout
- Specific observation if any — None

(24) Title of the project:Multicentric Open Clinical trial on Dhatrilauha in Iron deficiency Anaemia.

➢ Year and month of starting the study	27-08-2008
➢ Year and month of closure of the study	31-03-2009
➢ Principal Drug(s) therapies taken for clinical evaluation/ trial and supporting therapy	Dhatrilauha
➢ Duration of treatment	90days
➢ Diagnosis and response of therapy based on	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	No. of Group-01 No. of cases: 42 cases completed 9 cases dropout
➢ Specific observation if any	None

(25) Title of the project:Documentation of reported episodes of treatment of vector bornediseases of Ayurveda and Siddha:

➢ Year and month of starting the study	13-05-2008
➢ Year and month of closure of the study	2010
➢ Total Claims	5 claims on Chikungunya and 11 claims on Malaria
➢ Specific observation if any	None

(26) Title of the project:National Pharmaco-vigilance programme for ASU drugs.

➢ Year and month of starting the study:	21-01-2008
➢ Year and month of closure of the study:	Continue
➢ Diagnosis and response of therapy based on:	Both Ayurveda and modern parameters
➢ Total No. of Patients/cases	642
➢ Remarks	None of the cases showed any adverse effects.Mostly ADRs found in study are mild type which was subsiding after withdrawal of suspected drugs.

(27) Title of the project:Effect of "AYUSH QOL 2C" (Ayurvedic coded drug) in Stage III and IV Non Small Cell Lung Cancer to prevent side effects of Chemotherapy-A Randomized Phase II Feasibility & tolerability study.

- Year and month of starting the study: 01-07-2010
- Year and month of closure of the study: March 2013
- Diagnosis and response of therapy based on: Both Ayurveda and modern parameters
- Total No. of Patients/cases 16 cases completed and 13 cases dropout

(28) Title of the project: Clinical evaluation of Punarnavadi Mandura and DadimadiGhrita in the management of iron deficiency Anaemia.

- Year and month of starting the study: June 2011
- Year and month of closure of the study: May 2012
- Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy: Punarnavadi Mandura and Dadimadi Ghrita
- Duration of treatment: 84days
- Diagnosis and response of therapy based on: Both Ayurveda and modern parameters
- Number of groups and number of cases under each: No. of Group: 01
No. of cases: 32 cases completed and 03 cases dropout
- Whether the study is continuing? If not, reasons thereof: Study completed
- Specific observation if any: None

(29) Title of the project: Clinical Evaluation of Vyaghri Haritaki in the management of Bronchial Asthma (Tamaka Swasa).

- Year and month of starting the study: June 2011
- Year and month of closure of the study: May 2012
- Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy: Vyaghri Haritaki
- Duration of treatment: 84 days
- Diagnosis and response of therapy based on: Both Ayurveda and modern parameters
- Number of groups and number of cases under each: No. of Group: 01
No. of cases: 40 cases completed.
01 cases dropout
- Whether the study is continuing? If not, reasons thereof: Study completed
- Specific observation if any: None

(30) Title of the Project: Clinical Evaluation of SaptavinshatikaGuggulu and HaridraChurnain the Management of Type II Diabetes Mellitus.

➢ Year and month of starting the study:	June 2011
➢ Year and month of closure of the study:	May 2012
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Saptavimshatika Guggulu and Haridra Churna
➢ Duration of treatment:	84 days
➢ Diagnosis and response of therapy based on:	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	No. of Group: 01 No. of cases: 34 cases completed 06 cases dropout
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(31) Title of the project: Multi Centric Open Clinical Trial of Rajah Pravartini Vati in Kastarthava (Dysmenorrhea).

➢ Year and month of starting the study:	July 2011
➢ Year and month of closure of the study:	August 2012
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Rajah Pravartini Vati
➢ Duration of treatment:	90 days
➢ Diagnosis and response of therapy based on:	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	No. of Group: 01 No. of cases: 36 cases completed. 02 cases dropout

(32) Title of the project: Clinical Evaluation of Vatari Guggulu, Rasna Saptaka Kashaya and Brihat Saindhavadi Taila in the Management of Rheumatoid Arthritis.

- Year and month of starting the study: September 2013
- Year and month of closure of the study: March 2015
- Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:

  Group – I
  1. Vatari Guggulu (AFI- Part I)
  2. Rasna Saptaka Kashaya (Sahasra Yoga)

  Group –II
  1. Vatari Guggulu (AFI- Part I)
  2. Rasnasaptaka Kashaya (Sahastra Yoga)
  3. Brihat Saindhavadi Taila (AFI- Part I)
- Duration of treatment: 84 days
- Diagnosis and response of therapy based on: Both Ayurveda and modern parameters
- Number of groups and number of cases under each: Target 60 patients
  53 cases completed07 cases dropout
- Whether the study is continuing? If not, reasons thereof: Study completed
- Specific observation if any: None

(33) Title of the project: Clinical Evaluation of Vasavleha in the Management of Stable Chronic Bronchitis.

- Year and month of starting the study: January 2015
- Year and month of closure of the study: January 2016
- Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy: Vasavleha (API- Part II, Volume I)
- Duration of treatment: 84 days
- Diagnosis and response of therapy based on: Both Ayurveda and modern parameters
- Number of groups and number of cases under each

  No. of Group – 01
  Target 42 patients
  41 cases completed
  01 case dropout
- Whether the study is continuing? If not, reasons thereof: Study completed
- Specific observation if any: None

(34) Title of the project: Clinical Evaluation of Navayasa Churna in the management of Iron Deficiency Anaemia.

➢ Year and month of starting the study:	December, 2014
➢ Year and month of closure of the study:	September 2016
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Navayasa Churna (API-Part -II, Volume I, pg 49)
➢ Duration of treatment:	90 days
➢ Diagnosis and response of therapy based on:	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	No. of Group – 01 Target 50 patients 49 cases completed 01 case dropout
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(35) Title of the project: Clinical evaluation of Kanakasava and Trivrit Churna in the management of Bronchial Asthma (Tamaka Swasa).

➢ Year and month of starting the study:	January 2015
➢ Year and month of closure of the study:	June 2016
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Kanakasava (API-Part-II; Vol.-II: Pg. 31) Trivrita Churna (API-Part-I; Vol.-III; Pg. 213)
➢ Duration of treatment:	84 days
➢ Diagnosis and response of therapy based on:	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	No. of Group – 01 Target 70 patients 68 cases completed 02 case dropout
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(36) Title of the project: Clinical evaluation of Rudraksa Churna in the management of Essential Hypertension (Uccha Raktachapa).

➢ Year and month of starting the study:	July 2015
➢ Year and month of closure of the study:	June 2017
➢ Principal Drugs therapies taken for	Rudraksa Churna (API-Part-I; Vol.-IV:

Clinical evaluation/ trial and supporting therapy:	Pg. 104-105)
➢ Duration of treatment:	84 days
➢ Diagnosis and response of therapy based on:	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	**No. of Group – 01** Target 76 patients 69 cases completed 06 case dropout
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(37) Project title: Multicentric Placebo Controlled Clinical Study of Ayurvedic Coded Drug "AYUSH-A" in the management of Mild Bronchial Asthma (Tamaka Shwasa) .

➢ Approval of IMCRP:	Clinical Project 2015-16 (Claim Drug)
➢ Year and month of starting the study:	30.04.2016
➢ Name of Principal Investigator:	Dr. Avinash Kumar Jain, R.O. (Ay.)& Dr. Anu Bhatnagar, R.O. (Ay.),
➢ Name of Co- Investigator:	Dr. Gulab Singh Yadav, Asstt. Prof., Institute ofRespiratory Diseases, Jaipur Dr. H.M.L.Meena, R.O. (Ay.) Dr. B.R. Meena, R.O. (Ay.)
➢ Study Design:	Study Centres: 03 Sample Size: A total of 300 patients to be enrolled (100 patients per centre with 50 patients in each Group)
➢ Study Groups:	**Group-1:** Ayurvedic Treatment i.e.AYUSH-A (Coded Ayurvedic Herbal preparation) 2gm/day (Tablets of equal size three times in a day) **Group-2:** Patients taking Allopathic medicine + Matching placebo of Ayurvedic Treatment
➢ Duration of treatment:	14 weeks
➢ Interventions:	Ayurvedic Coded Drug "AYUSH-A"- 001 Matching placebo of Ayurvedic Treatment "AYUSH-A" – 002
➢ Date of IEC approval:	01.01.2016
➢ CTRI Registration Reference (for Clinical Trials) :	CTRI/REF/2016/03/011065

Chronological timeline & deliverables:

S. No.	Target	Time line	Achieved/ Not achieved	Causes of deviation, if any
1.	Group-1	1-6 months	Achieved	-
	Group-2		Not achieved	Non-availability of the patients due to Inclusion criteria
2.	Group-1	7-12 months	Achieved	-
	Group-2		Not achieved	Non-availability of the patients due to Inclusion criteria

Brief Summary of the Project during 2016-17:

i. Study Screened Subjects: 34
ii. Enrolled Subjects: 31
iii. Study completed Subjects: 30
iv. Drop out Subjects: Nil
v. Study stopped 01

Summary of the project:

This Multicentric Research project is commenced under Clinical Project 2015-16.The target fixed in the study is 100 subjects in two groups: Group-1 (Only Ayurvedic Treatment **i.e.** Tab.AYUSH-A-001 (Coded Ayurvedic Herbal preparation) 2gm/day) and Group-2 (Allopathic medicine +Matching placebo of Ayurvedic Treatment i.e. Tab. AYUSH-A-002). The subjects presenting with the signs and symptoms of Mild Bronchial Asthma between ages 18-60 years are selected from OPD of the Institute. Subjects fulfilling the Inclusion and Exclusion criteriaas per protocol and Case Record Form are registered in the study. The enrolled subjects are advised to take Tab. AYUSH A-001 (Ayurvedic Coded Drug) in Group-1 and Tab. AYUSH A-002(Matching placebo of Ayurvedic Treatment) in Group-2 in the dose of 3 tablets thrice a day for 84 days. After that, subjects are called to visit on every 14^{th} day interval for next examination till 84^{th} day along with the follow-up at the end of 14 weeks. During the reporting period 2016-17, 34 subjects have been screened, out of which 31 subjects are enrolled for the study i.e. 26 in Group-1 and 05 in Group-2 while 03 subjects were screen failure. Out of total enrolled 31 subjects, 26 subjects in Group-I and 04 subjects in Group-2 have completed the study and 01 subject was stopped the study because the project has been closed in May, 2017 under the guidelines of CCRAS Hqrs due to non-availability of subjects according to inclusion criteria. This drug has not shown any major adverse effect. **Project has been closed in May, 2017 under the guidance of CCRAS HQ.**

(38) Clinical Evaluation of Rasnadi Kvatha Churna (Maha), Trayodashanga Guggulu and BrihatSaindhavadya Taila in the Management of Osteoarthritis of Knee (JanugataSandhivata).

➢ Year and month of starting the study:	15.12.2017
➢ Year and month of closure of the study:	27th June, 2019
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	RasnadiKvatha Churna(Maha) (AFI – Part I, 4 : 28) Trayodashanga Guggulu (AFI – Part I, 5 : 4): BrihatSaindhavadyaTaila (AFI – Part I, 8: 40).
➢ Duration of treatment:	12 weeks
➢ Diagnosis and response of therapy based on:	Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	No. of Group – 01 Target 60 patients Total cases Screened- 93, Enrolled-60, Completed-58 Dropped out-02.
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(39) Validation of Prakriti Assessment Questionnaire/Scale.

➢ Year and month of starting the study:	March, 2017
➢ Year and month of closure of the study	May, 2019
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ No of cases completed: 60	
➢ Specific observation if any:	None

(40) Testing and validation of Tvak vikar proforma under Validation and Reliability testing of Ayurveda Diagnostic tools.

- Year and month of starting the study:- March, 2018
- Year and month of closure of the study:- April, 2018
- Whether the study is continuing? If not, reasons thereof: - Study completed
- Specific observation if any: - None

- No of cases completed 10

(41) Testing and validation of Pranavaha sroto vikar proforma under Validation and Reliability testing of Ayurveda Diagnostic tools.

- Year and month of starting the study: June, 2018
- Year and month of closure of the study: June, 2018
- Whether the study is continuing? If not, reasons thereof: Study completed
- Specific observation if any: None

- No of cases completed: 10

(42) Testing and validation of grahani roga rogi pareeksha proforma under Validation and Reliability testing of Ayurveda Diagnostic tools

- Year and month of starting the study: November, 2019.
- Year and month of closure of the study: November, 2019

- Whether the study is continuing? If not, reasons thereof: Study completed
- Specific observation if any: None

- No of cases completed 10

(43) Pharmacoepidemiological study on safety and effectiveness of Rasaushadhies - Retrospective analysis.

➢ Year and month of starting the study:	April, 2018
➢ Year and month of closure of the study:	March, 2019
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None
➢ No of cases completed	Retrospective data of IPD patients from 01-04-2012 to 31-03-2017 were compiled in given excel format and sent to headquarters time to time.

(44) Knowledge, Attitude and Practice towards Ayurvedic medicine use among the Diabetics - a cross sectional study in India.

➢ Year and month of starting the study:	28.11.2018
➢ Year and month of closure of the study:	Nov.2020
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	- A cross-sectional**,** multi centric observational study
➢ Duration of treatment:	-
➢ Diagnosis and response of therapy based on:	-
➢ Number of groups and number of cases under each	-664 cases surveyed
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(45) Testing and validation of Pandu Proforma under Validation and Reliability testing of Ayurveda Diagnostic tools.

- **Objectives:** Validation of **Pandu Proforma** under Validation and Reliability testing of Ayurveda Diagnostic tools
- **Sample Size:** 10
- **Intervention**: NA
- Date of initiation of the study: 01.03.2021
- Date of completion of the study: 27.03.2021.

(46) Clinical Evaluation of Drakshasava in the Management of Pandu (Iron Deficiency Anaemia.

➢ Year and month of starting the study:	17.09.2018
➢ Year and month of closure of the study:	March 2021
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	-Drakshasava (Bhaisajyaratnavali, Arsorogadhikara: 170-174; AFI Part II)
➢ Duration of treatment:	-84 days
➢ Diagnosis and response of therapy based on:	- Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	-01, target 60, enrolled 58, completed 46, dropout 12
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(47) A prospective non-randomized open label controlled interventional study on the effect of GuduchiGhanVati/ Sudarshan GhanVati as a prophylactic measure among Containment Zone population exposed to COVID 19" (at Bhilwara District, Rajasthan).

➢ Year and month of starting the study:	06.06.2020
➢ Year and month of closure of the study:	20.08.2020
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Group 1: GuduchiGhanVati/ Sudarshan GhanVati+ Standard Prophylactic Care Group 2: Standard Prophylactic Care + Sanitizer, mask and also printed IEC material
➢ Duration of treatment:	-30 days
➢ Diagnosis and response of therapy based on:	- Both Ayurveda and modern parameters
➢ Number of groups and number	-02, target 1500, 1472 were

of cases under each	completed and 28 were dropped
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(48) A prospective non-randomized open label controlled interventional study on the effect of Guduchi Ghan Vati/ Sudarshan Ghan Vati as a prophylactic measure among Containment Zone population exposed to COVID 19 (at Ramganj area, Jaipur District, Rajasthan).

➢ Year and month of starting the study:	06.06.2020
➢ Year and month of closure of the study:	20.08.2020
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Group 1: GuduchiGhanVati/ Sudarshan GhanVati+ Standard Prophylactic Care Group 2: Standard Prophylactic Care + Sanitizer, mask and also printed IEC material
➢ Duration of treatment:	-30 days
➢ Diagnosis and response of therapy based on:	- Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	-02, target 1500, 1472 were completed and 28 were dropped
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(49) A prospective open label controlled interventional study on the effect of Ayurvedic intervention (Ayurveda Raksha Kit) as a prophylactic measure in the Pandemic of COVID-19 - A community-based study.

➢ Year and month of starting the study:	12 October, 2020
➢ Year and month of closure of the study:	January, 2021.
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	**Group-A (Intervention group):** Participants will receive **Ayurvrda Raksha Kit** Group 2: **follow Standard preventive measures of COVID-19** (liquid soap/soaps for hand wash and mask/masks will be provided)
➢ Duration of treatment:	-30 days
➢ Diagnosis and response of therapy based on:	- Both Ayurveda and modern parameters
➢ Number of groups and number of cases under each	-02, sample size for Intervention group and control group were 8900 and 1100 respectively
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(50) A Prospective Open Labelled Observational Study to Document the Potential Safety Issues and Prescription Trends in Selected Rasausadhi's In Ccras - Opd's Across India.

➢ Year and month of starting the study:	08.01.2021
➢ Year and month of closure of the study:	05.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Laxmi Vilas rasa (Naradiya), Sutasekhar Rasa, Tribhuvankirti Rasa, Swasakuthar Rasa, ChandraprabhaVati, Gandhaka Rasayana, Rasa manikya Rasa, Smritisagara Rasa, Arogyavardhini Gutika, Mahayogaraja guggulu, Prabhakar Vati
➢ Duration of treatment:	1 week to 6 weeks
➢ Diagnosis and response of therapy based on:	-
➢ Number of groups and number of cases under each	Target 110 and 92 were successfully completed
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(51) Collaborative Research Projects "Validation and reliability testing of diagnostic methods in Ayurveda" with National Institute of Ayurveda, Jaipur.

➢ Year and month of starting the study:	03.01.2020
➢ Year and month of closure of the study:	31.08.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	-
➢ Duration of treatment:	-
➢ Diagnosis and response of therapy based on:	-

➢ Number of groups and number of cases under each	Patients of following 06 Diseases were enrolled and completed:- Grahani (29 patients), Shvasa (30 patients), Kasa (31 patients), Jvara (31 patients), Prameha (30 patients)
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(52) Under IMR (Collaborative) project "Execution in PG thesis Studies on Swasthya Assessment Scale developed by CCRAS" (in collaboration with NIA, Jaipur).

➢ Year and month of starting the study:	13.12.2021
➢ Year and month of closure of the study:	31.12.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	NA
➢ Duration of treatment:	NA
➢ Diagnosis and response of therapy based on:	NA
➢ Number of groups and number of cases under each	Ist Phase:- Target sample size-200 completed. IInd Phase:- Target sample size-100 completed.
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(53) Effectiveness of Ayurveda based diet and Lifestyle advocacy on health related Quality of life in schedule Caste population in India- a Community based, cluster randomized controlled study" (IMR project under AMHCP-SCSP-2021-22).

➢ Year and month of starting the study:	14.09.2021
➢ Year and month of closure of the study:	09.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Anu taila
➢ Duration of treatment:	12 weeks (84 days)
➢ Diagnosis and response of therapy based on:	Ayurveda Swasthya Assessment Scale (SAS)
➢ Number of groups and number of cases under each	Target -70 participants (Gr.-I-35& Gr.-II-35)
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(54) A Prospective Community Based Study for the evaluation of Punarnavadi Mandura in Anemia (Pandu) (IMR project under AMHCP-SCSP-2021-22) .

➢ Year and month of starting the study:	12.10.2021
➢ Year and month of closure of the study:	20.04.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Punarnavadi Mandura-500mg., Twice daily just after food.
➢ Duration of treatment:	12 weeks (84 days)
➢ Diagnosis and response of therapy based on:	Moderate Anemia, Changes in disease specific symptoms, Tolerability, FACIT – Fatigue Scale

➢ Number of groups and number of cases under each	-01, 50 were completed
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(55) A prophylactic community based study to assess the impact of Ayu Raksha Kit in COVID-19 (IMR project under SCSP-2021-22) .

➢ Year and month of starting the study:	15.02.2022
➢ Year and month of closure of the study:	22.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	-
➢ Duration of treatment:	01 Months
➢ Diagnosis and response of therapy based on:	-
➢ Number of groups and number of cases under each	Total target 693 [Gr-I-630 (Intervention) & Gr-II-63 (Control)]
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(56) A prospective community based study for the evaluation of Rajapravartani Vati in the Management of Primary Dysmenorhoea" (IMR project under RCH-SCSP-2021-22).

➢ Year and month of starting the study:	19.07.2021
➢ Year and month of closure of the study:	31.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Rajahpravartini Vati (Bhaishajyaratnavali, Strirogadhikar)
➢ Duration of treatment:	Before 07 days of the expected date of

	menstrual cycle and continued up to 03 days of the menstruation.
➢ Diagnosis and response of therapy based on:	Visual Analog Scale (VAS), WaLLID score, Hb status
➢ Number of groups and number of cases under each	Total target 50 participants
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(57) Effectiveness of Ayurveda based diet and Lifestyle advocacy on health related Quality of life in Women's of schedule Caste population in India- a Community based, cluster randomized controlled study" (IMR project under RCH-SCSP-2021-22).

➢ Year and month of starting the study:	19.07.2021
➢ Year and month of closure of the study:	31.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Anu Taila
➢ Duration of treatment:	3 months
➢ Number of groups and number of cases under each	Target -140 Participant (Gr-I 70 and Gr-II 70)
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	None

(58) Impact of Ayuraksha Kit in Covid-19- Community Based Prophylactic Study in Tribal population (IMR project THCRP under Tribal Sub-Plan-2021-22).

➢ Year and month of starting the study:	16.02.2022
➢ Year and month of closure of the study:	31.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	**Chyawanprash**- 6 gm OD in the morning **Ayushkwath** - 3 gm boiled in 150 ml of water filtered and consume once a day **SamshamaniVati** - Two tabs (250 mg each) twice a day with normal water **Anutaila** - Two drop in each nostril once a day
➢ Duration of treatment:	01 month
➢ Diagnosis and response of therapy based on:	COVID-19 like symptoms, Wisconsin Upper Respiratory Symptoms Survey (WURSS-24) questionnaire, WHO Clinical progression scale (10 point), Kessler Psychological Distress Scale (K10)
➢ Number of groups and number of cases under each	Total 2355 subjects have complete the study in group 1 where as 45 were dropouts, and 236 have completed the study in group 2 and 4 were dropout.
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(59) A prospective community based study for the evaluation of DhatriLoha in the Management of Anemia (Pandu) (IMR project THCRP under Tribal Sub-Plan-2021-22).

➢ Year and month of starting the study:	09.10.2021
➢ Year and month of closure of the study:	31.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Dhatri Lauha -500mg, twice a day for 03 months
➢ Duration of treatment:	12 weeks
➢ Diagnosis and response of therapy based on:	Change in hemoglobin percentage, disease specific symptoms, FACIT –Fatigue scale
➢ Number of groups and number of cases under each	Total 35 participants have complete.
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(60) Effectiveness of Ayurveda based diet and Lifestyle advocacy on health related Quality of life in schedule Tribe population in India- a Community based, cluster randomized controlled study" (IMR project THCRP under Tribal Sub-Plan-2021-22).

➢ Year and month of starting the study:	09.10.2021
➢ Year and month of closure of the study:	31.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Anu taila, diet and Lifestyle advocacy
➢ Duration of treatment:	12 week (84 days)
➢ Diagnosis and response of therapy based on:	
➢ Number of groups and number of cases under each	Total 70 participant (35

	in each group)
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(61) A prospective community based study for the evaluation of Yograj Guggulu, Ashwagandha Churna and Narayan Taila in Osteoarthritis Knee (Janugat Sandhivata) (IMR project THCRP under Tribal Sub-Plan-2021-22).

➢ Year and month of starting the study:	09.10.2021
➢ Year and month of closure of the study:	31.03.2022
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Yograj Guggulu, Ashwagandha Churna and Narayan Taila
➢ Duration of treatment:	
➢ Diagnosis and response of therapy based on:	Visual Analogue Scale (VAS), Ayurvedic disease specific symptoms of sandhi vata (sandhishula , Sandhishotha , Akunchana prasaranayoh vedana, Stambha, sandhisphutana), WOMAC Pain
➢ Number of groups and number of cases under each	-01, target 35, Completed 35
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(62) Clinical Evaluation of Vidanga Churna and Vyoshadi Guggulu in the Management of Medoroga (Obesity).

➢ Year and month of starting the study:	24.11.2021
➢ Year and month of closure of the study:	23.09.2023
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Vyoshadi Guggulu (AFI-Part-I, 5:9; API, Part-II, Vol.-II) and Vidanga Churna (API , Part –I, Vol. –II)
➢ Duration of treatment:	12 weeks
➢ Diagnosis and response of therapy based on:	Data is under analysis.
➢ Number of groups and number of cases under each	Total 66 subjects were screened. As per target 50 subjects were enrolled in the project; 37 subjects completed the study and 13 subjects drop out of study.
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(63) Clinical evaluation of Lekhaniya Gana Kashaya and Arogyavardhini Gutika in the management of Medoroga (Obesity).

➢ Year and month of starting the study:	25.07.2022
➢ Year and month of closure of the study:	31.01.2024
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Lekhaniya Gana Kashaya [Ch. Su.-4/9(3)] and Arogyavardhini Gutika (AFI – Part – I, 20:4; Pg 258)
➢ Duration of treatment:	12 weeks

➢ Diagnosis and response of therapy based on:	Data is under analysis.
➢ Number of groups and number of cases under each	Total of 50 patients were enrolled. Among them, 40 subjects completed the study successfully and 10 subjects were dropped out of the study.
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(64) Cross sectional survey to determine the prevalence of Non-communicable Diseases and their risk factors among scheduled castes in selected states across India (IMR project under AMHCP-SCSP-2022-23).

➢ Year and month of starting the study:	26.07.2022
➢ Year and month of closure of the study:	31.10.2022
➢ Study type	Prospective, Cross sectional, Multi centre survey study
➢ Duration of treatment:	-
➢ Diagnosis and response of therapy based on:	-
➢ Number of groups and number of cases under each	-01, target 185, Completed 185
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(65) A randomized placebo controlled trial of Ayush SR in Perceived stress (IMR project under AMHCP-SCSP-2022-23).

➢ Year and month of starting the study:	06.10.2022
➢ Year and month of closure of the study:	31.03.2023

➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	i. Group 1- Ayush SR (Ashwagandha Hydro-alcoholic extract) (Ref. API, Part-I, Volume, VIII, pg - 34-36) and Group 2- Placebo
➢ Duration of treatment:	90 days
➢ Diagnosis and response of therapy based on:	PSS assessment scale.
➢ Number of groups and number of cases under each	Total sample size to be covered was 50 patients. Total 58 numbers of patients were screened, out of which 50 patients were enrolled; 47 patients were completed in study; 03 patients were drop out.
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(66) Effect of Ayush SR on psychological status and quality of life of apparently healthy elderly population – A multicenter double blind placebo controlled study (IMR project THCRP under Tribal Sub-Plan-2022-23).

➢ Year and month of starting the study:	28.09.2022
➢ Year and month of closure of the study:	31.03.2023
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	Group 1- Ayush SR Tablet and Group 2- Placebo Tablet
➢ Duration of treatment:	12 months
➢ Diagnosis and response of therapy based on:	PSS assessment scale.
➢ Number of groups and number of cases under each	02, Group I- 20 &

	Group II - 20
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(67) Cross sectional survey to determine the prevalence of Non-communicable Diseases) and their risk factor among Scheduled Tribes in selected states across India (IMR project THCRP under Tribal Sub-Plan-2022-23).

➢ Year and month of starting the study:	16.07.2022
➢ Year and month of closure of the study:	31.03.2023
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	-
➢ Duration of treatment:	12 months
➢ Diagnosis and response of therapy based on:	-
➢ Number of groups and number of cases under each	01, Total sample size 245 completed
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(68) Cross sectional survey to determine the prevalence of Non-Communicable Diseases and their risk factors among women belonging to scheduled castes across India (IMR project under WCH-SCSP 2022-23).

➢ Year and month of starting the study:	15.04.2022
➢ Year and month of closure of the study:	31.03.2023
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	-
➢ Duration of treatment:	12 months
➢ Diagnosis and response of therapy	-

based on:

- Number of groups and number of cases under each — 01, Total sample size 170 completed
- Whether the study is continuing? If not, reasons thereof: — Study completed
- Specific observation if any: — Data will be analysed by CCRAS Hqrs.

(69) Placebo controlled randomized trial of Ayush SR in Post Menopausal Syndrome (IMR project under WCH-SCSP 2022-23).

- Year and month of starting the study: — 19.07.2022
- Year and month of closure of the study: — 31.03.2023
- Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy: — Ayush SR (Ashwagandha Hydro-alcoholic extract) (Ref. API, Part-I, Volume, VIII, pg - 34-36)
- Duration of treatment: — 90 days
- Diagnosis and response of therapy based on: — -
- Number of groups and number of cases under each — 02, (Group I- 20 & Group II - 20) Total 51 participants were screened, of which 40 patients were enrolled in the study. 38 patients successfully completed the tria with 2 drop-outs.
- Whether the study is continuing? If not, reasons thereof: — Study completed
- Specific observation if any: — Data will be analysed by CCRAS Hqrs.

(70) Name of the Project: Documentation of the Life profile of luminaries in the field of Ayurveda.

- Year and month of starting the study: — 02.01.2023

➢ Year and month of closure of the study:	31.05.2023
➢ Study type	Literary Research, Personal Interview based data collection
➢ Duration of treatment:	-
➢ Diagnosis and response of therapy based on:	-
➢ Number of groups and number of cases under each	-
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Research Paper published in November 2024.

(71) Name of project: "Effectiveness of composite Ayurveda regimen in a black box design for the management of Rheumatoid arthritis- A community based study" (IMR project THCRP under Tribal Sub-Plan-2023-24).

➢ Year and month of starting the study:	21.11.2023
➢ Year and month of closure of the study:	31.03.2024
➢ Principal Drugs therapies taken for Clinical evaluation/ trial and supporting therapy:	**With Articular manifestations only, Joint Pain, Stiffness, and minimal swelling:-** • Singhnad Guggulu • Rasnasaptak Kashaya • Brihat Saindhavadi tail - as per requirement **Articular manifestation with severe pain and swelling (boggy swelling/affusion elicited by fluctuation test, with elevated body and/or joint temperature and redness of joint):** • Singhnad Guggulu • Rasnasaptak kashaya • Guduchi Ghana vati (Sanshamani Vati) • Dashanga Lepa(L/A) - as per requirement **Chronic RA with mild aching stiffness, fatigue, anemia:**

	• Singhnad Guggulu • Rasnasaptak kashaya • Punarnavadi Mandura**Incidental Medication:** • Constipation: Triphala churna • Mandagni: Vaishwanar churna • Insomnia/Anxiety: Ashwagandha churna
➢ Duration of treatment:	12 months
➢ Diagnosis and response of therapy based on:	-
➢ Number of groups and number of cases under each	01, Total sample size 40 completed
➢ Whether the study is continuing? If not, reasons thereof:	Study completed
➢ Specific observation if any:	Data will be analysed by CCRAS Hqrs.

(72) Name of the Project: Clinical Evaluation of Lashunadi vati and Pippalyadyasava in the management of Agnimandya.

1. **Objectives:**
   - **Primary objective:**
     i. To evaluate the efficacy of *LashunadiVati* and *Pippaladyasava* in the management of Agnimandya.
   - **Secondary Objective:**
     i. To evaluate the safety of LashunadiVati and Pippaladyasava in the management of Agnimandya
     ii. To evaluate the well-being by Quality of life questionnaire SF-36.
2. **Outcomes measures:**

i. **Primary outcome measure:** Change in sign and symptoms of Agnimandya (Time frame: 2 weeks)

- **Secondary outcome measures:**
  - Change in Agnibala (Agni Pariksha tool developed by CCRAS).
  - Change in quality of life by using SF-36 Score.

3. **Sample Design:** Interventional-Randomized parallel group study.
4. **Sample Size:**110
5. **Approval of IMR:** IMR Annual action plan 2018-19.
6. **Target given by CCRAS head quarter:** 02 years.
7. **Timelines:**
   - Total Study Period: 24 months
   - Pre-trial preparation: 03 months
   - Recruitment: 18 months
   - Statistical Analysis: 03 months
   - Treatment duration for the patient: 02 weeks
   - Follow-up visit schedule: 01 week
   - Follow-up after stopping the trial drug: 01 week
8. **Interventions:**

i. **Lashunadi Vati: API Part II, Vol. III, pg 128**

- Dose: 2 Tabs. (500 mg) BD
- Dosage form: Vati (Tablets) of 250 mg
- Packing form: 15gm. per packing
- Route of Administration: Oral (to be kept in mouth till it dissolves)
- Time of Administration: Twice a day after food
- Duration of therapy: 2 weeks

ii. **Pippaladyasava: API Part II, Vol. II, pg 49**

- Dose: 15 ml BD with equal amount of water
- Dosage form: Asava
- Packing form: 450ml. per packing
- Route of Administration: Oral
- Duration: 02 weeks

9. **Study Groups**

- Group I- Drugs

- Group II- Diet & Lifestyle advocacy.

10. **Participating center along with PI:**

18. **Summary of the project: -** This Multi centric IMR clinical project entitled **"Clinical Evaluation of Lashunadi vati and Pippalyadyasava in the management of Agnimandya."** was approved by the council during 2022-23 vide office order no. 3-76/2020-CCRAS/Admn/IMR/46 dated 21.4.2022. Principal investigator of the project in this institute is Dr Dara Singh Rotwar, Research Officer (Ay.) and co-investigator is Dr V.B. Kumawat R.O.(Ay) and Dr. Suhas A. Chaudhary, R.O.(Ay). This project has been approved by Institutional ethical committee of MSRARI, Jaipur through approval no. is. F.5/Lab./Project/Ethic.com/2007-08/CRIA-JPR-3838/ (Dated 06.12.2022). The trial has been registered on CTRI and no. is CTRI/2023/01/049085. After CTRI, total 110 subjects have enrolled in two different groups. 51 subjects were completed out of 55 in Group-A and 53 subjects were completed out of 55 in Group-B. Total 110 subjects were enrolled and 105 were completed and 05 were dropout. No adverse effect was reported. Enrolment and follow up was completed of the subjects within stipulated time. Target has achieved.

19. **Relevant information if any,**

1.	Name of the institute:	MSRARI, Jaipur
2.	Date of initiation of the study:	02.02.2023
3.	Date of Completion of the Project:	03.09.2024
4.	Duration of the study:	02 years
5.	Name of the Principal Investigator:	Dr. Dara Singh Rotwar, R.O (Ay.)
6.	Name of the Co-Investigator:	Dr. V. B. Kumawat, R.O (Ay.) Dr. Suhas A. Chaudhary, R.O (Ay.)

(73) Name of Project: Randomized, Placebo control, Double blind clinical trial to evaluate the effect of Trikatu in Subclinical Hypothyroidism.

1. **OBJECTIVES:**
   - **Primary Objective:**
     i. To evaluate the efficacy of Trikatu in the management of Subclinical Hypothyroidism.
   - **Secondary Objective:**

i. To study the safety of Trikatu in the management of Subclinical Hypothyroidism.

2. **OUTCOMES:**

- **Primary Outcome Measures:**
  i. Change in TSH
- **Secondary Outcome Measures**
  i. Change in Antithyroid antibody
  ii. Change in fT3 and fT4
  iii. Change in Lipid profile.
  iv. Clinical assessment of safety profile through LFT and RFT.
  v. The advent of any biological intolerability/ADR/AE.
  vi. Change in status of Agni (Jatharagni Assessment).
  vii. Change in Quality of Life (SF-36) score.

3. **STUDY DESIGN:**

- Study type : Randomized, Placebo control, Double blind
- Purpose : Treatment
- Masking : Blinded
- Control : Placebo
- Timing : Prospective
- End point : Efficacy and Safety
- No. of Groups : Two
- Sample size : 270 (90 at each centre and 45 in each group)

4. **TIMELINES:**

- Total Study Period : 2 years
- Preparatory Period : 6 months
- Recruitment : 13 months
- Treatment Period : 84 days
- Follow-Up Period : 28 days after stopping the trial drug
- Statistical Analysis : 1 month

5. **INTERVENTIONS**:

i. **Group I- Trikatu**

- Dose : 1000 mg Powder
- Dosage form : Tablet
- Route of Administration : Oral
- Anupana : Water
- Time of Administration : Twice a day, 30 minutes before food
- Duration of therapy : 84 days
- Packing : 30 Tb

ii. **Group II- Placebo (Starch Powder/MCC)**

- Dose : 1000 mg Powder
- Dosage form : Tablet
- Route of Administration : Oral
- Anupana : Water

- Time of Administration : Twice a day, 30 minutes before food
- Duration of therapy : 84 days
- Packing : 30 Tablet.

12. **Chronological timeline & deliverables:** Study completed. All 90 study participants enrolled and completed data sent to HQrs for analysis.

13. **Summary and current status of the project**: This Research Project was allocated to institute under annual action plan 2019-20 on 16th March, 2020. As per instructions of the council, proposal according to IMR format under CCRAS research policy was submitted to Headquarters on 18-3-2020.Budget allocated was Rs.24,46,400 (Council's order no. F.N 3-69/2020/-CCRAS/Admn./IMR/1670. Dated 23.07.2020) CTRI registration completed by nodal centre RARIMD, Bengaluru. IEC approval has been taken on 4.07.2020. Order of the medicine has been placed in CCRAS Headquarters via F.N.3-69/2020-CCRAS/Admn./2720 dated 11-9-2020. Medicines received and project has been initiated from 8th March 2022. The study has been completed on 31.05.2024 and the status of the study is as follows:-

No of cases screened	No of cases enrolled	Screening failure	No of cases completed	Drop outs	No of cases continuing
1086	90	996	76	14	00

14. **Relevant information, if any**:

1.	Name of the institute :	MSRARI, Jaipur
2.	Date of initiation of the study:	08.03.2022
3.	Date of Complition of study:	31.05.2024
	Duration of the study:	02 years

5.	Name of the Co-Investigator:	Dr. S.K.Vedi, R.O. (Ay.)

(74) Name of the Project: Morbidity and Healthcare-seeking behavior of the patients visiting the Ayurveda healthcare facilities of the DGAFMS Hospitals: A cross-sectional survey study.

1. **Objective:**

- **Primary:**
  i. To understand the care seeking behavior of the patients visiting the Ayurveda healthcare facilities established in the DGAFMS hospitals

- **Secondary:**
  i. To determine the proportion of the prevalent disease conditions for which patients seek treatment from the Ayurveda healthcare facilities in the DGAFMS hospitals
  ii. To act as a basis for determining the scope of service of these Ayurveda healthcare facilities.
  iii. To serve as a starting point for in-depth research studies on management of specific diseases through Ayurveda interventions, for which patients seek treatment from the Ayurveda healthcare facilities in the DGAFMS hospitals

2. **Study outcome measures:**
    i. Proportion of the prevalent disease conditions for which treatment sought from the Ayurveda healthcare facilities in the DGAFMS hospitals assessed by a survey of the visiting patients through structured questionnaire

    ii. Identification of select disease conditions on which clinical studies may be planned in order to evaluate the therapeutic efficacy of Ayurveda interventions in their management.
3. **Study type:** Cross-sectional survey
4. **Grouping:** One
5. **Sample Size:** The complete enumeration of all the patients visiting the Ayurveda OPD at the selected DGAFMS hospitals throughout the data collection period will be considered to take part in the study. Each participant visiting these OPDs during the study period will be surveyed only once.
6. **Approval of IMR: 31.05.2023 (IMR Annual action plan 2023 – 24)**
7. **Target given by CCRAS Headquarters:** The complete enumeration of all the patients visiting the Ayurveda OPD at the selected DGAFMS hospitals.
8. **Timelines:**

Total Study Period	:	16 Months
Pre-study preparation	:	2 Months
Recruitment	:	14 Months
Period of data claction	:	12 Months
Period of data analysis	:	2 Months

Summary of the Project: This IMR collaborative research project titled: Morbidity and Healthcare-seeking behaviourof the patients visiting the Ayurveda healthcare facilities of the DGAFMS Hospitals: A cross-sectional survey study'' was allotted under IMR Annual action plan. The total duration of the study is 16 Months. The budget sanctioned for the project is Rs. 7, 98,200/-. The first installment of Rs. 4, 86,920/-has been received on 31/05/2023 for the Initiation of the study. Total 536 patients were surveyed. The study is completed in July 2024.

15. **Relevant information if any**,

1.	Name of the institute :	MSRARI, Jaipur
2.	Date of initiation of the study:	20.07.2023
3.	Date of completion of the study:	July, 2024
4.	Duration of the study:	16 Months
5.	Name of the Principal Investigator:	Dr. B.R. Meena Assistant Director In-charge ,MSRARI Jaipur Col. S.K. Saharan M.O., Military Hospital Jaipur
6.	Name of the Co Investigator:	Col. (Dr.)Rajneesh Joshi MBBS MD (PSM) Dr. Monika Kumari R.O (Ay.)

(75) Name of the Project: "Effectivness of Rajapravartani and Saraswatarishta in Dysmenorhoea A prospective community-based study" (IMR project under WCH-SCSP 2023-24 completed in August 2024).

1) Objectives-

- **Primary Objectives:**
  i. To assess the effectiveness of Rajapravartani Vati and Saraswatarishta in the management of pain in Dysmenorrhoea.
- **Secondary Objectives:**
  i. To assess the effectiveness of Rajapravartani Vati and Saraswatarishta on the psychosomatic status in Dysmenorrhoea.
  ii. To assess the tolerability of Ayurvedic formulation Rajapravartini Vati and Saraswatarishta in Dysmenorrhoea

2) Outcomes measures:

- **Primary Outcome Measure**

Change in Visual Analog Scale (VAS) for pain ranged from 0 millimeters)mm) (no pain (to 100 mm)worst possible pain ((Annexure II)

[**Time Frame**: At base line, at the end of 1st, 2nd 3rd, 4th, 5th and 6th cycle]

- **Secondary Outcome Measures-**

i. Change in disease specific symptom by means of total WaLLID score. [**Time Frame**: At base line, at the end of 1st, 2nd 3rd, 4th, 5th and 6th cycle]

ii. Changes in the psychosomatic status of the study participants by using MOOS Menstrual Distress Questionnaire [**Time Frame**: At base line and at the end of 3rd cycle]

iii. Occurrence of treatment emergent adverse events during the study period [**Time Frame**: baseline upto at the end of 3rd cycle]

iv. Use of Analgesic medication (dosage & frequency of medication used) [**Time Frame**: At base line, at the end of 1st, 2nd 3rd, 4th, 5th and 6th cycle]

3) Study Design:

Study Type: Prospective multicenter community-based study
No. of Groups: one
Randomization: NA
Masking: NA
Endpoints: Effectiveness
Sample Size: 460 (46 in each institute)
Considering the prevalence of Dysmenorrhea to be 50%, the estimated sample size is 384. Adding an attrition rate of 20% the sample size is estimated as 460.

4) Drug/Intervention references:

i. **Rajahpravartini Vati (Bhaishajyaratnavali, Strirogadhikar)** [(AFI – Part I, 12 :25) (API Part 2 vol. 3)]

Dose: 500mg (2 tablets) twice daily
Dosage form: Tablet of 250 mg each
Route of Administration: Orally
Time of Administration: Before 07 days of the expected date of menstrual cycle and continued up to 03 days of the menstruation.
Anupana: Lukewarm Water
Duration of therapy: 3 cycles

ii. **Saraswatarishtam (Bhaishajya Ratnavali, Rasayanadhikara:178-184) AFI Part 1 (1:36)**

Dose: 10 ml at bed time
Dosage form: Asava
Route of Administration: Orally
Time of Administration: after meals

Anupana: 20ml of Lukewarm Water for 12 weeks (84 days)
Duration of therapy: 12 **wee**ks (84 days)

5) **Timelines:**
- Total Study period**:** 12 months
- Preparatory period: 2 months
- Recruitment: 3 months
- Intervention: a) Rajapravartani Vati – 10 days each cycle for 3 cycles
  b) Saraswatarishta - 12 weeks (84 days)
- Follow-visits: at the end of 1st, 2nd 3rd, 4th, 5th and 6th menstrual cycle including 3 cycles without treatment
- Statistical analysis: 1 month

6) **Chronological timeline & deliverables: -** Completed on 24.08. 2024
7) **Current status of the study:** Completed
8) **CTRI Registration:** CTRI/2023/07/054617, Registered on 03/07/2023 - Trial Registered Prospectively
9) **Participating center along with PI and CO-I:**

S.No.	Name of the participating centre	Name of PI	Name of CoI
1.	M.S.Regional Ayurveda Research Institute, Jaipur	Dr. Kishor Gavali, R.O. (Ay.)	Dr. S.K.Vedi, R.O. (Ay.)

10) **Date of IEC approval**: 03/05/2023
11) **Date of initiation:** 14.11.2023

12) **Budget allocated:** Budget Rs. 34,26,000/- was sanctioned under WCH-SCSP vide Council's Officer Order No. 52/2023-24 dated 26.04.2023.

13) **Installment-wise release:**

14) **Chronological timeline & deliverables:** Completed on 24.08. 2024

15) **Summary and current status of the project**: "Effectiveness of Rajapravartani and Saraswatarishta in Dysmenorrhea" is the title of this IMR project. A future community-based study" was designated as a 2023–24 IMR Annual Action Plan project. It has the potential to enhance the psychological well-being of research participants. The goal of the current study was to evaluate Rajapravartani Vati and Saraswatarishta's efficacy in treating primary dysmenorrhea based on the classical claim. 46 patients were enrolled in the trial out of the total 54 participants that underwent screening. 09 patients were dropped out and 37 participants completed the trial.

16) **Relevant information, if any**:

01.	Name of the institute:	MSRARI, Jaipur
02.	Name of the Principal Investigator:	Dr. Kishor Gavali, R.O. (Ay.)
03.	Name of the Co-Investigator:	Dr.Suhas Chaudhary, R.O (Ay.)

(76) Title of the Project: A cross-sectional community-based study on Knowledge, Attitudes, and Practices (KAP) related to menstruation among women of reproductive age-

1. **CTRI registration no & Date .:** NA
2. **IEC approval Date .:** F.5/Lab/Project/Ethics/2007-08/CRIA-JPR/Part-1/4066 Date: 26/11/2024
3. **Date of sanction:** 19/11/2024 (under WCH-SCSP 2024-25 program)
4. **Date of Initiation (Commencement):** 14/12/2024
5. **Total Budget received (Release of money):** Project initiated under the budget of WCH-SCSP 2024-25, **Amount :-** Rs 36,92,000/-
6. **Duration of Project:** 1 month
7. **Date of completion:** 31/12/2024
8. **Objectives as approved:**

Primary Objective:

i. To estimate the Knowledge, Attitude and Practices related to menstruation among women of reproductive age.

Secondary Objective:

i. To determine the variation in Knowledge, Attitude and Practices related to menstruation among women of reproductive age in different geographical regions.

ii. To determine the association of Knowledge, Attitude and Practices related to menstruation among women of reproductive age with the education of the participants

And their mothers.

iii. To determine the association of Knowledge, Attitude and Practices related to menstruation among women of reproductive age with the occupation of the participants and their mothers.

iv. To determine the association of Knowledge, Attitude and Practices related to menstruation among women in different reproductive age groups.

9. Objectives achieved:

Primary Objective:

i. To estimate the Knowledge, Attitude and Practices related to menstruation among women of reproductive age.

Secondary Objective:

i. To determine the variation in Knowledge, Attitude and Practices related to menstruation among women of reproductive age in different geographical regions.

ii. To determine the association of Knowledge, Attitude and Practices related to menstruation among women of reproductive age with the education of the participants and their mothers.

iii. To determine the association of Knowledge, Attitude and Practices related to menstruation among women of reproductive age with the occupation of the participants and their mothers.

iv. To determine the association of Knowledge, Attitude and Practices related to menstruation among women in different reproductive age groups.

10. Details of the work done, methodology adopted and results obtained with tables, charts, diagrams and photographs.(As available):

Methodology

Study design: Cross-sectional, community-based study

Study setting: The study will be executed in the SC-dominated pockets/ areas through 10 CCRAS peripheral research institutes

Number of groups: 01

Duration of Survey: 1 month

Sample Size: 1400 (140 for each participating centre)

Detail of Work done:-

Name of the project	Target	No. of Patients Screened	No. of Patients enrolled	No. of patients successfully completed	No. of drop out patients	Reason for Dropout

A cross-sectional community-based study on knowledge, attitudes, and practices (KAP) related to menstruation among women of reproductive age.	140	140	140	140	0	-

The Project has been completed as per approved protocol and data has been compiled in E-CRF and will be submitted to Headquarter for evaluation.

11. **Causes of delay (if any)and partial achievement of target:** Nil
12. **Conclusions summarizing the achievements and indication of scope for future work:** The Project has been completed as per approved protocol and data has been compiled in E-CRF and will be submitted to Headquarter for evaluation. Conclusions will be made after analysis of data.
13. **Publication details:** The data has been compiled in E-CRF and will be submitted to Headquarter for evaluation and the publication will be done after analysis.
14. **Outcomes of the project & significance for Ayurveda system:** The data has been compiled in E-CRF and will be submitted to Headquarter for evaluation and outcome of the project and significance for Ayurveda will be analyzed after analysis of data
15. **Relevant information, if any**:

01.	Name of the institute:	MSRARI, Jaipur
02.	Name of the Principal Investigator:	Dr. Kishor Gavali, R.O. (Ay.)
03.	Name of the Co-Investigator:	Dr.Suhas Chaudhary, R.O (Ay.)

(77) Title of the Project: Effect of Ayurveda-based Advocacy on Knowledge, Attitudes, and Practices related to menstruation among women of reproductive age- A Community-based Study.

1. **CTRI registration no & Date .:** NA
2. **IEC approval Date .:** F.5/Lab/Project/Ethics/2007-08/CRIA-JPR/Part-1/4066 Date: 26/11/2024
7. **Date of sanction:** 19/11/2024 (under WCH-SCSP 2024-25 program)
8. **Date of Initiation (Commencement):** 09/12/2024
9. **Total Budget received (Release of money):** Project initiated under the budget of WCH-SCSP 2024-25, **Amount :** Rs 36,92,000/-
10. **Duration of Project:** 18 weeks

11. **Date of completion:**18/03/2025
12. **Objectives as approved:**

Primary Objective:

i. To assess the effect of Ayurveda-based Behaviour Change Communication (BCC) module on Knowledge, Attitude and Practices related to menstruation among women of reproductive age.

Secondary Objective:

i. To explore the variation in change in Knowledge, Attitude and Practices related to menstruation in response to Ayurveda-based Behaviour Change Communication (BCC) module considering demographic variables.

13. **Objectives achieved:**

Primary Objective:

i. To assess the effect of Ayurveda-based Behaviour Change Communication (BCC) module on Knowledge, Attitude and Practices related to menstruation among women of reproductive age.

Secondary Objective:

i. To explore the variation in change in Knowledge, Attitude and Practices related to menstruation in response to Ayurveda-based Behaviour Change Communication (BCC) module considering demographic variables.

14. **Details of the work done, methodology adopted and results obtained with tables, charts, diagrams and photographs.(As available):**

Study design: Community-based, pre-post, non-pharmacological behavioral advocacy.

Study setting: The study will be executed in the SC-dominated pockets/ areas through 10 CCRAS peripheral research institutes

Number of groups: 01

Endpoint: Change in KAP related to menstruation

Sample Size: 450 (45 for each participating centre)

Detail of Work done:-

Name of the project	Target	No. of Patients Screened	No. of Patients enrolled	No. of patients successfully	No. of drop out patient	Reason for Dropout
Effect of Ayurveda-based Advocacy on Knowledge, Attitudes, and Practices	45	45	45	45	0	-

related to menstruation among women of reproductive age- A Community-based Study.						

The Project has been completed as per approved protocol and data has been compiled in E-CRF and will be submitted to Headquarter for evaluation.

15. **Causes of delay (if any) and partial achievement of target:** Nil
16. **Conclusions summarizing the achievements and indication of scope for future work:** The Project has been completed as per approved protocol and data has been compiled in E-CRF and will be submitted to Headquarter for evaluation. Conclusions will be made after analysis of data.

(78) Name of the Project / Study: Assessment of acceptability of the Comprehensive Ayurveda-Based Healthcare Approach (CABHA) in the tribal community and effectiveness of Individualized Ayurveda-Healthcare Approach (IAHA)- A Cluster randomized study under THCRP 2024-25.

1. **Investigator:** Dr. Dr. V. B. Kumawat RO. (Ay.) [Till 15.07.2024] & Dr. A. K. Jain RO. (Ay.)
2. **Co-Investigator:** Dr. Monika Kumari RO. (Ay.)
3. **Details of Collaborators:** NA
4. **CTRI registration no& Date .:** CTRI/2024/07/070055 Dated- 05.07.2024
5. **IEC approval Date:** 05.07.2024
6. **Date of sanction:** 22.04.2024 (under THCRP-TSP 2024-25 program)
7. **Date of Initiation (Commencement):** 19.09.2024

8. **Total Budget received (Release of money):** Project initiated under the sanction budget of THCRP 2024-25, **Amount:**- Rs. 4000000/-
9. **Duration of Project:** 12 months
10. **Date of completion:** 28.02.2025
11. **Objectives as approved:**

Primary Objective

i. To provide health care services through Ayurveda interventions for various diseases conditions through outreach OPDs and health camps.
ii. To assess the change in perception and health-seeking behavior of the community after the introduction of comprehensive Ayurveda-based health care approach (CABHA).

Secondary objectives

i. To assess the impact of CABHA on the quality of life of the participants in the community.
ii. To assess the impact of individualized Ayurveda health-care approach (IAHA) on the frequency of incidence of infectious and/or allergic diseases in the participants from the included families.
iii. To assess the impact of IAHA on the general well-being of the participants from the included families.
iv. To assess the impact of IAHA on the sleep quality of the participants from the included families.
v. To assess the impact of IAHA on the oral health of the participants from the included families.
vi. To assess the impact of CABHA on the clinical outcomes of participants in the community.
vii. To assess the adherence of the participants to the CABHA.

12. **Objectives achieved:** Yes Data collected and will be analysis by Hqrs.
13. **Details of the work done, methodology adopted and results obtained with tables, charts, diagrams and photographs. (As available):**

Methodology

Trial Design:

Sampling method: Systematic Sampling

Randomization for Intervention: Cluster Randomization

No. of Groups: Two (Clusters)

Group 1 – CABHA+IAHA

Group 2 – Only CABHA

Duration of intervention: 4 months

Sample Size: for Assessment of acceptability of the Comprehensive Ayurveda-Based Health Care Approach (CABHA) in the Community and effectiveness of individualized health care.

	Phase of study	**Total Sample Size**	**Sample size at each center**
i.	**Survey**	**7280**	**520 (260 in each cluster)**
ii.	**IAHA**	**420**	**30 families (in Cluster-1 only)**

Study Centers: 14 Institutes

IV. CLINICAL RESEARCH (During the reporting period 2025-26)

Clinical Research (in brief): Brief resume of the clinical work carried out during the reporting period 2025-26:-

(1) Project Title: Effectiveness of Drakshavaleha in Improving the Symptoms of Functional Gastrointestinal Disorders – A Multi-Centre Study.

1. **Objectives**
   - **Primary Objectives:**
     To evaluate the effectiveness of *Drakshavaleha* in the remission of symptoms of Functional Gastrointestinal Disorders (such as dyspepsia, constipation, abdominal bloating, or distension) in adults
   - **Secondary Objectives:**
     i. To explore the effect of *Drakshavaleha* on the general well-being of the FGID cases
     ii. To evaluate the effect of *Drakshavaleha* on the appetite of the FGID cases
     iii. To assess the tolerability of *Drakshavaleha* in patients with FGID
2. **Outcomes measures**
   - **Primary Outcome:**
     Proportion of participants with remission of at least one symptom of FGIDs (assessed through GSRS) after treatment
   - **Secondary Outcomes:**
     i. Change in Gastrointestinal Symptom Rating Scale (GSRS) scores after intervention [Time frame: Baseline; at the end of 1st, 2nd and 3rd month]
     ii. Change in patient-reported well-being by WHO-5 Wellbeing Index [Time frame: Baseline and at the end of 3rd month]
     iii. Change in VAS score for appetite (felt in the past week)
     iv. Treatment adherence by the participants
3. **Brief Research Plan:**
   - **Type:** Multi-Centre, single-arm interventional
   - **Project Duration:** 12 Months
   - **Study site:** OPDs of MSRARI, Jaipur
   - **Sample Size:** 300
   - **No of group:** 01
4. **Intervention:**
   - **Formulation:** Drakshavaleha, AFI-Part-1 3:15
   - **Dosage:** 10 gm twice daily after meal
   - **Anupan:** Water
   - **Duration:** 12 weeks (84 Days)
   - **Mode of administration:** Oral
5. **Participating centre along with PI and Co-I:**

S. No.	Name of the participating Centre	Name of PI	Name of Co-I
1.	M.S. Regional Ayurveda Research Institute, Jaipur	Dr. A. K. Jain, R.O. (Ay.)	• Dr. Bhuvnesh Kumar Sharma, R.O. (Ay.) • Dr. S.K. Vedi, R.O. (Ay.) • Dr. Suhas A Chaudhary, R.O. (Ay.)

6. **Date of IEC approval:** 26.07.2025
7. **CTRI Registration/Reference (for clinical trials):** CTRI/2025/08/093158
8. **Date of Sanction:** 29.08.2025
9. **Date of initiation:** 17.11.2025
10. **Budget Sanctioned:** Rs. 1,70,000/- (from the GIA-General, RA sub-head of the Institute)
11. **Duration of project:** 12 Months
12. **Expected Date of Completion:** 30 November 2026
13. **Current status of the study:** (As on 31.03.2026)

No of cases screened	No of cases enrolled	Screening failure	No of cases completed	Drop outs	No of cases continuing
112	111	01	27	34	50

(2) Name of the Project: Efficacy of Varadi Kwatha Ghana Vati as an Adjunct vs Treatment as usual in Type 2 DM: A Randomized Double-Blind Placebo-Controlled Study.

1. **Objectives:**
   - **Primary objective:** To assess the efficacy of *Varadi Kwath Ghan Vati* Adjunct to Treatment as usual Oral Hypoglycaemic Agents (OHA) in DM type – 2.
   - **Secondary Objective:**
     1. To evaluate the proportion of participants achieving optimal control of Type 2 DM (defined as HbA1c levels below a predefined threshold, such as <7%)
     2. To assess the role of *Varadi Kwath Ghan Vati* as adjunct to Treatment as usual with Oral Hypoglycaemic Agents (OHA) on beta-cell function and endogenous insulin production in patients with DM type-2.
     3. To assess the effect on clinical, biochemical parameters, and ADR.
     4. To check the safety of *Varadi Kwath Ghan Vati* Adjunct to Treatment as usual OHA.
     5. To assess the effect on Quality of Life of trial subjects.
2. **Outcomes measures:**

   Primary outcome measure: Change in mean HbA1c

   Secondary outcome measures:

- Proportion of participants achieving optimal glycemic control (optimal control defined as HbA1c ≤7%)
- Changes in fasting C-peptide levels
- Changes in fasting Insulin levels
- Changes in Fasting Blood Glucose (FBG) & Post-Prandial Blood Glucose (PPBG)
- Changes in Anthropometric parameters like weight, BMI and waist circumference.
- Changes in Lipid Profile parameters
- Incidence of any AE/ADR
- Changes in LFT and KFT parameters
- Changes in Quality-of-Life parameters through WHO-QOL Bref and Diabetes Distress - Screening Scale (DDS17).

3. **Sample Design:** Interventional-Randomized double blind placebo controlled group study.
4. **Sample Size:**110
5. **Study period:** 30 Months.
6. **Timelines:**

Total Study Period	: 30 months
Pre-trial preparation	: 06 months
Recruitment	: 16 months
Treatment Period	: 06 months
Statistical Analysis	: 02 months

7. **Interventions:**

1. ***Varadi Kwath Ghan Vati***
*(*Sharangadhar Samhita Madhyamakhanda, Adhyaya 2: 110*)*
*[*Ingredients*:- Triphala, Daruharidra, Musta, Devadaru]*
Dosage form **:** Vati (Tablet)
Dose **:** 01 gm (two tablets of 500 mg) BID
Frequency **:** Twice a day after food
Anupana **:** Luke warm water
Duration of therapy : 06 months
Package form **:** Container pack of 120 tablets
Availability of API standards: Not available in API, but standardization is done by CCRAS Hq, New Delhi.
Source of procurement of trial interventions: CARI, Jhansi.

2. Microcrystalline cellulose (MCC) Tablets (As Placebo)
Dosage form **:** Tablet
Dose **:** 01 gm (two tablets of 500 mg) BID
Frequency **:** Twice a day after food
Anupana **:** Luke warm water
Duration of therapy : 06 months
Package form **:** Container pack of 120 tablets

Availability of API standards: Not applicable
Source of procurement of trial interventions: CARI, Jhansi.

3. **Treatment as usual [Oral Hypoglycaemic Agents (OHA)]:**
   - Standard Treatment as usual

   (Current Modern oral anti-diabetic drugs are taken by the subjects)
   - As per the condition of the subject, Current Modern oral anti-diabetic drugs are taken by the subjects may be prescribed by a modern physician (consultant).
   - The subject will be assessed by a modern physician at every visit for dose modification (if required) based on blood sugar levels and relevant symptoms of the subject.

Dosage form **:** Tablet
Dose & frequency **:** as prescribed by a modern physician/consultant
Anupana **:** water
Duration of therapy: 06 months
Package form **:** blister pack
Availability of API standards: Not applicable
Source of procurement of trial interventions: Pradhanmantri Jan Aushadhi Kendra.

8. **Study Groups**

   Group I- *Varadi Kwath Ghan Vati* adjunct to treatment as usual (OHA)
   Group II- Placebo (MCC tablets) adjunct to treatment as usual (OHA)

9. **Participating center along with PI:**

S.No.	**Name of the participating center**	**Name of PI/Co-PI**
1.	M.S. Regional Ayurveda Research Institute, Jaipur, Rajasthan. (Nodal Center)	**PI**: Dr. Suhas Chaudhary, R.O.(Ay.) **Co-I**: Dr. A K Jain, R.O.(Ay.) **Co-II**: Dr. Kishor Gavali, R.O.(Ay.)

10. **IEC approval:** F.5/Lab./Project/Ethics/2007-08/CRIA-JPR/Part-1/4770 Dated 23.12.2025.
11. **CTRI Registration No.:** CTRI/2026/01/100208 [Registered on: 02/01/2026] Trial Registered Prospectively
12. **Date of Initiation of the Project:** 28.10.2025
13. **Date of sanction/ of the project:** 28.10.2025 (F. No. HQ-PROJ011/76/2025-PROJ dated 28.10.2025 Office order no. 915/2025-26)

14. **Budget allocated:** Rs. 26.83,800/-

S. No.	Installment	Sanctioned Order	Date	Date of receipt of fund
1.	**1st** (Rs. 50,000)	F. No. HQ-PROJ011/76/2025-PROJ dated 28.10.2025 Office order no. 915/2025-26	28.10.2025	28.10.2025

15. ***Current status of the study:*** *Study is not started as trial drug preparation is in process till the reporting period March, 2026.*
16. **Summary of the project: -** This Multi centric IMR clinical project entitled **"Efficacy** of *Varadi Kwatha Ghana Vati* as an Adjunct vs Treatment as usual in Type 2 DM: A Randomized Double-Blind Placebo-Controlled Study**"** was approved by the council during 2025-26 vide office order no. F. No. HQ-PROJ011/76/2025-PROJ dated 28.10.2025 Office order no. 915/2025-26. Principal investigator of the project in this institute is Dr Suhas Chaudhary, Research Officer (Ay.) and co-investigator is Dr A K Jain, R.O.(Ay) and Dr. Kishor Gavali, R.O.(Ay). This project has been approved by Institutional ethical committee of MSRARI, Jaipur through approval no. is. F.5/Lab./Project/Ethics/2007-08/CRIA-JPR/Part-1/4770 (Dated 23.12.2025). The trial has been registered on CTRI and no. is CTRI/2026/01/100208. Study is not started as trial drug preparation is in process till the reporting period March, 2026.
17. **Relevant information if any,**

7.	Name of the institute:	MSRARI, Jaipur
8.	Date of initiation of the study:	28.10.2025
9.	Duration of the study:	30 Months
10.	Name of the Principal Investigator:	Dr. Suhas Chaudhary, R.O (Ay.)
11.	Name of the Co-Investigator:	Dr. A K Jain, R.O (Ay.) Dr. Kishor Gavali, R.O (Ay.)

(3) Title of the project: Evaluation of the efficacy of Ayush-BR Leham in the management of Moderate malnutrition among children aged 3-5 years – A Multicenter Randomized Controlled Preliminary trial.

1. **Objectives:-**
   - **Primary Objectives:-**

i. To study the effect of Ayush-BR leham in weight for age z score of Moderately malnourished children aged 3 - 5 years

- **Secondary Objectives:**
  i. To study the effect of Ayush-BR leham in anthropometric measurements of moderately malnourished children aged 3-5 years.
  ii. To study the effect of Ayush-BR leham in the frequency of illnesses in Moderately malnourished children aged 3-5 years
  iii. To study the safety of Ayush-BR leham in moderately malnourished children aged 3-5 years.

2. **Outcomes measures**
   - **Primary:-**
     i. Proportion of participants attaining a change in weight for age z score (WAZ) by 0.5 or more, as per WHO reference standards. (Time frame 16 weeks – at baseline, at every 2 weeks in the first 12 weeks followed by assessment at 16th week)
   - **Secondary**
     i. Changes in the anthropometric measurements (weight, height, mid upper arm circumference) (Time frame – at baseline, at every 2 weeks in the first 12 weeks followed by assessment at 16th week)
     ii. Change in the frequency of illnesses. (Time frame – at the baseline, 12th week and 16th week)
     iii. Safety assessment on the basis of biochemical parameters. ** (Time frame – at the baseline and 16th week)
3. **Brief Research Plan:**
   - Study Type : Prospective, Randomized controlled Trial
   - Study site : Institute OPD and outreach health care program
   - OPD's of MSRARI, Jaipur.
   - Purpose : Survey and OPD
   - Masking : NA
   - Control : Controlled
   - Timing : Prospective
   - End Point : Efficacy
   - No. of Groups : 2
   - Sample Size : 100 (50 in each group)

4. **Milestone with deliverables**
   - Preparatory Period (Recruitment of staff, Preparation of CRFs, Procurement of drugs etc.): 6 months
   - Subject Recruitment: 28 months
   - Treatment Period: 12 weeks
   - Follow up period: 4 weeks
   - Data verification, Statistical Analysis & report preparation: 2 months
5. **Intervention:**
   i. **Aravindasava** (AFI part I-Bhaishajyaratnavali, Balrogadhikar: 185-189)
   - Dose: 5ml two times a day
   - Dosage form: Asava

- Anupana: Water
- Route of administration: Oral
- Time of administration : Twice/day before meal.
- Duration of therapy:4 weeks in Group A and B

ii. **Ayush-BR leham (Coded formulation newly developed by CCRAS)**

- Dose: 10gm (in two divided doses)
- Dosage form: Avaleha
- Route of administration: Oral
- Time of administration : Twice/day after meal
- Duration of therapy: 8 weeks in Group A

6. **Participating centre along with PI and CO-I:**

S. No.	Name of the participating Centre	Name of PI	Name of CoI
1.	M.S. Regional Ayurveda Research Institute, Jaipur	Dr. Kishor Gavali, R.O. (Ay.)	Dr. Suhas Chaudhary, R.O. (Ay.) Dr. Monika Kumari Rotwar, R.O. (Ay.)

7. **Date of IEC approval:** 03.05.2023.
8. **CTRI Registration/Reference (for clinical trials):** CTRI/2023/07/055188
9. **Date of initiation: 15/09/2023**
10. **Budget allocated:** Rs. 25,16,800/- was sanctioned vide Council Office Order No. 1454/2022-23 dated 22.03.2023.
11. **Installment-wise release:**

S. No.	Installment	Sanctioned order	Date	Date of receipt of fund

12. **Summary and current status of the project**: This multicentre Research Project was sanctioned to Institute vide Council Office Order No. 1454/2022-23 dated 22.03.2023. Budget allocated was Rs. 25,16,800/- (Council Office Order No. 1454/2022-23, CTRI registration done on 13/07/2023 CTRI no.- CTRI/2023/07/055188. IEC approval has been taken on 3.05.2023. Order of the medicine has been placed in CCRAS Headquarters via F.N. HQ-PROJ011/103/2023-PROJ/1222 (Arvindasava), & F.N. HQ-PROJ011/103/2023-PROJ/1223 (B.R. Leham), dated 29-05-2023. Medicines received and project has been initiated from 15/09/2023. The current status of the study is as follows:-

No of cases screened	No of cases enrolled	Screening failure	No of cases completed	Drop outs	No of cases continuing
353	100	253	80	08	12

13. **Relevant information, if any**:

1. Name of the institute : MSRARI, Jaipur
2. Date of initiation of the study: 15/09/2023
3. Duration of the study: 03 years
4. Name of the Principal Investigator: Dr. Kishor A Gavali, R.O. (Ay.)
5. Name of the Co-Investigator: Dr. Suahs Chaudhary, R.O. (Ay.)
   Dr. Monika Kumari, R.O. (Ay.)

(4) Title of the project: Tolerability, treatment adherence, and safety of Punarnavadi mandura in the management of Iron Deficiency Anemia: An open label single arm clinical study.

1. **Objectives:-**
   - **Primary Objectives:-**

i. To assess tolerability and medication adherence in participants receiving an oral Ayurvedic formulation-Punarnavadi mandura in the management of Iron deficiency anemia

- **Secondary Objectives:-**

i. To assess safety of Punarnavadi mandura in the management of Iron deficiency anemia
ii. To assess efficacy of Punarnavadi mandura in the management of Iron deficiency anemia.

2. **Outcomes measures**

- **Primary:-**

i. Assessment of the tolerability of the Ayurvedic intervention through reported incidence of treatment-emergent adverse events and serious adverse events during the study period [Time Frame: [Baseline to at the end of day 90].
ii. Assessment of treatment adherence through self-reported compliance log and used medication containers/strips. [Time frame: Baseline, at the end of 30^{th} day, 60^{th} day, 90^{th} day]

- **Secondary:-**

i. Proportion of participants who withdrew/dropped out from the study due to adverse events and/or poor tolerability [Time frame: Baseline, at the end of 30^{th} day, 60^{th} day, 90^{th} day]
ii. Change in the laboratory safety parameters from baseline (CBC, LFT, KFT) [Time frame: Baseline, at the end of 90th day]
iii. Mean change in Hemoglobin% from [Time frame: Baseline, at the end of 30^{th} day,60^{th} day, 90^{th} day]
iv. Change in haematological parameters (total RBC count, RBCs indices and Absolute Reticulocyte count) from baseline [Time frame: Baseline, at the end of 90th day]
v. Changes in parameters of Iron profile (Serum Iron, TIBC, ferritin and transferrin saturation levels) from baseline [Time frame: Baseline, at the end of 90th day]
vi. Proportion of participants who attained Hb% within the mild range (defined as Hb 11-11.9 g/dl as per WHO) [Time frame: Baseline, at the end of 30^{th} ay, 60^{th} day, 90^{th} day]
vii. Change in fatigue levels from baseline assessed through Functional Assessment of Chronic Illness Therapy-Fatigue (FACIT-F) scale [Time frame: Baseline, at the end of 30^{th} day, 60^{th} day, 90^{th} day]

Brief Research Plan:

- Study Type : Interventional
- Study site : Multicenter (MUHS-Nashik, PIAR-Vadodara, YAC-Kodoli, ADAMC- Ashta)
- Purpose : Treatment
- Blinding : Open-label
- Masking : NA
- Control : Not Controlled

- Timing : Prospective
- End Point : Efficacy
- No. of Groups : 1
- Sample Size : 480 (120 at each centre)

3. **Milestone with deliverables**

Total Study Period: 24 months
Preparatory phase: 03 months
Recruitment: 18 Months
Statistical Analysis: 02 months
Study report: 01 month
Treatment Period: 90 days (3 months)

4. **Intervention:**

Drug: Punarnavadi Mandura: Ayurvedic pharmacopoeia of India. Part-II. Vol.-III, first edition, 2010, page no 132-134

Detailed posology (Dose/Duration/ Anupana/Time of administration/Dosages form etc.)

Drug: Punarnavadi Mandura
Dose: 500 mg BD
Dosage form: tablet form
Route of administration: Oral
Time of administration: one hour after the meals
Anupana: Luke warm water
Duration of therapy: 3 months

Note: De-worming will be done in all the study participants by administering single dose of 1 tablet of 400 mg Albendazole prior to the administration of trial interventions.

5. **Participating centre along with PI and CO-I:**

S. No.	**Name of the participating Centre**	**Name of PI**	**Name of CoI**

10. Summary and current status of the project:

The multicentre research project sanctioned to the Institute vide Council Office Order No. 76/2023-24 dated 28.04.2023 has been successfully completed. As per the Council's instructions, the proposal in IMR format under the CCRAS research policy was submitted to Headquarters on 21.03.2023. A total budget of Rs. 1,21,24,324/- was allocated for the project (Council's Order No. 76/2023-24 dated 28.04.2023). The study was registered with CTRI by the nodal institute, MSRARI, Jaipur (Registration No. CTRI/2023/05/053299). IEC approvals were duly obtained from all four collaborative institutes. The required medicines were procured, and the project was initiated and carried out across all participating centres.

During the course of the study, project extensions were granted by the Council vide Order No. F.No. HQ-PROJ011/61/2023-PROJ/728 dated 05.05.2025 (1st extension) and Order No. F.No. HQ-PROJ011/61/2023-PROJ/5260 dated 17.10.2025 (2nd extension). The project was completed at all participating centres as per the extended timelines, and the compiled data has been duly submitted to Headquarters, CCRAS.

11. **The current status of the study is as follows:-**

Name of the Institute	No of cases screened	No of cases enrolled	Screening failure	No of cases completed	Drop outs	No of cases continuing
1. MUHS, Nashik	323	120	203	102	18	00
2. Yac, Kodoli	387	120	267	96	24	00
3. PIAR, Vadodara	247	120	127	104	16	00
4. ADAMC, Ashta	249	120	129	102	18	00

12. **Relevant information, if any**:

1. Name of the institute : MSRARI, Jaipur
2. Duration of the study: 02 years
3. Name of the Principal Investigator: Dr. Kishor A Gavali, R.O. (Ay.)
4. Name of the Co-Investigator: Dr. Suahs Chaudhary, R.O. (Ay.)

13. **Details of the participating institute**

Name of the institute	Date of initiation of the study	Duration of the study	Name of the Principal Investigator	Name of the Co-Investigator
1. MUHS, Nashik	01/01/2024	02 years	Dr. Milind Nikumbh	Vd. Shweta Telang-Chaudhari
2. Yac, Kodoli	01/02/2024	02 years	Dr. Suryakiran wagh	Dr. Sachin Shashikant Khot, Dr. Ashok Patil

4. ADAMC, Ashta	27/01/2024	02 years	Dr Jayvant Vasant Kharat	Dr Varsha Sadashiv Khot, Dr Parag Narayan

14. **Details of Project completion date**

S. No.	Name of Centre	Project Completion Date
1.	MUHS, Nashik	13.11.2025
2.	PIAR, Vadodara	27.10.2025
3.	YAC, Kodoli	30.11.2025
4.	ADAMC, Ashta	06.12.2025
5.	MSRARI, Jaipur	15.12.2025

(5) Name of the IMR Project: Documentation of the Life profile of Admirable personalities to transform Ayurveda (APTA 79).

1. **Objective:** Documentation of the Life profile of luminary **Swami Laxmi Ram ji (APTA 79)**
2. **Study outcome:** Research paper to be published in UGC-approved Journal or book chapter.
3. **Study Design:** Narrative
4. **Grouping:** NA
5. **Sample Size: NA**
6. **Approval of IMR :** IMR project Documentation of Life profile of Admirable Personalities to transform Ayurveda on 4th Sept. 2025
7. **Target given by CCRAS Headquarters:** 6 months
8. **Timelines:**
   i. **Total Study Period:** 6 months
   ii. **Preparatory period:** 2 months
   iii. **Documentation and preparation of research paper:** 3 months

9. **Participating Center along with PI:** MSRARI, Jaipur, Rajasthan; Name of the Investigator: Dr. Bhuvnesh Kumar Sharma, R.O. (Ay.)
10. **IEC approval**: NA
11. **CTRI registration No**: NA
12. **Date of initiation of the project**: December, 2025.
13. **Budget allocated**: -
14. **Chronological timeline & deliverables :-**

S. No.	Time line	Achieved / Not achieved	Causes of deviation, if any
1.	1-2 months	Achieved	-
2.	3-months	Achieved	-
3.	4-6 months	Continue	-

15. **Current status of the study:** Work is going on
16. **Summary of the Project:** This IMR project was assigned to the Institute in Sept 2025. The Documentation work of Swami Laxmi Ram ji (APTA 79) under IMR project "Documentation of Life profile of Admirable Personalities to transform Ayurveda" was allotted. The Project was initiated in December 2025 after participation in the "Training Programme and Guidelines for Documentation of Life Profiles of luminaries" on dated 12/11/2025. Data collection was initiated from the available book "आयुर्वेदमार्तण्ड-प्राणाचार्य-वैद्यरत्न-भिषगाचार्य-श्रीलक्ष्मीरामस्वामि-महाभागानाम् राजकीयसंस्कृतविद्यालयतो विश्रमावसरे अभिनन्दनार्थः संस्कृतरत्नाकस्य आयुर्वेदाङ्कः" published by महामहोपाध्यायः पं. श्रीगिरिधरशर्मा चतुर्वेदः, राजकीयसंस्कृतविद्यालयाध्यक्ष; जयपुरम्. 1st draft of the manuscript in the form of research article is under progress.
17. **Relevant information if any**,
    Name of the Institute: MSRARI, Jaipur
    Date of initiation of the study: December, 2025

(6) Name of the IMR Project: Documentation of the Life profile of Admirable personalities to transform Ayurveda (APTA 80) .

1. **Objective:** Documentation of the Life profile of luminary **Swami Ram Prakash ji (APTA 80)**
2. **Study outcome:** Research paper to be published in UGC-approved Journal or book chapter.
3. **Study Design:** Narrative
4. **Grouping:** NA
5. **Sample Size: NA**
6. **Approval of IMR :** IMR project Documentation of Life profile of Admirable Personalities to transform Ayurveda on 4th Sept. 2025
7. **Target given by CCRAS Headquarters:** 6 months
8. **Timelines:**
    i. **Total Study Period:** 6 months
    ii. **Preparatory period:** 2 months
    iii. **Documentation and preparation of research paper:** 3 months

9. **Participating Center along with PI:** MSRARI, Jaipur, Rajasthan; Name of the Investigator: Dr. Bhuvnesh Kumar Sharma, R.O. (Ay.)

(8) Name of the Project / Study: Clinical efficacy of Ashokarishtam, AYUSH SR, and Praval Pishti in the management of Menopausal syndrome (Rajonivrittti Lakshan): A Prospective Randomized Open Label Standard Control Trial.

1. Objective of the Project:

2. Primary objective:

- To assess the clinical efficacy of Ashokarishtam, *Ayush SR, and Praval Pishti* in the management of Menopausal syndrome (Rajonivrittti Lakshan.

Secondary objectives:

- To assess the efficacy of Ashokarishtam, Ayush SR, and Praval Pishti in quality of life of menopausal women.
- To assess the efficacy Ashokarishtam, Ayush SR, and Praval Pishti on haematological and biochemical parameters

- To assess the efficacy of Ashokarishtam, Ayush SR, and Praval Pishti on biomarkers of bone health.

3. Study Design: A Prospective Randomized Open Label Standard Control Trial
4. Grouping: 02
5. Sample Size: 90 (45 in each group)
6. Approval of IMR: IMR Annual action plan 2019-20
7. Target given by CCRAS Headquarters: 2year

Timelines:

Total Study Period	:	24 months
Preparatory Period	:	03 months
Recruitment Period	:	04-18 months
Treatment Period	:	03 months
Follow-Up Period	:	04 weeks
After treatment period)		
Statistical Analysis	:	02 months

8. **Intervention :**

Group one: Intervention Group

1. Ayush SR (hydroalcoholic extract ofAshwagandha) (Ref. API, Part-I, Part Volume, VIII, pg- 34-36)

Dose: 1 gm BD (2 tab of 500mg BD)

Dosage form: tab

Route of Administration: Oral

Time of Administration: twice a day half an hour before food

Anupana: water

Packing form: A plastic jar containing 60 tablets of drug

Duration of therapy : 12 weeks

Follow up: 28 days

2. Ashokarishtam, API Part 2, Volume 2, page 10

Dose: 20 ml twice daily with equal amount of Water

Dosage form: liquid

Route of Administration: Oral

Time of Administration: twice a day 15 minutes after food

Anupana: Water

Packing form: A plastic bottle containing 400 ml and 200ml of drug

Duration of therapy : 12 weeks

Follow up: 28 days

3. Praval pishti (AFI Part 1 pag223)

Dose: 250 mg BD

Dosage form: capsule

Route of Administration: Oral

Time of Administration: twice a day half an hour before food

Anupana: milk

Packing form: A plastic bottle containing 30 capsules of drug

Duration of therapy : 12 weeks

Group II: GROUP 2 (standard control group)

Tibolone

Dose: 2.5mg OD

Dosage form: Tab

Route of Administration: Oral

Time of Administration: After meals once a day

Anupana: normal water

Packing form: strip of 15 tablets

Duration of therapy : 12 weeks

Follow up: 28 days

10. Participating Centre along with PI: MSRARI, Jaipur, Rajasthan; PI: Dr. Monika Kumari, R.O (Ay.) Co-I Dr Kishor A Gavali R.O.(Ayu), Dr Suhas A Chaudhary R.O. (Ayu)

18. Summary of the Project: This project was assigned on 20.06. 2025. IEC for the project was obtained on 05.07.2024 and CTRI as CTRI/2025/07/090117 [Registered on: 03/07/2025] Trial Registered Prospectively. Allopathic medicines were purchased in March 2026, MOU with B Lal Lab for investigations in this project is under process. The recruitment of staff SRF has been done. The project has not initiated yet

19. Relevant information if any,

1. Name of the institute: MSRARI, Jaipur
2. Date of initiation of the study: Not initiated yet
3. Duration of the study: 2 years
4. Name of the Principal Investigator: Dr. Monika Kumari R.O (Ay.)
5. Name of the Co-Investigator: Dr Kishor A Gavali R.O.(Ayu), Dr Suhas A Chaudhary R.O. (Ayu)

(9) Name of the Project: Impact of Ayurveda Based Lifestyle Advocacy and Practices among apparently healthy individuals across selected cities in India- a Cluster Randomized Parallel group study.

1. **Objective:**
   - **Primary:** To assess the impact of Ayurveda based lifestyle advocacy and practices on physical and psychological well-being of individuals across selected cities in India.
   - **Secondary:**
     i. To assess the impact of Ayurveda based lifestyle advocacy and practices on Ayurvedic parameters.

ii. To assess the impact of Ayurveda based lifestyle advocacy and practices on haematological and biochemical parameters.
iii. To assess the impact of Ayurveda based lifestyle advocacy and practices on inflammatory parameters.
iv. To assess the impact of Ayurveda based lifestyle advocacy and practices on biomarkers of vascular disease.
v. To assess the impact of Ayurveda based lifestyle advocacy and practices on biomarkers of bone health.

2. **Study outcome measures:**
   - **Primary outcome measure:** Change in Physical and Psychological parameters in terms of SF-36 HRQOL Questionnaires at baseline & at the end of every 3rd month.
   - **Secondary outcome measure:**
     i. Change in Oral Health Assessment Tool (OHAT) at baseline and at the end of every 3rd month.
     ii. Change in Hair Whitening Scale (HWS) at baseline and at the end of every 3rd month.
     iii. Change in Perceived Stress Scale (PSS) at baseline and at the end of every 3rd month.
     iv. Change in Pittsburgh Sleep Quality Index (PSQI) at baseline and at the end of every 3rd month.
     v. Change in Wrinkle Severity Rating Scale (WSRS) at baseline and at the end of every 3rd month.
     vi. Change in Haematological parameters viz, CBC, ESR at baseline, at the end of 6 months, at the end of 12 months and at the end of 24 months.
     vii. Change in biomarkers of Vascular disease viz. NT-pro BNP, hs-CRP, Homocysteine, Fibrinogen at baseline and at the end of 12 months.
     viii. Change in biomarkers of Bone health viz. Vit D, Serum Calcium, Serum Phosphorus at baseline, at the end of 6 months, at the end of 12 months and at the end of 24 months.
     ix. Change in Liver function test (LFT) & Renal function test (RFT) at baseline, at the end of 6 months, at the end of 12 months and at the end of 24 months.
     x. Change in Lipid profile at baseline, at the end of 6 months, at the end of 12 months and at the end of 24 months.
     xi. Change in metabolic profiles viz. HbA1c at baseline, at the end of 6 months, at the end of 12 months and at the end of 24 months.
3. **Study Design:** Cluster Randomized Parallel-Group Study
4. **Grouping:** 02
5. **Sample Size:** 240 (120 in each group)
6. **Approval of IMR:** IMR Annual action plan 2019-20
7. **Target given by CCRAS Headquarters:** 3year
8. **Timelines:**

   Total Study Period: 36 months
   Preparatory period: 2 months
   Recruitment: 9 months
   Intervention Period: 12 months
   Follow-Up Period: 12 months
   Statistical Analysis: 1 Month

9. **Lifestyle intervention (Ayurveda Lifestyle Advocacy Package): Dincharya , Ritucharya, Sadvritta and Aharavidhividhan**
10. **Participating Centre along with PI:** MSRARI, Jaipur, Rajasthan; PI: Dr. Monika Kumari, R.O (Ay.)
11. **IEC approval**: Ref.F.5/Lab/Pre-iron/Ethics/2007-08CRAI-JPR, Date:13/03/2020
12. **CTRI registration No**: CTRI/2021/05/033785
13. **Date of initiation of the project**: 20.06.2022
14. **Budget allocated**: Rs 1,19,86,560/-

(12) PHARMACO -VIGILANCE PROGRAMME:

- Pharmaco-Vigilance Program for ASU Drugs: 2025-26
- Total no. of cases screened: 38442
- Total no. of cases reported ADRs: Nil

During the reporting year, total 120 numbers of different medicines/formulations of various manufacturers viz. IMPCL, IMPCOPS, Oushadhi were prescribed to 38442 beneficiaries in clinical practice at institute. No any Adverse Drug Reaction (ADR) was come in to the notice.

V. OUTREACH HEALTH PROGRAMMES:

(1) TRIBAL HEALTH CARE RESEARCH PROGRAMME (Under TSP Plan) 2025-26:

The Tribal Health Care Research Programme under Tribal Sub-Plan (THCRP-TSP) was implemented from April 2025 to March 2026. The primary objective was to provide accessible, affordable, and holistic Ayurvedic healthcare services to tribal communities (ST), with a focus on improving overall health status and nutritional awareness through preventive and curative interventions.

During this period, the program was executed by MSRARI, Jaipur, covering multiple districts across Rajasthan, including Sirohi, Jaipur, Banswara, Dungarpur, Chittorgarh, Baran, and Sawai Madhopur. A total of **20 blocks** were covered through **125 field tours**. The outreach maintained a balanced coverage of 10 urban and 10 rural areas.

In addition to medical relief, the programme focused on extensive qualitative research and documentation of traditional knowledge:

- **Ethno-dietary Practices**: Documented **280 traditional recipes** through 100 in-depth interviews (IDIs) and 20 focus group discussions (FGDs).
-

Indigenous Religious Practices: Documented **246 household rituals**, 49 practices from famous religious places, and 19 practices from Vedic institutes/universities.

Table: 1 consolidated information about the work carried out since inception to till date

5	Total No. of Lab Investigations carried out	558
6	Total No. of Awareness Lectures delivered	53
7	Total Beneficiaries of Awareness Lectures	4,190

Major Activities Conducted

1. Healthcare Services and Beneficiaries

A total of **3,905 beneficiaries** availed themselves of healthcare services during the reporting year. Out of these, **2,147 were from the Scheduled Tribe (ST)** community. High patient footfall was recorded in areas such as Dungarpur (Bankra and Bharga), Baran (Mangrol), and Sawai Madhopur (Gangapur City). Free medicines were distributed to all patients attending the camps.

2. Laboratory Investigations

To support early diagnosis and health screening, **558 lab investigations** were conducted. These tests focused primarily on:

- **Hemoglobin (Hb gm%)**: 254 tests.
- **Blood Sugar Level (RBS)**: 304 tests. The data highlights active screening for anemia and diabetes among the tribal populations.

3. Awareness Lectures

The programme emphasized preventive health through **awareness lectures**, reaching **4,190 individuals**. Key topics included:

- **Lifestyle & Nutrition**: Balanced diet, seasonal regimens (Ritucharya), and diseases caused by poor eating habits.
- **Women's Health**: Antenatal care, postnatal care, and management of white discharge (Leucorrhoea).
- **Social Awareness**: Harms of substance abuse (tobacco/alcohol) and cancer awareness.
- **General Wellness**: Personal hygiene, Yoga, Meditation, and the importance of Sattvik diet.

4. Special Activities (Janjatiya Gaurav Divas)

The **4th Janjatiya Gaurav Divas** was celebrated under the theme "Health and Wellness" from November 15, 2024, to November 15, 2025. Special health camps and Ayush awareness activities were organized in various tribal pockets, including the distribution of IEC (Information, Education, and Communication) materials to the general public.

(2) WOMEN AND CHILD HEALTH CARE (WCH) PROGRAMME UNDER SCHEDULE CASTES SUB-PLAN (SCSP) 2025-26.

1. Programme Description:

The Women and Child Healthcare (WCH) Programme under the Scheduled Caste Sub-Plan (SCSP) was implemented during the reporting period from April 2025 to March 2026 with the objective of delivering accessible, affordable, and holistic Ayurvedic healthcare services to women and children, particularly from Scheduled Caste (SC) communities. The programme focused on improving the overall health status, nutritional awareness, and disease prevention through preventive, promotive, and curative interventions based on Ayurvedic principles.

During the reporting period, the programme was expanded across multiple districts including Jaipur, Ajmer, Sri Ganganagar, Jhunjhunu, and Jaisalmer, covering both rural and urban populations. A total of 20 blocks were covered in Rajasthan through 125 field visits (tours), ensuring wider outreach and effective community engagement. Equal representation of urban and rural areas was maintained, with 10 urban and 10 rural blocks areas covered, including 10 SC-dominated areas under the SCSP component.

In addition to healthcare delivery, the programme incorporated qualitative research and documentation activities to understand community health practices.

Project 1: Documentation of ethno- dietary practices indigenous to India.

A total of 102 in-depth interviews (IDIs) and 20 focus group discussions (FGDs) were conducted for documenting ethno-dietary practices, resulting in the compilation of 345 traditional recipes.

Project 2: Documentation of plants, metals, minerals, animal products and other materials used in various indigenous religious practices and rituals across India.

100 IDIs and 20 FGDs were carried out to document 132 religious practices and rituals from households. Additionally, 11 IDIs and 3 FGDs documentation and 16 religious practices from religious places and 1 FGD and 5 religious practices at Vedic University, Jaipur was also undertaken, contributing to a comprehensive understanding of traditional health beliefs and practices.

Overall, the programme adopted an integrated approach by combining healthcare services with community-based research, awareness generation, and documentation of indigenous knowledge systems, thereby strengthening the role of Ayurveda in public health and improving the well-being of women and children in underserved populations.

Following activities were be conducted under this programme-

2. No. of beneficiaries who availed health care services:

During the reporting year 2025–26, a total of **4,880 patients** availed healthcare services under the WCH programme across all covered districts and areas. Among these, **1,532 patients belonged to the Scheduled Caste (SC) category**, reflecting the programme's strong focus on the target population.

The patient distribution included both women and children. The outreach activities were successfully conducted across diverse geographical locations including Jaipur, Ajmer, Sri Ganganagar, Jhunjhunu, and Jaisalmer districts in Rajasthan.

Higher patient footfall was observed in areas such as Bhagera (Kekri), Devikot, Pokaran, and Manniwali, indicating effective community mobilization and acceptance of Ayurvedic healthcare services. The data reflects balanced utilization of services across SC and other populations, with a consistent emphasis on women and child healthcare.

Overall, the OPD data demonstrates the programme's effectiveness in expanding healthcare access, particularly in underserved and remote areas.

3. Lab Investigations:

A total of **1374 laboratory investigations** were conducted during the reporting period across different districts and outreach areas. These included essential diagnostic tests such as hemoglobin estimation and blood sugar level assessments.

The majority of investigations were carried out among SC beneficiaries, ensuring targeted healthcare delivery. The data indicates active screening for anemia, diabetes, and other health conditions, supporting early diagnosis and timely management.

Higher numbers of investigations were observed in areas such as Pokaran, Barna (Kishangarh), and Ajmer City, reflecting increased awareness and participation of the community in diagnostic services. The laboratory component played a crucial role in strengthening preventive and promotive healthcare under the programme.

4. Awareness Activities/ Lectures:

A total of **17 awareness lectures** were conducted during the reporting period, benefiting **1,371 individuals** across various districts.

The lectures covered a wide range of topics relevant to women and child health, including:

- Child care and nutrition
- Immunity enhancement
- Anaemia prevention
- Seasonal regimens (Ritucharya)
- Menstrual and reproductive health (PCOD, leucorrhoea)
- Antenatal and postnatal care
- Lifestyle practices such as Dinacharya
- Mental health and Yoga (Pranayama)

Special programmes such as **Ayurveda Day celebrations** were also organized to promote awareness about the importance of Ayurveda in daily life.

The sessions were conducted by SRFs and investigators, ensuring scientific accuracy and community engagement. The wide participation reflects growing awareness and acceptance of Ayurvedic principles among the population.

(3) Project Title: "General health screening with special focus on selected disease conditions (Tuberculosis, Anemia, Sickle Cell Disease & Malnutrition) and Ayurveda management of Anemia & Malnutrition in students of Ekalavya Model Residential Schools (EMRS)" : Collaborative multicentric Clinical Research Project (Collaboration with ICMR-NIRTH Jabalpur):

1. **Type of project:** Collaborative

2. **PI:** Dr. S. K. Vedi, Research Officer (Ayu.)

3. **Co-PI:** Dr. Monika Kumari, Research Officer (Ayu.)
   Dr. B. R. Meena, Assistant Director In-Charge
4. **Nodal /Co-Nodal /Coordinating Officers:** Dr. Prashant Shinde

5. **Any Addition/ Deletion or change in PI/ Co-I:** N/A

6. **Name of the CCRAS Institute:** M.S. Regional Ayurveda Research Institute, Jaipur
7. **Details of Collaborating Institute(s):**

Site	PI
ICMR-NIRTH, Jabalpur	**Dr. Ravindra Kumar**
MS-RARI, Jaipur	**Dr. S.K. Vedi**

8. **Study Design Aspects:**
   Two Projects are allotted under EMRS Health Screening Project title: **General health screening with special focus on selected disease conditions (Tuberculosis, Anemia, Sickle Cell Disease & Malnutrition) and Ayurveda management of Anemia & Malnutrition in students of Ekalavya Model Residential Schools (EMRS).**
   1. Tolerability, treatment adherence and effectiveness of Ayurvedic Intervention in the management of moderate Malnutrition in students of selected Ekalavya Model Residential Schools: a multicentre collaborative study.
   2. Effectiveness of Ayurveda-Based lifestyle Advocacies and Practices on Quality of Life among Children of Ekalavya Model Residential Schools in India.

Particulars	Malnutrition	Ayurveda Based Lifestyle Advocacies
Study Design	Open label, interventional, multicentre, single arm study.	Prospective, open-label, double-arm interventional study.
Randomization	Not Applicable	Not Applicable
Control	Placebo control/standard control/ **not applicable**/others (Specify)	Control Group (without BCC Module and Copper Bottle)
Sample size	550	60
Study interventions	Arvindasav and Drakshavakeha	BCC Module, Copper Bootle, Dashan Sanskar Churna and Til Taila
Source of drug procurement	IMPCL	IMPCL

9. **Date of ISC Approval (if applicable): N/A**
10. **Date of PEMC Approval: N/A**
11. **Date of Sanction:** 05.03.2024 (Office Order No. 1412/2023-24 Date 05.03.2024)
12. **Budget Sanctioned:** Rs. 6721420/-

    Budget Release in 2023-24 File No. Office Order No. 1412/2023-24 Date 05.03.2024 Amount Rs. 6,08,300/-

    Budget Release in 2024-25 - 1st Installment File No. HQ-PROJ011/1/2024-PROJ/818 Date 13.05.2024 Amount Rs. 7,50,000/-

    2nd Installment File No. HQ-PROJ011/1/2024-PROJ/3685 Date 12.09.2024 Amount Rs. 6,00,000/-

    3rd Installment File No. HQ-PROJ011/1/2024-PROJ/5061 Date 14.11.2024 Amount Rs. 5,00,000/-

    4th Installment File No. HQ-PROJ011/1/2024-PROJ/7424 Date 28.02.2025 Amount Rs. 9,80,000/-

    Budget Release in 2025-26 – 1st Installment File No. HQ-PROJ01/1/2024-PROJ/766 Date 06.05.2025 Amount Rs. 8,22,847/-

    2nd Installment File No. HQ-PROJ01/1/2024-PROJ/4186 Date 15.09.2025 Amount Rs. 6,00,000/-

    3rd Installment File No. HQ-PROJ01/1/2024-PROJ/6763 Date 12.12.2025 Amount Rs. 10,97,000/-

    4th Installment File No. HQ-PROJ01/1/2024-PROJ/7567 Date 16.01.2026 Amount Rs. 2,37,000/-

    Total Budget Release till date – 61,95,147/-

    Date of IEC Approval (with details):

1. **General health screening with special focus on selected disease conditions (Tuberculosis, Anemia, Sickle Cell Disease & Malnutrition) and Ayurveda management of Anemia & Malnutrition in students of Ekalavya Model Residential Schools (EMRS):** Ref.F.5/Labs/Project/Ethics/2007-08CRAI-JPR/Part-1/ Date 05.07.2024

3. **Tolerability, treatment adherence and effectiveness of Ayurvedic Intervention in the management of moderate Malnutrition in students of selected Ekalavya Model Residential Schools: a multicentre collaborative study:** Ref. F.5/Lab/Project/Ethics/2007-08CRAI-JPR/Part-1/ Date 17.09.2024

13. Date of CEC Approval (with details):
    1. **General health screening with special focus on selected disease conditions (Tuberculosis, Anemia, Sickle Cell Disease & Malnutrition) and Ayurveda management of Anemia & Malnutrition in students of Ekalavya Model Residential Schools (EMRS):** F. No. 1-12/2020-CARI/Tech (CEC)/ Date 31.05.2024

2. **Effectiveness of Ayurveda-Based lifestyle Advocacies and Practices on Quality of Life among Children of Ekalavya Model Residential Schools in India:** F. No. 1-12/2020-CARI/Tech (CEC)/219 Date 14.06.2024
3. **Tolerability, treatment adherence and effectiveness of Ayurvedic Intervention in the management of moderate Malnutrition in students of selected Ekalavya Model Residential Schools: a multicenter collaborative study:** F. No. 1-12/2020-CARI/Tech (CEC)/214 Date 14.06.2024

14. CTRI registration Number (with date): REF/2024/09/092023 DI
Malnutrition - REF/2024/10/092889 AU
Ayurveda Bases Lifestyle Advocacies - REF/2024/09/092028 DI

15. Date of Initiation (start of recruitment): 05.03.2024

16. Duration of project: 24 Months

17. Extension (If any): Yes

Extension period	Duration	Reason for extension	Financial implication (if any)
01.04.2026 – 30.09.2026	06 Months	The project titled "Malnutrition" under the EMRS project was delayed because the health check-ups at selected EMRSs in Rajasthan by the ICMR-NIRTH Jabalpur team began on 01.09.2025. To achieve this, the tenure of the project staff (20 days for 01 SRF and 09 days for Office Assistant) has been extended in March 2026.	-

Extension period	Duration	Reason for extension	Financial implication (if any)
01.04.2026 – 30.09.2026	06 Months	01 Project titled "Ayurveda Based Lifestyle Advocacies" under EMRS Project (Period 12 Months) could started late because health screening by the ICMR-NIRTH Jabalpur team started health screening in selected EMRS in Rajasthan on 01.09.2025. To achieve this, the tenure of the project staff (06 months for 01 SRF and 03 months for Office Assistant) has been extended in April 2026.	-
Extension of the project will be required from 01.04.2026 to 30.09.2026 (6 Months) as Follow Up of Registered Participants/Students of "Ayurveda Based Lifestyle project" under EMRS Health Screening Project shall be completed in September 2026.			

18. Expected Date of Completion: September 2026

19. Details of budget disbursed:

Total sanctioned budget (per site)	Budget released till March 2025	Budget utilized till March 2025	Remaining budget in the project as per the sanction order	Any requirement for additional sanction (If so, provide amount and justification)
6721420/-	6195147/-	6195147/-	526273/-	N/A

VI. HOSPITAL STATISTICS:

The Institute has Out Patient Door (OPD), In Patient Door (IPD) and Panchakarma facilities. OPD of the Institute is running daily from 9:00 AM-1:00 PM and 2:00 PM-4:00 PM on all working days. Ayurvedic medicines are dispensed at free of cost to all patients as per need along with consultation. Total beneficiaries (patients) who were receiving treatment free of cost or at concession, total number of 109 patients BPL category (OPD-102 & IPD-07) and total number of 11844 patients Senior Citizen category(OPD- 11712 & IPD- 132).

During the reporting year 2025-26, Total number of New & Old Patient's 38397 (20925 males and 17472 females) patients were examined and treated at OPD level.

OPD	Male	Female	Total
General OPD	13974	13914	27888
Geriatric OPD	6501	3098	9599
Pediatric OPD	450	460	910
Total	**20925**	**17472**	**38397**

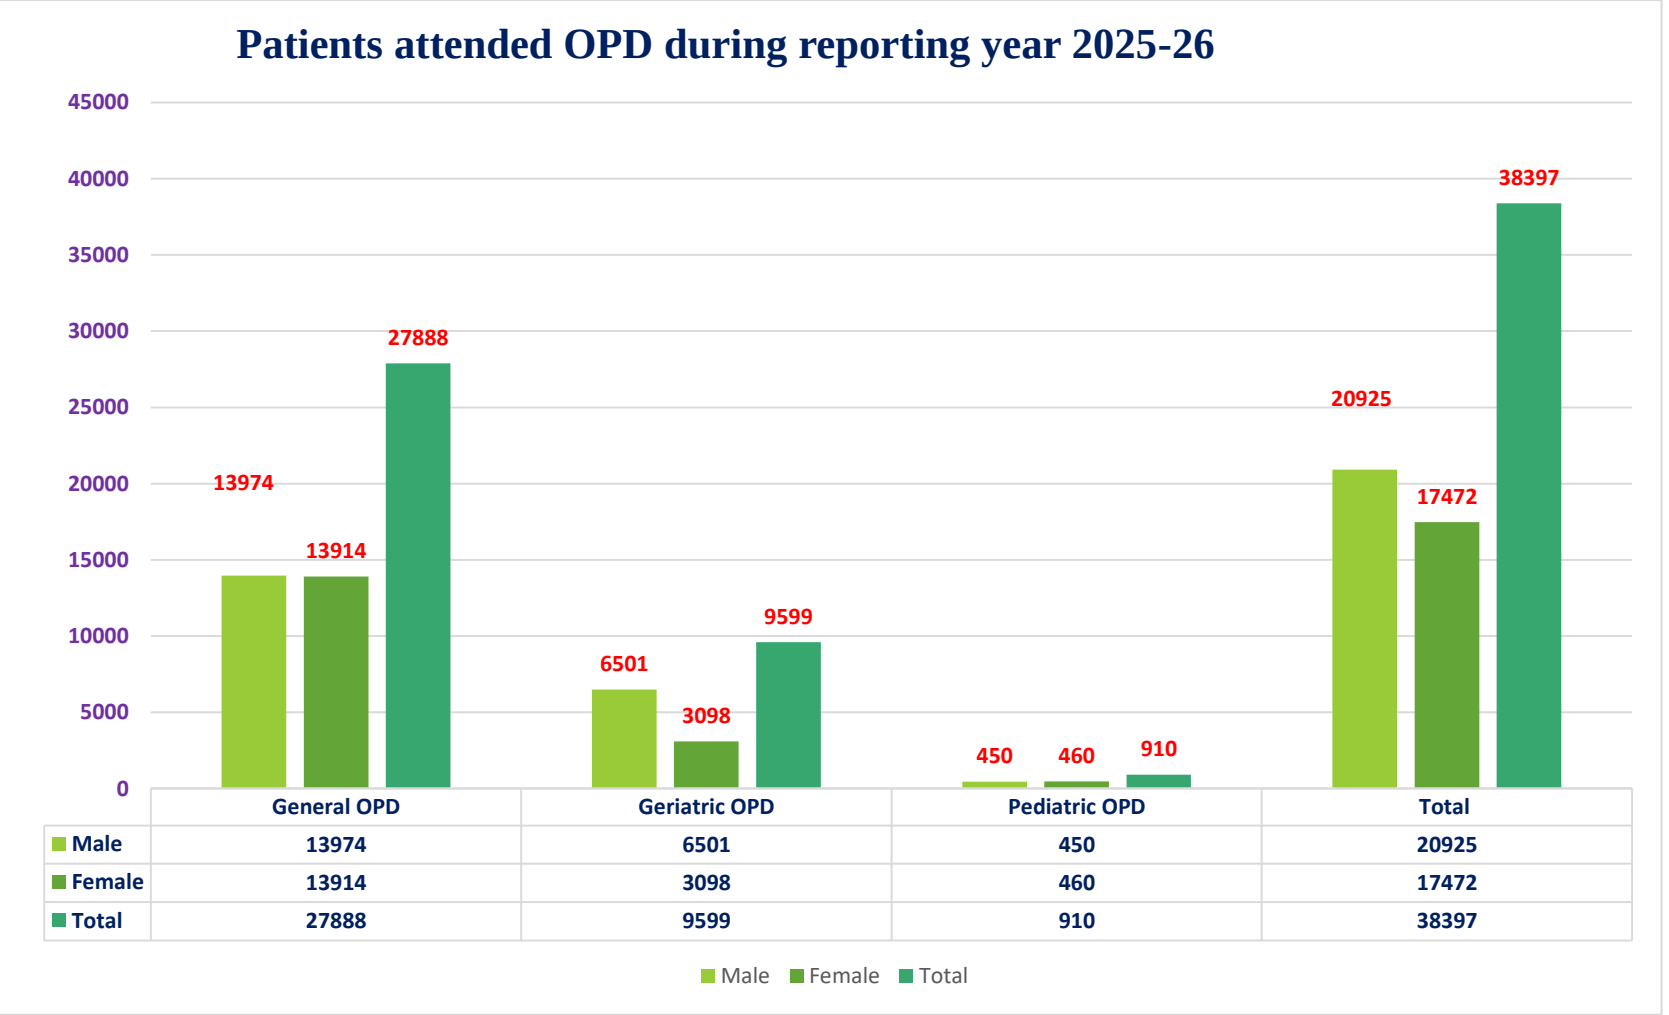

The table presents outpatient department (OPD) data categorized into General, Geriatric, and Pediatric services, showing patient numbers by gender. The General OPD recorded the highest attendance with 27888 patients, nearly equally distributed between males (13974) and females (13914). The Geriatric OPD saw 9599 visits, with a significant gender gap—6501 male and 3098 female patients—indicating higher male utilization. Pediatric OPD had the lowest attendance, with an equal number of male (450) and female (460) children, totaling 910. Overall, the total OPD visits amounted to 38397, comprising 20925 males and 17472 females. The data highlights a slightly higher male presence across all services, particularly in geriatric care, suggesting possible gender-based differences in health-seeking behavior or accessibility.

28.	**1999-2000**	20	32.24
29.	**2000-2001**	20	34.00
30.	**2001-2002**	20	39.00
31.	**2002-2003**	20	70.97
32.	**2003-2004**	20	73.75
33.	**2004-2005**	20	44.00
34.	**2005-2006**	20	34.03
35.	**2006-2007**	20	50.03
36.	**2007-2008**	20	44.00
37.	**2008-2009**	20	30.00
38.	**2009-2010**	20	22.00
39.	**2010-2011**	20	14.00
40.	**2011-2012**	20	21.45
41.	**2012-2013**	20	11.04
42.	**2013-2014**	20	19.47
43.	**2014-2015**	20	17.69
44.	**2015-2016**	20	17.47
45.	**2016-2017**	20	14.78
46.	**2017-2018**	20	15.87
47.	**2018-2019**	20	42.63
48.	**2019-2020**	20	48.78
49.	**2020-2021**	20	8.125
50.	**2021-2022**	20	11.38
51.	**2022-2023**	20	24.71
52.	**2023-2024**	20	40.04
53.	**2024-2025**	20	40.71
54.	**2025-2026**	20	41.23

Standard Formula for calculation of Bed occupancy:

= Total days of the care to the patients during the year x 100

No. of beds x Total No. of days in the year

- **The average Bed Occupancy is** $= \frac{3010 \text{ x } 100}{20 \text{ x } 365} = 41.23\%$

VII. LABORATORY (PATHOLOGY/BIO-CHEMISTRY/RADIOLOGY):

The Clinical Laboratory of the Institute is well equipped with modern equipment. All the investigations are on the basis of charges fixed by the Council except Research, BPL patients and concessions to senior citizens. Emphasis is given for timely supply of investigation reports. The investigations are done in the laboratory, keeping in view the Research Programme allotted to the Institute. The details of the investigation done during the reporting year 2025-26 are as follows:

Annual Report Summary from 1st April, 2025 to 31st March, 2026

X. GUGGULU HERBAL FARM, MANGLIAWAS, AJMER (Year 2025-26)

(1) Name and Address of the Institute:-

Guggulu Herbal farm, Mangliawas Distt.- Ajmer, under M.S. Regional Ayurveda Research Institute Jaipur CCRAS (Ministry of Ayush, Govt. of India).

(2) Date of starting the Cultivation:-

Guggulu Herbal Farm Mangliawas was started in 1st April 1972 in which research, development and extensive cultivation of Guggulu plants were done till 31st December 2007 through plant cuttings, air layering and seedlings. But due to very low Guggulu gum exudation severe drought favoring since long time and regular audit objections it was handed over to **National Institute of Ayurveda Jaipur** on date 1stJanuary 2008 as per instruction of Ministry of Auyush. Since then it was under National Institute of Ayurveda Jaipur till October 2016. During this period no development and cultivation of Guggulu Herbal Farm were done by NIA Jaipur. It was further returned back by NIA Jaiur on dated 9th November 2016.

(3) Details of Land Under Cultivation:-

(i) The land of Guggulu Herbal Farm Mangliawas, Distt. Ajmer is under control of M.S.R.A.R.I. Jaipur (CCRAS, New Delhi).

(ii) At present there is about ±142 acres of land under Guggulu Herbal Farm Mangliawas for cultivation of medicinal plants especially for extensive cultivation of Guggulu. Out of which 140 Acres of land is forest land which is in our possession and cultivation of Guggulu is being carried out since inception but document related to land is available only for 50 Acres but their Khasra No. are not available with us. Document related to 2 Acres of land (6 Bighas) is available with us which has been allotted to us by Government of Rajasthan during 1983 in which tube-well is established. Out of total 142 Acres of land $1/3_{rd}$ land is brought under cultivation of medicinal plants while $2/3_{rd}$ area of the land is occupied by natural flora of medicinal importance.

(iii) At present only one tube well is functional which has been repaired during the month of December 2023 which is not discharging sufficient water and also drying during summer season due to severe drought favoring since long time, due to which nursery development and future course of cultivation programme is not being started. At present such water is used only for drinking purpose of working staff.

(iv) The Farm is situated along the main chains of Aravali hills which have several hills and hillocks containing rocks, boulders and gravels. The soil of the Farm is more or less poor in respect of mineral nutrients.

(4) Details of staff engaged in the cultivation programme at Guggulu Herbal Farm Mangliawas, Ajmer.

Sl. N	Name and Designati	Date of Joini	Qualificati	Duties Assigned

(5) Brief description of the land under cultivation, giving its detail of Geographical, Ecological and Edaphic status, type of soil and erosion etc.

- **Land:-** Agro-climatically Guggulu Herbal Farm Mangliawas is situated at 74^0N latitude and 26^0E longitude, in Village Mangliawas on National Highway No. 8 between Ajmer and Beawar about 26 Km. away from Ajmer. It is located along the foot hills of the Aravalli range on the south-east about 4 Km. away from the village Mangliawas towards south east direction. The farm is situated at an average altitude of 470.7 M.. It comprises the foot-hills, hillocks and slopes of the hill situated along the main chain of the Aravali range.
- **Climate:**-The climate of the area is typically semi-arid with an average rain fall of 350-500 mm. About 70% of the rainfall received during the month of July to August and normally little or no rains occur during the winter months. The humidity of Mangliawas is low indicating presence of extreme hot temperature in summer month, the maximum temperature reaches upto 46^0C and it is as low as 5-6^0C during winter month.
- **Geography & Ecology: -** The total area of Guggulu Herbal Farm Mangliawas is about 142 acres with undulated topography. The Farm is divided into 20 Blocks based on topographically characteristic terrain situated on foot-hill, hillocks and plains. The wind direction for most part of the year is from south to North-East. Wind velocity is higher in the month of May -June and lower in the month of December. During the winter, winds are low and variable. Frost also occurs during winter. Basaltic rocks are dominant in the area given rise to a variety of minerals like horn blend along with granite, quartzite with feldspar, calcareous and ferugenous are quite common in the lower horizons of the soil.

  The grazing and afforestation have adversely affected the biotic factor of the region outside the farm area. The natural vegetation mostly of medicinal importance also exists in the farm i.e**. Azadirachta indica, Asparagus racemosus, Drimia indica, Tinospora cordifolia, Tephrosia purpurea, Tribulus terrestris, Gloriosa superba, Grewia tenax, Euphorbia nivulia, Balanites aegyptica, Rhus mysoorensis, Calotropis procera, Capparis decidua, Zizyphus jujuba, Acacia nilotica, Acacia senegal** etc.

- **Soil**:- The soil of the farm is almost sandy and sandy loam with presence of rock stones and boulders. It is poor in respect of nutritional status, chemical composition and textural

structure. Two types of soil erosion such as surface and gully erosion were observed in this region.

(6) Lay out of Farm Giving details of the Plants Cultivated under Experimental/ Mass cultivation.

(7) Guggulu Gum-Oleo-Resin Collected:-The following Raw Drug Samples were collected during this period as per availability and demand.

Sl. No.	Botanical Name	Family	Plant Name (Sanskrit)	Part Collected	Previous Balance	Amount (Fresh)	Total Amount	Remark
1.	*Commiphora wightii* (Arn.) Bhand.	Burseraceous	Guggulu	Gum-oleo-resin	23.00 Kg.	16.00 Kg.	39.00 Kg.	Nil

Note: - On date 26.06.2025 the Physical verification committee for the year 2024-25 visited the Guggulu Herbal farm in Mangaliyawas. The 39.00 Kg. of Guggulu extract (Commiphora nightie (Arn.) Bhand.) Collected during this period was sent by the physical verification committee to the headquarter at Maharao Shekhaji Regional Ayurveda Research Institute, Jaipur.

(8) Plant mortality/Plantation in the field:

Due to drought and termite attack a large number of Guggulu plants were dried during summer season which were observed and counted during this period. Total 230 (Two hundred thirty only) plants were dried in the field in different block, out of which 171 plants were dried after Gum exudation which were self-stimulated for Gum exudation and 59 plants were dried due to drought and termite in the field.

During this periods total 95 Guggulu plants planted in block no. 1 including total to 1883 9 One thousand eight hundred eighty three only) plants are serving in filed.

(9) Details of dried Guggulu plants and planted Guggulu plant in different blocks which were counted during this year are given below in table.

TABLE-SHOWING DETAILS OF GUGGULU PLANTS IN DIFFERENT BLOCKS AT GUGGULU HERBAL FARM, MANGLIAWAS, AJMER (RAJASTHAN).

(10) Development of Nursery set up:-

An amount of Rs. 1270000/ (Rupees Twelve Lac seventy thousand only) was sanctioned by the Council for development of nursery set up like Net house and watering facility in the nursery area and fencing of Nursery areas which has already been handed over to PWD Ajmer and the work was not initiated by PWD Ajmer. Further new revised DPR for Rs. 22.60 Lac was submitted by PWD Ajmer during the month of September 2021 and asked for difference of Rs. 9.90 Lac which has already been paid to PWD Ajmer on 21/07/2022. PWD Ajmer started the work and the work is under progress. The above construction work was initiated by PWD Ajmer since 5th December 2022 which has been partially completed and regular reminder in this matter was issued, But no action were taken by PWD Ajmer till date.

The following infrastructure work is under progress by PWD Ajmer.

(A) **Fencing of Nursery Areas: -** Fencing of nursery area (50mt.x50mt.x6ft.) with barbed wires along with pillars and iron Engles with Iron Gate have been completed. Trenching (3Feet) outside the nursery areas which is needed for protection of nursery area have been completed.

(B) **Iron Net: -** Iron net inside the nursery area (25mt.x50mt.x6ft.) has been completed. Nethouse covered with plastic nets (Net house) have been completed during the month of February 2023 but it has been damaged during the month of May 2023 due to storm which is regularly asked for its repair by PWD and 3-4 reminder have been issued in this regard.

(C) **Underground water storage tank: -** An underground water storage tank with capacity of 50000/ (Fifty thousand only) litres with watering facility in the nursery areas have been completed, but at present it is under leakage which is under process of repair by PWD.

(D) **Water connectivity: -** Connection of water storage tank with nursery area along with pipelines has been completed. Motor connection in the tank is completed, but due to leakage of tanks it is not under use.

(11) Other activities:-

- Routine work of Guggulu Herbal Farm Mangliawas like watching and general duty maintenance.
- Repair of boundary wall in Block no.1, 2 3, 4, 5,6,16,17,18,19 and 20 with stones and spiny branches along the pathways for motorable conditions.
- Cleaning of nursery areas in Block no.1.
- Repair of pathways in Block no.1 and 16.
- Preparation of pits for planting of Guggulu plants in Block No.1 during rainy season.
- During The Month of July-August 2025 total 95 Guggulu plants planted in block no.1.
- Termite medicine was applied to the New Guggulu Plants planted in Block No.1.
- Goat manure was added to the planted guggulu plants.
- The newly planted Guggulu plants were watered.
- About 50gm of Guggulu seeds were collected from Guggulu trees.
- About 200 Guggulu seeds were planted in the seeding tray.

(12) Requirements for further development:-

At present there is only one tube well in the farm which is out of order since March 2018 which was repaired in the month of December 2023 and further in the month of July 2024 and November 2024 but not discharging sufficient water and also drying during summer season due to severe drought favoring since long time due to which nursery development and future course of cultivation programme is not being started. For development of nursery and development of plants in nursery and transfer of developed plants in the field, an alternative and permanent watering facility must be done.

i. At present farm is protected with 'Kachcha' boundary wall which is destroyed by wild animals like Blue Bulls. For protection of farm, Pucca boundary wall with four iron gates are necessary. At present office is running in the village Mangliawas in the rented room of Gram Panchayat. At least 3-4 rooms are required for running of office and store.

ii. Electrification is also essential for proper lighting in the office room and for protection of farm.

iii. Telephone facility and proper office set up is required.

iv. At present no any clerical staff is posted at the farm. At least one LDC must be posted.

v. At present only 5 labourers (MTS) are working, and 2 Security guard are working in the Farm. For running of farm at-least 5 more labourer are required for its development.

At present only 'Kachcha' approach road is available for the farm. A dammered approach road is compulsory, since the farm is 4 Km. away from the National Highway No. 8.

(E) **Water connectivity: -** Connection of water storage tank with nursery area along with pipelines has been completed. Motor connection in the tank is completed, but due to leakage of tanks it is not under use.

(13) Other activities:-

- Routine work of Guggulu Herbal Farm Mangliawas like watching and general duty maintenance.

जयपुर। बनीपार्क स्थित महाराव शेखाजी क्षेत्रीय आयुर्वेद अनुसंधान संस्थान में स्व. प्रधानमंत्री अटल जी के 100वें जन्मशताब्दी समारोह के अंतर्गत 'सदैव अटल' कार्यक्रम आयोजित किया गया। संस्थान प्रभारी डॉ. बी.आर. मीणा ने आयोजन हेतु समिति का गठन किया गया था जिसमे डॉ. मोनिका कुमारी-नोडल अधिकारी, संतोष कुमार शर्मा एवं राकेश कुमार मिश्रा सदस्य रहे है। भारत सरकार आयुष मंत्रालय द्वारा दिये गये निर्देशानुसार उक्त अवधि में विभिन्न प्रकार की गतिविधियाँ आयोजित की गई जिनमें जन आरोग्य चेतना अभियान के अंतर्गत वाजपेयी जी की फिलोसोफी 'स्वस्थ नागरिक, स्वस्थ राष्ट्र' के तहत विभिन्न आदिवासी क्षेत्रों में आम जनता को स्वास्थ्य के प्रति जागरूक करने हेतु संस्थान की टीमों द्वारा व्याख्यान देकर जागरूक किया गया। मोबाईल आयुष क्लिनिक के अंतर्गत शिविर लगा कर आम जनता की स्वास्थ्य जाँच व निःशुल्क औषधियों का वितरण किया गया। डॉ. मीणा ने कहा कि ऐसे आयोजनों से आयुर्वेद की वैज्ञानिक परंपरा और सांस्कृतिक विरासत को सम्मान मिलता है, साथ ही यह वर्तमान पीढ़ी को भारत की पारंपरिक चिकित्सा पद्धति के गौरवशाली इतिहास से जोड़ने का कार्य करता है एवं आयुर्वेदिक सिद्धांतों और जीवनशैली को प्रोत्साहन प्राप्त होता है। ये सभी कार्यक्रम 25 दिसंबर 2024 से प्रारंभ होकर 25 दिसंबर 2025 तक मनाया जा रहा है।

The institute organized the "Sadev Atal" program on December 24, 2025, under the chairmanship of the institute's in-charge, as part of the 100th birth anniversary celebrations of the late Prime Minister Atal Bihari Vajpayee. Under the Public Health Awareness Campaign, and in line with Vajpayee's philosophy of "Healthy Citizens, Healthy Nation," the general public in various tribal areas was made aware of health issues. This initiative connects the current generation with the glorious history of India's traditional medical systems and promotes Ayurvedic principles and lifestyle. These programs were celebrated from December 25, 2024, to December 25, 2025.

M.S. Regional Ayurveda Research Institute, Jaipur

Annual Report Summary 2025-2026

M.S. Regional Ayurveda Research Institute (MSRARI), Jaipur was established on 1st April, 1972 as Regional Research Institute (RRI) for Ayurveda under Central Council for Research in Ayurveda and Siddha (CCRAS) (now Central Council for Research in Ayurvedic Sciences), Department of Indian System of Medicine and Homoeopathy (now Ministry of Ayush), Government of India, with the objective to promote Ayurveda on scientific ground by means of clinical as well as drug development studies. In the year 1999, under the process of re-organization of CCRAS, this institute was upgraded as Central Ayurveda Research Institute (CARI). In the year 2010, the Institute was again renamed as Ayurveda Central Research Institute (ACRI). Thereafter under the process of re-organization of Council's peripheral units, the institute was renamed as "Regional Ayurveda Research Institute for Endocrine Disorders (RARIED)"in April 2016. The institute has been renamed once again as 'Regional Ayurveda Research Institute (RARI)' since January, 2021. Various Clinical Research studies have been conducted by this Institute since its inception.

Besides the Institute is devoted to research in various domains of Ayurvedic Sciences and also catering to the needs of public healthcare through hospital based services. The MSRARI, Jaipur has the mandate to focus on Clinical Research, Health care services through NABH Accredited Hospital with Out- Patient Department (OPD), In-Patient Department (IPD), Panchakarma, NABL accredited Clinical Pathology & Biochemistry laboratory and Digital X-ray unit. The institute is involved basically in clinical research activities since last 50 years for affordable healthcare, generation of knowledge base and nurturing future scope of Ayurveda.

Various outreach research oriented activities such as Tribal Health Care Research Programme (THCRP) under TSP, Women and Child Health Care (WCH) programme under Scheduled Castes Sub Plan (SCSP) and many other assignment of National importance related to Research & Development in Ayurveda have been carrying out in the Institute.

The Institute has published various research articles in various National and International peer reviewed journals. The Institute has also organized various National seminars, workshops at on various topics of scientific importance. The Institute has been affiliated by Dr. Sarvepalli Radhakrishnan Rajasthan Ayurved University Jodhpur for conducting Ph.D. course in 03 specialties of Ayurveda viz. Kayachikitsa, Basic principle of Ayurveda and Balroga. Besides Institute is also affiliated by above university for conducting Internship programme for BAMS and DAN&P (Diploma in Ayurvedic Nursing & Pharmacy) students.

1. Knowledge, Attitude and Practice (KAP) towards Pharmacovigilance of Ayurvedic Medicines among Registered Practitioners – A Multicentre Study.
2. Impact of Ayurveda-Based Lifestyle Advocacy and Practices among Apparently Healthy Individuals – A Randomized Parallel Group Study
3. Clinical study on tolerability, treatment adherence and safety of an Ayurvedic intervention, Punarnava Mandura in the management of Iron Deficiency Anaemia: An open-label single-arm study (Collaborative Research project under CCRAS-SMART)
4. Documentation of Indigenous ethno-dietary practices indigenous to India under WCH-2025-26.

5. Documentation of plants, metals, minerals, animal products and other materials used in various indigenous religious practices and rituals across India under WCH-2025-26.
6. Documentation of Indigenous ethno-dietary practices indigenous to India under THCRP-2025-26.
7. Documentation of plants, metals, minerals, animal products and other materials used in various indigenous religious practices and rituals across India under THCRP-2025-26.

- **Apart from above projects, other outreach Research programmes executed/ being executed in the Institute are:**
  1. Tribal Health Care Research Programme (THCRP)
  2. Women and Child Health Care Programme (WCH)
  3. National Pharmaco-Vigilance Program for ASU drugs (continuing).

- ***Brief description of Research Projects and Programmes:***
  1. **Clinical efficacy of Ashokarishtam, AYUSH SR, and Praval Pishti in the management of Menopausal syndrome (Rajonivrittti Lakshan): A Prospective Randomized Open Label Standard Control Trial:** The project was assigned to the Institute on 20.06.2025. IEC for the project was obtained on 05.07.2024 and CTRI was done on CTRI/2025/07/090117 [Registered on: 03/07/2025]. Trial Registered Prospectively. Allopathic medicines were purchased in March 2026, MOU with B Lal Lab for investigations in this project 07/07/2025, has been done and a work order to the lab is in process. The recruitment of staff (SRF) has been done. The project SRF training is done. The screening of participants is in process.

  2. **Effectiveness of Drakshavaleha in Improving the Symptoms of Functional Gastrointestinal Disorders (FGID) - A Multi-Centre Study:** Initiated on 17/11/2025 with ₹ 1,70,000/- sanctioned (Expenditure from GIA-General, RA sub-head). By March 2026, 112 screened, 111 enrolled, 27 completed, 34 drop outs, 50 ongoing. The study is ongoing.

  3. **Efficacy of Varadi Kwatha Ghana Vati as an Adjunct vs treatment as usual in Type 2 DM: A Randomized Double-Blind Placebo-Controlled Study:** The project is sanctioned on 28.10.2025, with office order no. 915/2025-26. IEC for the project was obtained on 23.12.2025, and CTRI was done on CTRI/2026/01/100208 [Registered on: 02/01/2026]. Trial Registered Prospectively. Trial drug preparation is in process till the reporting period March,2026.

  4. **Documentation of the Life Profile of Admirable Personalities to Transform Ayurveda:** This IMR project APTA - 077 was assigned to the Institute in Sept 2025. The Documentation work of Prof Vaidya Shri Krishna Sharma Khandel under ‘IMR project Documentation of Life profile of Admirable Personalities to transform Ayurveda' was allotted. Data collection from the available texts was initiated in December 2025. 1st draft of the manuscript in the form of a research article is in progress.

  5. **Evaluation of the efficacy of Ayush-BR Leham in the management of Moderate Malnutrition among Children 3–5 Years – A Multicentre Randomized Controlled Pilot**

study trial: Initiated in Sept 2023 with ₹25, 16,800 sanctioned. By March 2026, 353 screened, 100 enrolled, 80 completed, dropout 08, 12 ongoing. The study is ongoing.

6. **General health screening with special focus on selected disease conditions (Tuberculosis, Anemia, Sickle Cell Disease & Malnutrition) and Ayurveda management of Anemia & Malnutrition in students of Ekalavya Model Residential Schools (EMRS):** It is a IMR Collaborative project of CCRAS and ICMR-NIRTH Jabalpur (M.P.). The project was sanctioned to the institute by CCRAS Hqrs. in March 2024 for a duration of 24 Months. The project was executed in 03 selected EMRS namely EMRS Niwai (Tonk), EMRS Danvav, Aburoad (Sirohi) & EMRS Kherwara, Rishabdeo (Udaipur). The project included activities like Incidental Medical Support Camps along with Awareness Lecture and other activities and 03 clinical research project as given below in the table. Project was initiated in September 2025 with Monthly visits for incidental medical support camps and delivering Awareness Lecture and other activities to the students in all selected 03 EMRS. The research project General Health Screening and management of Anemia (General Project), Moderate Malnutrition (General Project) & Ayurveda Based Lifestyle Project could be initiated in September 2025 after starting of health screening of EMRS students by the ICMR-NIRTH team of Jabalpur (M.P.). A total 824 new patients were benefited in the health camps and 107 awareness lectures were delivered on concerned subjects till March 2026. Status of the project is as follows: -

Sr. No.	Name of Project	No. of Enrolled Participant	No. of Drop Out	No. of Participants Completed/continuing the study.
1.	General health screening with special focus on selected disease conditions (Tuberculosis, Anemia, Sickle Cell Disease & Malnutrition) and Ayurveda management of Anemia & Malnutrition in students of Ekalavya Model Residential Schools (EMRS).	307	03	304
2.	Tolerability, treatment adherence and effectiveness of Ayurvedic Intervention in the management of moderate Malnutrition in students of selected Ekalavya Model Residential Schools: a multi-Centre collaborative study.	102	02	100
3.	Effectiveness of Ayurveda-Based lifestyle Advocacies and Practices on Quality of Life among Children of Ekalavya Model Residential Schools in India.	40	02	38

7. **Documentation of the Life Profile of Admirable Personalities to Transform Ayurveda:** An IMR project initiated in Sept 2024. Data collection and interviews for Prof. Banwari Lal Gaur began in Jan 2025, with the manuscript's first draft submitted in March 2025. The manuscript has been submitted to JIMH and is in the decision phase.

8. **Documentation of the Life profile of Admirable Personalities to Transform Ayurveda (APTA) [Swami Laxmi Ram ji (APTA 79)]:** Data collection for the life profile was initiated in December 2025 from the available books (1) "आयुर्वेदमार्तण्ड-प्राणाचार्य-वैद्यरत्न-भिषगाचार्य-श्रीलक्ष्मीरामस्वामिमहाभागानाम् राजकीयसंस्कृतविद्यालयतो विश्रमावसरे अभिनन्दनार्थः संस्कृतरत्नाकस्य आयुर्वेदाङ्कः" published by महामहोपाध्यायः पं. श्रीगिरिधरशर्मा चतुर्वेदः, राजकीयसंस्कृतविद्यालयाध्यक्ष; जयपुरम् in 1934 and also (2) "आचार्य रामप्रकाश स्वामी अभिनन्दन ग्रन्थ" published by अभिनन्दन ग्रन्थ प्रकाशन समिति, स्वामी लक्ष्मीराम उद्यान, मोती डूंगरी रोड़, जयपुर in 2002. Ist draft of the manuscript in the form of research article is under progress.

9. **Documentation of the Life profile of Admirable Personalities to Transform Ayurveda (APTA) [Swami Ram Prakash ji (APTA 80)]:** Data collection for the life profile was initiated in December 2025 from the book "आचार्य रामप्रकाश स्वामी अभिनन्दन ग्रन्थ" published by अभिनन्दन ग्रन्थ प्रकाशन समिति, स्वामी लक्ष्मीराम उद्यान, मोती डूंगरी रोड़, जयपुर in 2002. Ist draft of the manuscript in the form of research article is under progress.

10. **Knowledge, Attitude and Practice (KAP) towards Pharmacovigilance of Ayurvedic Medicines among Registered Practitioners – A Multicentre Study:** The project was assigned to the institute on 15.07.2024. IEC was obtained on 29.11.2024. The target is to take KAP of pharmacovigilance towards Ayurveda medicine of 410 participants before the training programme and 3 months after the programme. The project was initiated on 28.12.2024. MSRARI Jaipur organized total four awareness workshop on Pharmacovigilance in Ayurveda medicine for Registered Ayurveda medical practitioners of Rajasthan. 1st workshop was conducted at Jaipur' on 28.12.2024 in which 94 participants were enrolled. 2nd workshop was conducted on 12.02.2025 at Jodhpur' in which 180 participants were enrolled. 3rd workshop was conducted at Ajmer' on 24th July 2025 in which 69 cases were enrolled and 4th Workshop was conducted at Udaipur' on 23.08.2025 in which 117 cases were enrolled. Total 460 registered Ayurveda medical Practitioners participated and filled the google form. 390 follow up surveys were completed. The study has been completed in December 2025.

11. **Impact of Ayurveda-Based Lifestyle Advocacy and Practices among Apparently Healthy Individuals – A Randomized Parallel Group Study:** Initiated under IMR Annual Action plan 2019–20, this 3-year cluster randomized parallel-group study (n=240) aimed to assess the impact of Ayurveda-based lifestyle interventions on healthy individuals. Ethical clearance was granted on 13.03.2020. Enrollment (118 in intervention, 120 in control) was completed in Feb 2023. Due to budgetary issues, the project was extended up to June 2026. Hence, the project was completed in June 2026.

12. **Clinical study on tolerability, treatment adherence and safety of an Ayurvedic intervention, Punarnava Mandura in the management of Iron Deficiency Anaemia: An open-label single-arm study (Collaborative Research project under CCRAS-SMART):** This multicentric research project was sanctioned to the institute vide Council Office Order No. 76/2023-24 dated 28.04.2023, with a total budget allocation of Rs. 1,21,24,324/-. The Clinical Trial Registry of India (CTRI) registration was completed by the nodal institute, MSRARI, Jaipur (Registration No.: CTRI/2023/05/053299). Institutional Ethics Committee (IEC) approvals were obtained from all four participating collaborative institutes. The investigational medicines were received, and the study was duly initiated and successfully completed at all participating centres. The study has now been completed, and the compiled data has been submitted to the headquarters. Statistical analysis has been carried out, and the data have been extracted. Currently, the research team is in the process of preparing and submitting manuscripts for publication based on the study findings. The details are as follows:-

Name of the Institute	No of cases scree	No of cases en	No of cases comp	Drop outs
5. MUHS, Nashik	323	120	102	18
6. YAC, Kodoli	387	120	96	24
7. PIAR, Vadodara	247	120	104	16
8. ADAMC, Ashta	249	120	102	18

13. Women and Child Healthcare Programme (WCH-SCSP) 2025–26:

Two major projects conducted at MSRARI Jaipur under the **sanction** order (No. 18/02025-26 dated 03.04.2025). Total budget allocation for this project was Rs. 41,24,000/-. OPD-based data were gathered through medical camps organised in the five districts, covering a total of 4,880 beneficiaries. As part of community outreach, 17 awareness lectures were conducted, benefiting 1,371 participants. Furthermore, a total of 1,380 laboratory investigations, including Haemoglobin (Hb) and Blood Sugar Level (BSL) tests, were carried out during the project.

Project (A): Documentation of ethno-dietary practices indigenous to India:

The study was conducted across five districts (Jaipur, Ajmer, Sri Ganganagar, Jhunjhunu, Jaisalmer) of Rajasthan at the block level (Four blocks in each district). A comprehensive field survey was carried out, including In-Depth Interviews (IDI) -102 and Focus Group Discussions (FGD)-20. Various traditional recipes (345) were systematically documented during the study.

Project (B): Documentation of plants, metals, minerals, animal products and other materials used in various indigenous religious practices and rituals across India: The study was conducted across five districts (Jaipur, Ajmer, Sri Ganganagar, Jhunjhunu, Jaisalmer) of Rajasthan at the block level (Four blocks in each district) and religious places. A comprehensive field survey was carried

out, including In-Depth Interviews (IDI) -111 and Focus Group Discussions (FGD)-24. Various traditional Rituals (148) were systematically documented during the study.
Both projects have been completed. The collected data has been compiled and submitted to CCRAS Headquarters for further evaluation and analysis. Currently, the work is in progress for the preparation and publication of a research paper based on the study findings.

14. Tribal Health Care Research Programme (THCRP) 2025–26:
Two major projects were conducted at MSRARI Jaipur under the sanction order (No. 10/02025-26 dated 02.04.2025). Total budget allocation for this project was Rs. 47,10,000/-. OPD-based data were gathered through medical camps organized in the five districts, covering a total of 3,905 beneficiaries. As part of community outreach, 53 awareness lectures were conducted, benefiting 4,190 participants. Furthermore, a total of 1,027 laboratory investigations, including Hemoglobin (Hb) and Blood Sugar Level (BSL) tests, were carried out during the project.

Project (A): Documentation of ethno-dietary practices indigenous to India:
The study was conducted across five districts (Sirohi, Dungarpur, Chittorgarh, Baran, Sawai Madhopur) and sum part of Jaipur, Banswara, Kota, Karauli of Rajasthan at the block level (Four blocks in each district). A comprehensive field survey was carried out, including In-Depth Interviews (IDI) -100 and Focus Group Discussions (FGD)-20. Various traditional recipes (280) were systematically documented during the study.

Project (B): Documentation of plants, metals, minerals, animal products and other materials used in various indigenous religious practices and rituals across India: The study was conducted across five districts (Sirohi, Dungarpur, Chittorgarh, Baran, Sawai Madhopur) of Rajasthan at the block level (Four blocks in each district) and religious places. A comprehensive field survey was carried out, including In-Depth Interviews (IDI) -102 and Focus Group Discussions (FGD)-37. Various traditional Rituals (314) were systematically documented during the study.
Both projects have been completed. The collected data has been compiled and submitted to CCRAS Headquarters for further evaluation and analysis. Currently, the work is in progress for the preparation and publication of a research paper based on the study findings.

15. Impact assessment of Ayurveda-based lifestyle advocacy and utilization of medicinal plants in primary healthcare- A Community base study under TSP and SCSP:
These studies will be conducted by institute in collaboration with MMM Govt. Ayurved College Udaipur and DSRRAU, Jodhpur under TSP and SCSP respectively. Total 50-50 Families will be adopted from ST and SC dominating area. Each adopted family will receive 10 medicinal plants to use in primary healthcare. Ayurved base lifestyle Advocacy through BCC module and awareness Lecture will be provided to the adopted families. AROGYA kit (Anu Taila for Nasya, Tila Taila for abhyanga and Dashansanskar churna for manjan) will also be given to each adopted family.

16. National Pharmacovigilance Program for ASU Drugs:
During 2025–26, a total of 38,442 individuals were monitored for suspected adverse drug reactions (ADR). No ADRs were reported during the year.

Hospital Section:

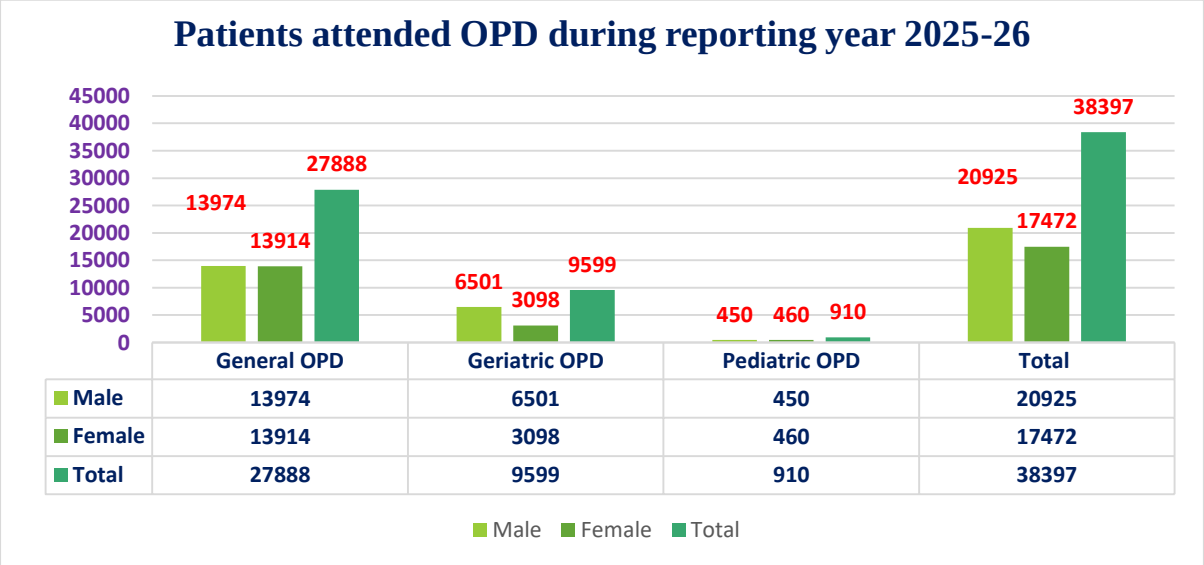

The Institute has good Out Patient Door (OPD), In Patient Door (IPD) and Panchakarma therapy facilities.

OPD Unit

The Institute has Out Patient Door (OPD), In Patient Door (IPD) and Panchakarma facilities. OPD of the Institute is running daily from 9:00 AM-1:00 PM and 2:00 PM-4:00 PM on all working days. Ayurvedic medicines are dispensed at free of cost to all patients as per need along with consultation. Total beneficiaries (patients) who were receiving treatment free of cost or at concession, total number of 109 patients BPL category (OPD-102 & IPD-07) and total number of 11844 patients Senior Citizen category(OPD- 11712 & IPD- 132).

During the reporting year 2025-26, Total number of New & Old Patient's 38397 (20925 males and 17472 females) patients were examined and treated at OPD level.

OPD	Male	Female	Total
General OPD	13974	13914	27888
Geriatric OPD	6501	3098	9599
Pediatric OPD	450	460	910
Total	**20925**	**17472**	**38397**

IPD Unit

The Institute is having 20 bedded IPD facility, out of which 10 beds are allotted to each male and female wards. During the reporting year 2025-26, total 327 patients (119 males & 208 females) were admitted and treated in the IPD of the Institute. Total Bed occupancy is 40.71% The admission of the patients and the panchkarma

procedures are carried out on the payment basis as per the instructions of the Council's head quarter. The concession in the charges to the senior citizens and BPL patients for admission and procedures are applied as per council's guidelines.

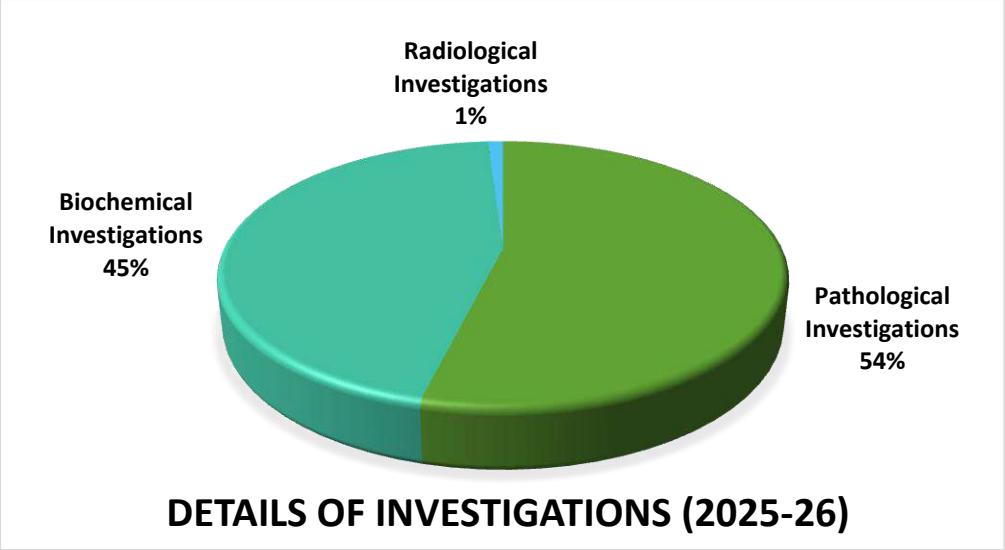

Panchakarma Unit

During the reporting year 2025-26, in Panchakarma unit of the institute, total of 9943 different Panchakarma therapy procedures (3732 on males and 6211 on females) were performed.

Diagnostic Laboratory:

The Institute is having a well-equipped Clinical Laboratory. In the laboratory, there are Bio-chemistry and Pathology sections. The various investigations are done in the laboratory also keeping in view the allotted Research programs. A total of 30663 medical investigations were conducted, with 18,984 (61.91%) for male patients and 11,679 (38.09%) for female patients. Pathological investigations accounted for 16529 tests (53.90% of total)—9044 (54.71%) male and 7485 (45.28%) females. Biochemical investigations were slightly higher, totalling 13821 (45.07%)—9802 (70.92%) males and 4019 (29.07%) females. Radiological investigations were the least performed, with 313 tests (1.02%)—138 (44.09%) male and 175 (55.91%) females. No tests were recorded under "Other Investigations" (0%), such as ECG, ultrasound, or endoscopies. Overall, biochemical investigations made up the largest share, and female patients underwent more tests across all categories.

S.No.	Investigations	Total (Male)	Total (Female)	Grand Total
1.	Pathological Investigations	9044	7485	16529
2.	Biochemical Investigations	9802	4019	13821
3.	Radiological Investigations	138	175	313
4.	Other Investigations viz ECG, Ultra sound, Endoscopies etc.	0	0	0
Total		**18984**	**11679**	**30663**

Other activities:

- **Guggulu Herbal Farm, Mangliawas, Ajmer**: A Guggulu Herbal Farm is also working under control of this institute at village Mangliawas, District Ajmer of Rajasthan, which was handed over back to CCRAS by National Institute of Ayurveda, Jaipur on 9th November 2016. The farm was started in 1st April 1972 in which research, development and extensive cultivation of Guggulu plants were done till 31st December 2007, through plant cuttings, air layering and seedlings. About 60 species of various medicinal plants are being grown/cultivated including Guggulu plants. During the reporting year 2025-2026, The Guggulu Herbal Farm, Mangliawas, 16.00 kg gum-oleo resin was collected, including a total of 39.00 kg of gum-oleo resin in stock, which has been sent to the headquarters, i.e., M.S. Regional Ayurveda Research Institute (MSRARI), Jaipur.
- **The institute has participated in a total of 02 Arogya Mela and 02 Exhibitions.**
- **Yoga Bandhan:** 17 Delegates from 15 partner countries visited India to participate in an immersive yoga program, which culminated in the celebration of the International Day of Yoga on June 21, 2025. In this regard, 03 Officers (Dr. A.K. Jain, Dr. Suhas A. Chaudhary & Dr. Kishor A. Gavali) of this institute were deputed as liaison officers for the International delegates from Kazakhstan, Australia, Indonesia, Russia & Srilanka from 15 June to 22 June 2025 at New Delhi, Chennai & Jaipur.
- **Samvardhan 2025:** Administrative Training Program (Skill Development through Training and Experience for CCRAS Administrative Staff) was organised by RARI, Pandoh Mandi from 13.06.2025 to 14.06.2025. In which 03 personnel (01-UDC and 02-LDC) from the institute participated.
- **World Liver Day** was celebrated on 19-04-2025.
- **World Environment Day** was celebrated on 26-05-2025. The Theme of the contest is "Clean Environment, Our Choice-Reducing Plastic Pollution in Everyday Life."
- **National Panchyati Raj Day 2025** was celebrated with the spirit of grassroots democracy.
- The 11th **International Yoga Day** 2025 was celebrated on 21.06.2025 in the Institute campus.
- **Rajbhasha Activities:**

- ✓ Quarterly Rajbhasha Hindi Meeting was on 31.05.2025. The institute has organised the First Official Language Hindi quarterly workshop on 28.06.2025.
- ✓ **Golden Jubilee Celebration under Rajbhasha activity**: Dr. S.K. Vedi, Research Officer (Ayurveda) & Hindi Officer, and Mr. Rakesh Kumar Mishra, Sister In-charge from the Institute, participated in the Golden Jubilee Celebration organized by the Department of Official Language (excluding travel period) on 11.07.2025 at GMC Balayogi Indoor Stadium, Hyderabad.
- ✓ The institute was awarded the **second prize** for excellent work in Rajbhasha Hindi in the session 2024-25 by the Nagar Rajbhasha Karyanvayan Samittee, Jaipur.
- ✓ A quarterly full-day Hindi workshop was organised in the institute on 26.09.2025
- ✓ **Hindi Pakhwada 2025** was organised in the institute from 14.09.2025 to 30.09.2025, in which many competitions (dictation, Hindi drafting and note taking, essay, debate, poetry recitation, antakshari and quiz) were organised.
- ✓ Along with celebrating the closing ceremony of the Official Language Hindi Fortnight-2025, organised in the Institute on 30.09. 2025under the chairmanship of the Institute Incharge, certificates and prize money were announced to the winners of various competitions.
- ✓ The third quarterly workshop on the official language Hindi was organised on December 20, 2025.
- ✓ A quarterly meeting was held at the institute on 13.03.2026.
- ✓ A full-day quarterly Hindi workshop was organised in the institute on 20.03.2026.

- **Audit of CAG**: The Institute was visited by the audit team of the Accountant General's Office, Jaipur, from 01.09.2025 to 19.09.2025 for audit of accounts and other records from the financial year 2019-20 to 2024-25.
- **Nasha Mukt Bharat Abhiyan**: On 13.08.2025, a special program was organised in the institute on the 5th Foundation Day of Nasha Mukt Bharat Abhiyan.
- **Independence Day**: A dignified flag hoisting program was organised in the institute on the occasion of the 79th Independence Day 2025. In-charge Dr. B.R. Meena inaugurated the program by hoisting the national flag.
- **National Sports Day-2025** was organized on 29-08-2025. All the officers and personnel were briefed about the objectives of National Sports Day-2025 and Fit India Movement, and this year's theme was announced as "Har Gali Har Maidan, Khele Sara Hindustan and Khele Bhi, Khile Bhi".
- **Poshana Maah**: Webinar, awareness lectures and free blood test were done at the institute.
- **10th Ayurveda Day-2025**: Oath-taking ceremony, free medicinal plant distribution, Medical camps and exhibition were organised.
- **National Voluntary Blood Donation Day**: oath-taking ceremony and free blood group testing were done on 30.09.2025.
- **Vigilance Awareness Week – 2025**: It was celebrated from 27th October to 2nd November, 2025. The theme of the week is “Vigilance: Our Shared Responsibility.” On this occasion, an essay writing competition on the topic “Vigilance: Our Shared Responsibility” was organised in the Institute’s conference hall on 29th October, 2025.
- **“Navpradarshini Pakhwada”** meeting was held on 08.10.2025.

- **2nd WHO Global Summit on Traditional Medicine**:
  - ✓ Dr. Avinash Kumar Jain, Research Officer (Ayurveda) from the institute, has been deputed to CCRAS, Council Headquarters, from 01.12.2025 to 20.12.2025 to handle responsibilities.
  - ✓ Dr. Kishore A. Gavali, Research Officer (Ayurveda) from the institute, has been nominated as the Protocol and Liaising Officer for international guests for the 2nd WHO Global Summit on Traditional Medicine to be held in New Delhi.
- **Ek Bharat Shreshtha Bharat" (EBSB) campaign**: on 22nd August, 2025, the Institute organised the campaign. Assam has been designated as the partner state of Rajasthan. On this occasion, the Institute organised an essay competition on the topic "Assam: A Precious Gem" on 13th October, 2025.
- **World Menopause Day** 2025 on 18th October, 2025.
- **4th Janjatiya Gaurav Divas Celebration**, organized in the institute from 15.11.2024 to 15.11.2025, was celebrated on 15.11.2025.
- "**Sadev Atal**" program on December 24, 2025, under the chairmanship of the institute's in-charge, as part of the 100th birth anniversary celebrations of the late Prime Minister Atal Bihari Vajpayee. Under the Public Health Awareness Campaign, and in line with Vajpayee's philosophy of "Healthy Citizens, Healthy Nation," the general public in various tribal areas was made aware of health issues. This initiative connects the current generation with the glorious history of India's traditional medical systems and promotes Ayurvedic principles and lifestyle. These programs were celebrated from December 25, 2024, to December 25, 2025.
- **Republic Day**: A flag hoisting ceremony was held at the institute on January 26, 2026, to commemorate the 77th Republic Day.
- **Guest Lecture** :
  - ✓ Dr. B K. Sharma, Research Officer (Ayu.) has delivered on the topic "Charakasamhita me Daivavyapashraya chikitsa" on the occasion of Charakajanti samaroha at Dept of Samhita and Maulik Siddhant at National Institute of Ayurveda (DU), Jaipur on 25/07/2025.
  - ✓ As the Chief Guest, Dr. B.R. Meena, the Institute In-charge has delivered an awareness lecture on Ayurveda Day among the officers/employees of the Regional Passport Office, Jaipur.

Webinar/ Seminar/ Meetings/ Trainings/ Workshops attended/ Paper presented: Dr. B.R. Meena, Assistant Director In-Charge, Dr. B.K. Sharma, R.O. (Ay.), Dr. A.K.Jain, R.O. (Ay.), Dr. S.K. Vedi, R.O. (Ay.), Dr. Monika Kumari, R.O. (Ay.), Dr. Kishor A. Gavali, R.O. (Ay.) and Dr. Suhas A. Chaudhary have participated in about 30 Webinars/Seminars/Meetings/Trainings/Workshops organized by this Institute/other Institute's/ organizations on different subjects and also some officers presented Research Papers and delivered lectures.

Publications:-05 Research Articles/papers have been published in International journals and 01 Research Articles/Paper has published in the seminar proceeding by the Research Officers of this Institute.

Achievements:-

BIS ISO 9001:2015 Certification – Since February 2025, the institute became the first under CCRAS to be awarded the BIS ISO 9001:2015 certification, recognizing its commitment to excellence in quality management systems.

FSSAI Certification – The institute is compliant with food safety standards and certified by FSSAI.

NABH Accreditation – The hospital has been continuously accredited by NABH since March 2023, ensuring ongoing adherence to high standards in healthcare services. Visitation for renewal of accreditation was carried out in March 2026.

NABL Accreditation – The Pathology and Biochemistry Laboratories of the Institute have maintained continuous accreditation by NABL since November 2023, ensuring consistent quality and reliability in laboratory services.

Ph.D. Program Affiliation – The institute has been affiliated by Dr. Sarvepalli Radhakrishnan Rajasthan Ayurved University, Jodhpur to conduct Ph.D. programs in three Ayurveda subjects: Kayachikitsa, Basic Principles of Ayurveda, and Kaumarbhritya (Balroga), with a total of 15 Research works ongoing by PhD scholars.

Internship - The institute has been affiliated by Dr. Sarvepalli Radhakrishnan Rajasthan Ayurved University, Jodhpur for Internship by BAMS & DAN&P students. During the reporting year Total 17 BAMS students has completed their internship and 08 Ongoing.

एम.एस. क्षेत्रीय आयुर्वेद अनुसंधान संस्थान, जयपुर
वार्षिक प्रतिवेदन सारांश 2025–2026

एम.एस. क्षेत्रीय आयुर्वेद अनुसंधान संस्थान (MSRARI), जयपुर की स्थापना 1 अप्रैल, 1972 को केंद्रीय आयुर्वेद एवं सिद्ध अनुसंधान परिषद (CCRAS) (अब केंद्रीय आयुर्वेदीय विज्ञान अनुसंधान परिषद), भारतीय चिकित्सा पद्धति एवं होम्योपैथी विभाग (अब आयुष मंत्रालय), भारत सरकार के अंतर्गत आयुर्वेद के लिए क्षेत्रीय अनुसंधान संस्थान (RRI) के रूप में की गई थी। इसका उद्देश्य नैदानिक (क्लिनिकल) एवं औषधि विकास संबंधी अनुसंधानों के माध्यम से आयुर्वेद को वैज्ञानिक आधार पर बढ़ावा देना था। वर्ष 1999 में CCRAS के पुनर्गठन की प्रक्रिया के अंतर्गत इस संस्थान को उन्नत कर केंद्रीय आयुर्वेद अनुसंधान संस्थान (CARI) बनाया गया। वर्ष 2010 में इसका नाम पुनः बदलकर आयुर्वेद केंद्रीय अनुसंधान संस्थान (ACRI) कर दिया गया। इसके बाद परिषद की परिधीय इकाइयों के पुनर्गठन के तहत अप्रैल 2016 में इस संस्थान का नाम "क्षेत्रीय आयुर्वेद अन्तःस्रावी ग्रन्थि विकार अनुसंधान संस्थान" (RARIED) किया गया तथा जनवरी 2021 से इस संस्थान का नाम पुनः "क्षेत्रीय आयुर्वेद अनुसंधान संस्थान (RARI)" किया गया। स्थापना के बाद से ही इस संस्थान द्वारा विभिन्न नैदानिक अनुसंधान अध्ययन निरंतर संचालित किए जाते रहे हैं।

इसके अतिरिक्त यह संस्थान आयुर्वेदीय विज्ञान के विभिन्न क्षेत्रों में अनुसंधान के लिए समर्पित है तथा अस्पताल आधारित सेवाओं के माध्यम से जनस्वास्थ्य की आवश्यकताओं को भी पूरा कर रहा है। एम.एस. क्षेत्रीय आयुर्वेद अनुसंधान संस्थान (MSRARI), जयपुर को नैदानिक अनुसंधान पर विशेष ध्यान देने, NABH मान्यता प्राप्त अस्पताल के माध्यम से स्वास्थ्य सेवाएं प्रदान करने, जिसमें बाह्य रोगी विभाग (OPD), आंतरिक रोगी विभाग (IPD), पंचकर्म, NABL मान्यता प्राप्त क्लिनिकल पैथोलॉजी एवं बायोकेमिस्ट्री प्रयोगशाला तथा डिजिटल एक्स-रे इकाई शामिल हैं, का दायित्व सौंपा गया है। संस्थान पिछले 50 से अधिक वर्षों से मुख्य रूप से नैदानिक अनुसंधान गतिविधियों में संलग्न है, जिसका उद्देश्य किफायती स्वास्थ्य सेवाएं प्रदान करना, ज्ञान आधार का सृजन करना तथा आयुर्वेद के भविष्य की संभावनाओं को सुदृढ़ करना है।

संस्थान में विभिन्न जन-उपयोगी एवं अनुसंधान आधारित गतिविधियाँ संचालित की जा रही हैं, जैसे कि जनजातीय उपयोजना (TSP) के अंतर्गत जनजातीय स्वास्थ्य देखभाल अनुसंधान कार्यक्रम (THCRP), अनुसूचित जाति उप-योजना (SCSP) के अंतर्गत महिला एवं बाल स्वास्थ्य देखभाल (WCH) कार्यक्रम, तथा आयुर्वेद में अनुसंधान एवं विकास से संबंधित अनेक राष्ट्रीय महत्त्व के अन्य योजनाएं ।

संस्थान द्वारा विभिन्न राष्ट्रीय एवं अंतरराष्ट्रीय समीक्षित (peer-reviewed) पत्रिकाओं में अनेक शोध-पत्र प्रकाशित करने के साथ-साथ वैज्ञानिक महत्त्व के विविध विषयों पर राष्ट्रीय स्तर के सेमिनार एवं कार्यशालाओं का भी आयोजन किया गया है। संस्थान को डॉ. सर्वपल्ली राधाकृष्णन राजस्थान आयुर्वेद विश्वविद्यालय, जोधपुर से संबद्धता प्राप्त आयुर्वेद के तीन विषयों- कायचिकित्सा, मौलिक सिद्धांत एवं बालरोग में पी.एच.डी पाठयक्रम संचालित किए जा रहे हैं। इसके अतिरिक्त, संस्थान उक्त विश्वविद्यालय से बीएएमएस (BAMS) एवं डिप्लोमा इन आयुर्वेदिक नर्सिंग एंड फार्मेसी (DAN & P) करने हेतु भी संबद्ध है।

- **वर्ष 2025–2026 की प्रतिवेदन अवधि के दौरान निम्नलिखित अनुसंधान परियोजनाएँ प्रारंभ की गईं:**

1. रजोनिवृति लक्षणों (Menopausal Syndrome) के प्रबंधन में अशोकारिष्ट, आयुष एसआर तथा प्रवाल पिष्टी की नैदानिक प्रभावकारितालेबल मानक नियंत्रित परीक्षण।-क खुलाएक संभावित यादृच्छि :
2. कार्यालय जठरांत्र विकारों (FGID) के लक्षणों में सुधार हेतु द्राक्षावलेह की प्रभावशीलता केंद्रित एक बहु केंद्रित अध्ययन ।

3. टाइप-2 मधुमेह में सामान्य उपचार के साथ सहायक के रूप में वरादि क्वाथ घन वटी की प्रभावकारिता बनाम सामान्य उपचारनियंत्रित अध्ययन।-ब्लाइंड प्लेसीबो-एक यादृच्छिक डबल :
4. आयुर्वेद को रूपांतरित करने वाले प्रेरणादायक व्यक्तियों के जीवन-वृत्त का दस्तावेजीकरण [प्रो. वैद्य श्री कृष्ण शर्मा खांडल (APTA - 077)]।
5. टीएसपी सहयोगात्मक परियोजना के तहत राजकीय एमएमएम आयुर्वेद कॉलेज, उदयपुर के साथ प्राथमिक स्वास्थ्य देखभाल में आयुर्वेद आधारित जीवन शैली परामर्श एवं औषधीय पौधों के उपयोग का प्रभावात्मक मूल्यांकन- एक सामुदायिक आधार अध्ययन।
6. एससीएसपी सहयोगात्मक परियोजना के तहत डीएसआरआरएयू, जोधपुर के साथ प्राथमिक स्वास्थ्य देखभाल में आयुर्वेद आधारित जीवन शैली परामर्श एवं औषधीय पौधों के उपयोग का प्रभाव मूल्यांकन- एक सामुदायिक आधार अध्ययन।

- **निम्नलिखित अनुसंधान परियोजनाएँ पिछले प्रतिवेदन अवधि (वर्ष 2024-25) से वर्ष 2025-26 में भी लगातार संचालित की जा रही है:**

1. 3–5 वर्ष के बच्चों में मध्यम कुपोषण के प्रबंधन में Ayush-BR Leham की प्रभावशीलता का मूल्यांकन -एक बहु – केंद्रित यादृच्छिक नियंत्रित पायलट अध्ययन।
2. एकलव्य आदर्श आवासीय विद्यालयों (ईएमआरएस) के विद्यार्थियों में चयनित रोग स्थितियों (तपेदिक, एनीमिया, सिकल रोग और कुपोषण) पर ध्यान देने के साथ सामान्य स्वास्थ्य जांच और एनीमिया एवं कुपोषण का आयुर्वेद प्रबंधन।
3. आयुर्वेद को रूपांतरित करने वाले प्रेरणादायक व्यक्तियों के जीवनवैद्य प्रोफाइल का प्रलेखन (डॉ. बनवारी लाल गौड)।
4. आयुर्वेद को रूपांतरित करने वाले प्रेरणादायक व्यक्तित्वों के जीवन) प्रोफाइल का प्रलेखन-APTA) [स्वामी लक्ष्मी राम जी)APTA - 079)]।
5. आयुर्वेद को रूपांतरित करने वाले प्रेरणादायक व्यक्तित्वों के जीवन) प्रोफाइल का प्रलेखन-APTA) [स्वामी राम प्रकाश जी)APTA - 080)]।

- **रिपोर्टिंग वर्ष 2025–26 में निम्नलिखित अनुसंधान परियोजनाएँ पूर्ण की गईं:**

1. पंजीकृत आयुर्वेद चिकित्सकों के बीच आयुर्वेदिक औषधियों की औषधिके प्रति ज्ञान (फार्माकोविजिलेंस) निगरानी-, दृष्टिकोण एवं व्यवहार (KAP) एक बहुकेंद्रित अध्ययन।
2. सामान्यतः स्वस्थ व्यक्तियों में आयुर्वेद आधारित जीवनशैली परामर्श एवं अभ्यासों के प्रभाव का अध्ययन एक – मानांतर समूह अध्ययादृच्छिक समूह।
3. लौह तत्व की कमी से होने वाले एनीमिया के प्रबंधन में आयुर्वेदिक दवा 'पुनर्नवा मंडूर' की सहनशीलता, उपचार अनुपालन एवं सुरक्षा पर क्लिनिकल अध्ययन: एक ओपन-लेबल सिंगल-आर्म अध्ययन (CCRAS-SMART के अंतर्गत सहयोगी अनुसंधान परियोजना)
4. डब्ल्यूसीएच (WCH) 2025-26 के अंतर्गत भारत में प्रचलित स्वदेशी पारंपरिक आहार संबंधी (Ethno-Dietary) प्रथाओं का दस्तावेजीकरण।

5. भारत में विभिन्न स्वदेशी धार्मिक प्रथाओं एवं अनुष्ठानों में उपयोग किए जाने वाले पौधों, धातुओं, खनिजों, पशु- तथा अन्य उत्पादोंपदार्थों का दस्तावेजीकरण।
6. जनजातीय स्वास्थ्य रक्षण कार्यक्रम 2025-26 के अंतर्गत भारत में प्रचलित स्वदेशी पारंपरिक आहार संबंधी (Ethno-Dietary) प्रथाओं का दस्तावेजीकरण।
7. जनजातीय स्वास्थ्य रक्षण कार्यक्रम 2025-26 के अंतर्गत भारत में विभिन्न पारंपरिक धार्मिक अनुष्ठानों एवं रीति- रिवाजों में उपयोग किए जाने वालऔषधीय पादप, धातुओं, खनिजों, पशु उत्पादों एवं अन्य पदार्थों का दस्तावेजीकरण।

- **उपर्युक्त परियोजनाओं के अतिरिक्त, संस्थान में निम्नलिखित अन्य आउटरीच अनुसंधान कार्यक्रम /परियोजनाए संचालित की जा रही हैं:**

1. जनजातीय स्वास्थ्य देखभाल अनुसंधान कार्यक्रम)THCRP)
2. महिला एवं बाल स्वास्थ्य देखभाल कार्यक्रम)WCH)
3. आयुर्वेद-सिद्ध-यूनानी (ASU) औषधियों के लिए राष्ट्रीय फार्माकोविजिलेंस कार्यक्रम (निरंतर)

- **अनुसंधान परियोजनाओं एवं कार्यक्रमों का संक्षिप्त विवरण:**

1. **रजोनिवृत्ति लक्षण (Menopausal Syndrome) के प्रबंधन में अशोकारिष्टम्, आयुष एसआर एवं प्रवाल पिष्टी की नैदानिक प्रभावशीलता का अध्ययन:** यह एक प्रोस्पेक्टिव, रैंडमाइज़्ड, ओपन लेबल, स्टैंडर्ड कंट्रोल ट्रायल है। यह परियोजना संस्थान को दिनांक 20.06.2025 को आवंटित की गई। इस परियोजना के लिए **IEC अनुमोदन** 05.07.2024 को प्राप्त हुआ तथा **CTRI पंजीकरण** संख्या *CTRI/2025/07/090117* (पंजीकरण दिनांक: 03.07.2025) के अंतर्गत किया गया। यह परीक्षण प्रॉस्पेक्टिव रूप से पंजीकृत है। वर्तमान में प्रतिभागियों की स्क्रीनिंग की प्रक्रिया जारी है।
2. **जठरांत्र संबंधी रोग (FGID) के लक्षणों में सुधार हेतु द्राक्षावलेह की प्रभावशीलता –एक बहु:केंद्रित अध्ययन-** यह अध्ययन 17/11/2025 को प्रारंभ किया गया, जिसमें ₹1,70,000/- की स्वीकृति प्रदान की गई (GIA-General, RA उप शीर्ष के अन्तर्गत व्यय) । वर्ष 2026 तक कुल 112 प्रतिभागियों की स्क्रीनिंग की गई, जिनमें से 111 को अध्ययन में शामिल किया गया। इनमें 27 प्रतिभागियों ने अध्ययन पूर्ण कर लिया, 34 ने बीच में अध्ययन छोड़ दिया (ड्रॉपआउट), जबकि 50 प्रतिभागी अभी भी अध्ययन में प्रगति पर हैं। अध्ययन वर्तमान में जारी है।
3. **टाइप 2 मधुमेह (DM) में नियमित उपचार के साथ सहायक (Adjunct) के रूप में वराड़ी क्वाथ घन वटी की प्रभावशीलता का अध्ययन बनाम केवल नियमित उपचार:** एक रैंडमाइज़्ड डबलकंट्रोल्ड अध्ययन। यह -ब्लाइंड प्लेसीबो- परियोजना28.10.2025 को कार्यालय आदेश संख्या 915/2025-26 के तहत स्वीकृत हुई। परियोजना के लिए IEC की स्वीकृति 23.12.2025 को प्राप्त हुई तथा CTRI पंजीकरण CTRI/2026/01/100208 [पंजीकरण तिथि : 02/01/2026] पर किया गया। यह परीक्षण प्रॉस्पेक्टिव रूप से पंजीकृत है। परीक्षण औषधि की तैयारी रिपोर्टिंग अवधि मार्च 2026 तक प्रगति पर है।
4. **आयुर्वेद को रूपांतरित करने हेतु प्रेरणादायक व्यक्तित्वों के जीवनवृत्त का दस्तावेजीकरण-**: यह IMR परियोजना (APTA - 77) संस्थान को सितंबर 2025 में आवंटित की गई। 'IMR परियोजनाआयुर्वेद को रूपांतरित करने हेतु प्रेरणादायक :

वैद्य श्रीकृष्ण शर्मा .के अंतर्गत प्रो 'वृत्त का दस्तावेजीकरण-त्वों के जीवनव्यक्तिखांडल के जीवन वृत्त के दस्तावेजीकरण-हेतु उपलब्ध ग्रंथों से डेटा संग्रहण का कार्य दिसंबर 2025 में प्रारंभ किया गया। शोध लेख के रूप में पांडुलिपि का प्रथम मसौदा तैयार किया जा रहा है।

5. **3–5 वर्ष के बच्चों में मध्यम कुपोषण के प्रबंधन में आयुष-BR लेहम् की प्रभावशीलता का मूल्यांकन – एक बहु-केंद्रित यादृच्छिक नियंत्रित पायलट अध्ययन:** यह अध्ययन सितंबर 2023 में प्रारंभ किया गया। मार्च 2026 तक कुल 353 बच्चों की स्क्रीनिंग की गई, जिनमें से 100 प्रतिभागियों को अध्ययन में शामिल किया गया। 80 प्रतिभागियों ने अध्ययन पूर्ण किया, 08 ने अध्ययन बीच में ही छोड़ दिया, तथा 12 प्रतिभागी अभी भी अध्ययन में सम्मिलित हैं। यह अध्ययन वर्तमान में जारी है।
6. **एकलव्य आदर्श आवासीय विद्यालयों (ईएमआरएस) के विद्यार्थियों में चयनित रोग स्थितियों (तपेदिक, एनीमिया, सिकल रोग और कुपोषण) पर ध्यान देने के साथ सामान्य स्वास्थ्य जांच और एनीमिया एवं कुपोषण का आयुर्वेद प्रबंधन :** यह CCRAS तथा ICMR-NIRTH, जबलपुर (म.प्र.) का एक IMR सहयोगात्मक परियोजना है। इस परियोजना को मार्च 2024 में 24 माह की अवधि के लिए CCRAS मुख्यालय द्वारा संस्थान को स्वीकृत किया गया। इस परियोजना को 03 चयनित EMRS में क्रियान्वित किया गया, जिनका नाम EMRS निवाई (टोंक), EMRS दान्वाव, आबूरोड (सिरोही) एवं EMRS खेरवाडा, ऋषभदेव (उदयपुर) है। परियोजना में आकस्मिक चिकित्सीय सहायता शिविर, जागरुकता व्याख्यान तथा अन्य गतिविधियों के साथ-साथ 03 नैदानिक अनुसंधान परियोजनाएँ (जैसा कि नीचे तालिका में दिया गया है) शामिल है। परियोजना का प्रारंभ सितंबर 2025 में किया गया। चयनित सभी 03 EMRS में विद्यार्थियों के लिए मासिक आकस्मिक चिकित्सीय सहायता शिविरों का आयोजन तथा जागरुकता व्याख्यान एवं अन्य गतिविधियाँ संचालित की गईं। ICMR-NIRTH, जबलपुर (म.प्र.) की टीम द्वारा EMRS छात्रों की स्वास्थ्य जांच प्रारंभ होने के पश्चात, सामान्य स्वास्थ्य स्क्रीनिंग एवं एनीमिया प्रबंधन (सामान्य परियोजना), मध्यम कुपोषण (सामान्य परियोजना) तथा आयुर्वेद आधारित जीवनशैली परियोजना - इन शोध परियोजनाओं को सितंबर 2025 में प्रारंभ किया जा सका। मार्च 2026 तक आयोजित स्वास्थ्य शिविरों में कुल 824 नए रोगियों को लाभान्वित किया गया तथा संबंधित विषयों पर 107 जागरुकता व्याख्यान प्रदान किए गए। परियोजना की स्थिति निम्नानुसार है- :

क्रमांक	परियोजना का नाम	नामांकित प्रतिभागियों की संख्या	ड्रॉप आउट की संख्या	अध्ययन पूरा करने वाले/जारी रखने वाले प्रतिभागियों की संख्या।
1.	एकलव्य आदर्श आवासीय विद्यालयों (ईएमआरएस) के विद्यार्थियों में चयनित रोग स्थितियों (तपेदिक, एनीमिया, सिकल रोग और कुपोषण) पर ध्यान देने के साथ सामान्य स्वास्थ्य जांच और एनीमिया एवं कुपोषण का आयुर्वेद प्रबंधन	307	03	304
2.	चुने हुए एकलव्य आदर्श आवासीय विद्यालयों के विद्यार्थियों में मध्यम कुपोषण के प्रबंधन में आयुर्वेदीय हस्तक्षेप की सहनशीलता, उपचार अनुपालन और प्रभावशीलताअध्ययन सहयोगात्मक केंद्र-बहु एक :	102	02	100
3.	भारत के एकलव्य आदर्श आवासीय विद्यालयों के विद्यार्थियों में जीवन की गुणवत्ता पर आयुर्वेद की प्रथाओं और सुझावों संबंधी जीवनशैली आधारित-प्रभावशीलता	40	02	38

7. **आयुर्वेद को रूपांतरित करने हेतु प्रेरणादायक व्यक्तित्वों के जीवन-वृत्त का दस्तावेजीकरण - प्रो. बनवारी लाल गौड़:-** यह एक IMR परियोजना है, जिसकी शुरुआत सितंबर 2024 में हुई। प्रो बनवारी लाल .गौड़ के अंतर्गत डेटा संग्रहण एवं साक्षात्कार जनवरी 2025 में प्रारंभ हुए। पांडुलिपि का प्रथम प्रारूप मार्च 2025 में प्रस्तुत किया गया। पांडुलिपि JIMH को भेजी जा चुकी है और वर्तमान में निर्णय की प्रक्रिया में है।
8. **आयुर्वेद के रूपांतरण हेतु प्रेरणादायक व्यक्तित्वों के जीवन-वृत्त का दस्तावेजीकरण (APTA) [स्वामी लक्ष्मी राम जी (APTA-79)]: जीवन**-वृत्त के दस्तावेजीकरण हेतु उपलब्ध पुस्तकों से डेटा संग्रह का कार्य दिसंबर 2025 में प्रारंभ किया गया। इसके अंतर्गत (1) "आयुर्वेदमार्तण्ड-प्राणाचार्य-वैद्यरत्न-भिषगाचार्य-श्री लक्ष्मीरामस्वामिमहाभागानाम् राजकीयसंस्कृतविद्यालयतो विश्रामावसरे अभिनन्दनार्थः संस्कृतरत्नाकस्य आयुर्वेदाङ्कः" (प्रकाशक: महामहोपाध्याय पं. श्री गिरिधर शर्मा चतुर्वेदी, अध्यक्ष, राजकीय संस्कृत विद्यालय, जयपुर; वर्ष 1934) तथा (2) "आचार्य रामप्रकाश स्वामी अभिनन्दन ग्रन्थ" (प्रकाशक: अभिनन्दन ग्रन्थ प्रकाशन समिति, स्वामी लक्ष्मीराम उद्यान, मोती डूंगरी रोड, जयपुर; वर्ष 2002) का अध्ययन एवं उपयोग किया गया। वर्तमान में शोध लेख के रूप में पांडुलिपि का प्रथम मसौदा तैयार किया जा रहा है।
9. **आयुर्वेद के रूपांतरण हेतु प्रेरणादायक व्यक्तित्वों के जीवन वृत्त-का दस्तावेजीकरण (APTA) [स्वामी राम प्रकाश जी (APTA 80)]**: **जीवन वृत्त-**के लिए डेटा संग्रहण कार्य दिसंबर 2025 में) "आचार्य रामप्रकाश स्वामी अभिनन्दन ग्रन्थ"प्रकाशक : अभिनन्दन ग्रन्थ प्रकाशन समिति, स्वामी लक्ष्मीराम उद्यान, मोती डूंगरी रोड, जयपुर, 2002) से प्रारंभ किया गया। शोध-के प्रथम ड्राफ्ट को तैयार करने का कार्य वर्तमान में प्रगति पर है। लेख के रूप में पांडुलिपि

10. **पंजीकृत आयुष चिकित्सकों का आयुर्वेदीय औषधियों के फार्माकोविजिलेंस के प्रति ज्ञान, दृष्टिकोण एवं व्यवहार (KAP) – एक बहुकेन्द्रित अध्ययन:** यह परियोजना संस्थान को 15.07.2024 को आवंटित की गई। संस्थागत नैतिक समिति (IEC) की स्वीकृति 29.11.2024 को प्राप्त हुई। इस अध्ययन का उद्देश्य 410 प्रतिभागियों में प्रशिक्षण कार्यक्रम से पूर्व तथा कार्यक्रम के 3 माह पश्चात आयुर्वेदीय औषधियों के फार्माकोविजिलेंस के प्रति KAP का मूल्यांकन करना था। परियोजना का प्रारम्भ 28.12.2024 को किया गया। जिसके अंतर्गत आयुष चिकित्सकों के लिए फार्माकोविजिलेंस विषय पर कुल चार जागरुकता कार्यशालाओं का आयोजन निम्नानुसार किया गया—

    - प्रथम कार्यशाला 28.12.2024 को, जयपुर' में आयोजित की गई, जिसमें 94 प्रतिभागियों का पंजीकरण हुआ ।
    - द्वितीय कार्यशाला 12.02.2025 को जोधपुर' में आयोजित की गई, जिसमें 180 प्रतिभागियों का पंजीकरण हुआ ।
    - तृतीय कार्यशाला 24.07. 2025 को अजमेर में आयोजित की गई, जिसमें 69 प्रतिभागियों का पंजीकरण हुआ ।
    - चतुर्थ कार्यशाला 23.08.2025 उदयपुर में आयोजित की गई, जिसमें 117 प्रतिभागियों का पंजीकरण हुआ ।

    कुल 460 पंजीकृत आयुर्वेदीय चिकित्सकों ने भाग लिया तथा गूगल फॉर्म भरा। इनमें से 390 प्रतिभागियों का फॉलो-अप सर्वे पूर्ण किया गया। यह अध्ययन दिसंबर 2025 में पूर्ण हो चुका है।

11. **सामान्य स्वस्थ व्यक्तियों में आयुर्वेदएक – परामर्श एवं प्रथाओं का प्रभाव आधारित जीवनशैली- यादृच्छिक समानांतर समूह अध्ययन**: यह अध्ययन IMR वार्षिक कार्ययोजना 2019–20 के अंतर्गत प्रारंभ किया गया था। यह 3-वर्षीय क्लस्टर यादृच्छिक समानांतर समूह अध्ययन (n=240) था, जिसका उद्देश्य स्वस्थ व्यक्तियों पर आयुर्वेद-आधारित जीवनशैली हस्तक्षेपों के प्रभाव का आकलन करना था। इस परियोजना के लिए नैतिक स्वीकृति 13.03.2020 को प्राप्त हुई। प्रतिभागियों

का नामांकन (हस्तक्षेप समूह में 118 तथा नियंत्रण समूह में 120) फरवरी 2023 में पूर्ण हुआ। बजटीय कारणों के चलते परियोजना की अवधि जून 2026 तक बढ़ाई गई। अतः यह परियोजना जून 2026 में पूर्ण हुई।

12. **लौह क्षयजन्य रक्ताल्पता के प्रबंधन में पुनर्नवा मण्डूर (Punarnava Mandura) की सहनशीलता, उपचार अनुपालन एवं सुरक्षा पर नैदानिक अध्ययन (CCRAS-SMART प्रोग्राम 2.0 के अंतर्गत सहयोगात्मक अनुसंधान परियोजना):** यह बहुकेन्द्रीय अनुसंधान परियोजना संस्थान को परिषद कार्यालय आदेश संख्या 76/2023-24 दिनांक 28.04.2023 के माध्यम से स्वीकृत की गई, जिसके लिए कुल ₹1,21,24,324/- का बजट आवंटित किया गया। इस अध्ययन का पंजीकरण क्लिनिकल ट्रायल रजिस्ट्री ऑफ इंडिया (CTRI) में नोडल संस्थान, एमएसआरएआरआई, जयपुर द्वारा (पंजीकरण संख्या: CTRI/ 2023/ 05/ 053299) किया गया। चारों सहभागी सहयोगी संस्थानों से संस्थागत आचार समिति (IEC) की स्वीकृति प्राप्त की गई। परीक्षण हेतु औषधियाँ प्राप्त होने के पश्चात अध्ययन विधिवत प्रारंभ किया गया तथा सभी सहभागी केंद्रों पर सफलतापूर्वक पूर्ण किया गया। वर्तमान में अध्ययन पूर्ण हो चुका है तथा संकलित आंकड़े मुख्यालय को प्रेषित कर दिए गए हैं। सांख्यिकीय विश्लेषण भी किया जा चुका है एवं आंकड़ों का निष्कर्षण कर लिया गया है। वर्तमान में अनुसंधान दल अध्ययन के निष्कर्षों के आधार पर शोध-पत्र (manuscripts) तैयार कर प्रकाशन हेतु प्रस्तुत करने का कार्य प्रक्रियाधीन है जिसका विवरण निम्नानुसार है:-

संस्थान/ महाविद्यालय का नाम	स्क्रीन किए गये प्रतिभागियों की संख्या	पंजीकृत प्रतिभागियों की संख्या	अध्ययन पूर्ण किए गये प्रतिभागियों की संख्या	अध्ययन अधूरा छोड़ने वाले प्रतिभागियों की संख्या
1. MUHS, Nashik	323	120	102	18
2. YAC, Kodoli	387	120	96	24
3. PIAR, Vadodara	247	120	104	16
4. ADAMC, Ashta	249	120	102	18

13. **महिला एवं बाल स्वास्थ्य कार्यक्रम (WCH-SCSP) 2025–26 के अंतर्गत:** एमएसआरएआरआई जयपुर द्वारा दो प्रमुख परियोजनाएँ संचालित की गईं। इस परियोजना के लिए कुल ₹41,24,000/- का बजट स्वीकृत किया गया। परियोजना के अंतर्गत पाँच जिलों में आयोजित चिकित्सा शिविरों के माध्यम से ओपीडी आधारित डेटा एकत्रित किया गया, जिसमें कुल 4,880 लाभार्थियों को शामिल किया गया। सामुदायिक जागरुकता के तहत 17 व्याख्यान आयोजित किए गए, जिनसे 1,371 प्रतिभागियों को लाभ हुआ। इसके अतिरिक्त, परियोजना के दौरान कुल 1,380 प्रयोगशाला जाँचें, जैसे हीमोग्लोबिन (Hb) और रक्त शर्करा स्तर(BSL) परीक्षण, किए गए।

परियोजना (A) : भारत की स्वदेशी मानव जातीय आहार (Ethno-Dietary) संबंधी परंपराओं का दस्तावेजीकरण :

यह अध्ययन राजस्थान के पाँच जिलों (जयपुर, अजमेर, श्रीगंगानगर, झुंझुनू एवं जैसलमेर) में ब्लॉक स्तर पर (प्रत्येक जिले में चार ब्लॉक) संचालित किया गया। अध्ययन के अंतर्गत विस्तृत फील्ड सर्वेक्षण किया गया, जिसमें 102 गहन साक्षात्कार (In-Depth Interviews - IDI) तथा 20 फोकस ग्रुप डिस्कशन (Focus Group Discussions - FGD) शामिल थे। अध्ययन के दौरान 345 पारंपरिक व्यंजनों का व्यवस्थित रूप से दस्तावेजीकरण किया गया।

परियोजना (B) : भारत में विभिन्न स्वदेशी धार्मिक प्रथाओं एवं अनुष्ठानों में प्रयुक्त औषधीय पादप, धातुओं, खनिजों, पशु उत्पादों एवं अन्य पदार्थों का दस्तावेजीकरण:

यह अध्ययन राजस्थान के पाँच जिलों (जयपुर, अजमेर, श्रीगंगानगर, झुंझुनू, जैसलमेर) में ब्लॉक स्तर (प्रत्येक जिले में चार ब्लॉक) तथा धार्मिक स्थलों पर किया गया। अध्ययन के अंतर्गत फील्ड सर्वेक्षण किया गया, जिसमें 111 गहन साक्षात्कार (In-Depth Interviews - IDI) और 24 फोकस समूह चर्चाएँ (Focus Group Discussions - FGD) शामिल थीं। अध्ययन के दौरान 148 विभिन्न पारंपरिक अनुष्ठानों का व्यवस्थित दस्तावेजीकरण किया गया।

दोनों परियोजनाएँ पूर्ण हो चुकी हैं। संकलित डेटा को आगे के मूल्यांकन एवं विश्लेषण हेतु CCRAS मुख्यालय को प्रस्तुत कर दिया गया है। वर्तमान में अध्ययन के निष्कर्षों के आधार पर शोध पत्र तैयार करने एवं प्रकाशन का कार्य प्रगति पर है।

14. जनजातीय स्वास्थ्य देखभाल अनुसंधान कार्यक्रम (THCRP) -2025–26:

दो प्रमुख परियोजनाएँ एमएसआरएआरआई, जयपुर में स्वीकृति आदेश (संख्या 10/02025-26 दिनांक 02.04.2025) के अंतर्गत संचालित की गईं। इस परियोजना के लिए कुल बजट राशि 47,10,000 रुपये निर्धारित की गई थी। ओपीडी आधारित आँकड़े पाँच जिलों में आयोजित चिकित्सा शिविरों के माध्यम से एकत्र किए गए, जिनमें कुल 3,905 लाभार्थियों को कवर किया गया। सामुदायिक जागरुकता के अंतर्गत 53 जागरुकता व्याख्यान आयोजित किए गए, जिनसे 4,190 प्रतिभागियों को लाभ हुआ। इसके अतिरिक्त, परियोजना के दौरान कुल 1,027 प्रयोगशाला जाँचें की गईं, जिनमें हीमोग्लोबिन (Hb) तथा ब्लड शुगर लेवल (BSL) परीक्षण शामिल थे।

परियोजना (A) : भारत में स्वदेशी एथ्नो -डायटरी प्रथाओं का प्रलेखन:

यह अध्ययन राजस्थान के पाँच जिलों सिरोही, डूंगरपुर, चित्तौड़गढ़, बारां, सवाई माधोपुर तथा आंशिक रूप से जयपुर, बांसवाड़ा, कोटा एवं करौली के ब्लॉक स्तर पर संचालित किया गया। अध्ययन के अंतर्गत व्यापक (प्रत्येक जिले में चार ब्लॉक) क्षेत्रीय सर्वेक्षण किया गया, जिसमें 100 गहन साक्षात्कार (In-Depth Interviews - IDI) तथा 20 फोकस ग्रुप डिस्कशन (FGD) शामिल थे। अध्ययन के दौरान 280 पारंपरिक व्यंजनों का व्यवस्थित रूप से प्रलेखन किया गया।

परियोजना (B) : भारत में विभिन्न स्वदेशी धार्मिक प्रथाओं एवं अनुष्ठानों में उपयोग होने वाले पौधों, धातुओं, खनिजों, पशु उत्पादों एवं अन्य सामग्रियों का प्रलेखन:

यह अध्ययन राजस्थान के पाँच जिलों (सिरोही, डूंगरपुर, चित्तौड़गढ़, बारां एवं सवाई माधोपुर) में ब्लॉक स्तर (प्रत्येक जिले में चार ब्लॉक) तथा विभिन्न धार्मिक स्थलों पर संचालित किया गया। अध्ययन के अंतर्गत व्यापक क्षेत्रीय सर्वेक्षण किया गया, जिसमें 102 गहन साक्षात्कार (In-Depth Interviews - IDI) तथा 37 फोकस ग्रुप डिस्कशन (Focus Group Discussions - FGD) शामिल थे। अध्ययन के दौरान 314 पारंपरिक अनुष्ठानों का व्यवस्थित रूप से प्रलेखन किया गया।

दोनों परियोजनाएँ पूर्ण हो चुकी हैं। संकलित डेटा को आगे के मूल्यांकन एवं विश्लेषण हेतु CCRAS मुख्यालय को प्रस्तुत कर दिया गया है। वर्तमान में अध्ययन के निष्कर्षों के आधार पर शोध-पत्र के लेखन एवं प्रकाशन की प्रक्रिया प्रगति पर है।

15. प्राथमिक स्वास्थ्य देखभाल में आयुर्वेद आधारित जीवन शैली परामर्श एवं औषधीय पौधों के उपयोग का प्रभावात्मक मूल्यांकन- एक सामुदायिक आधारित अध्ययन : टीएसपी एवं एससीएसपी परियोजना के तहत -

ये अध्ययन संस्थान द्वारा एमएमएम राजकीय आयुर्वेद कॉलेज उदयपुर और डीएसआरआरएयू, जोधपुर के सहयोग से क्रमशः टीएसपी और एससीएसपी के तहत आयोजित किए जाएंगे। अनुसूचित जनजाति और अनुसूचित जाति प्रधान क्षेत्र से कुल 50-50 परिवारों को गोद लिया जाएगा। प्रत्येक दत्तक परिवार को प्राथमिक स्वास्थ्य देखभाल में उपयोग करने के लिए 10 औषधीय पौधे प्राप्त होंगे। गोद लिए गए परिवारों को बीसीसी मॉड्यूल के माध्यम से आयुर्वेद आधार जीवन शैली परामर्श और जागरूकता व्याख्यान प्रदान किया जाएगा। प्रत्येक दत्तक परिवार को आरोग्य किट (नस्य के लिए अणुतैल, अभ्यंग के लिए तिलतैल और मंजन के लिए दशनसंस्कार चूर्ण) भी दी जाएगी।

16. आयुर्वेद-यूनानी-सिद्ध (ASU) औषधियों के लिए राष्ट्रीय फार्माकोविजिलेंस कार्यक्रम:

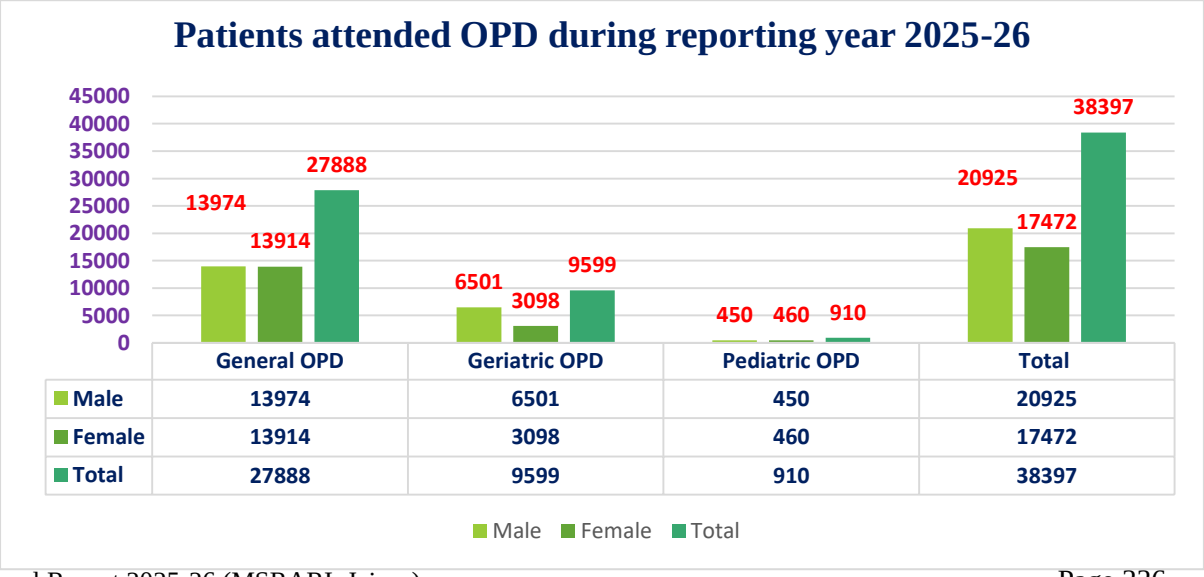

वर्ष 2025–26 के दौरान, संदिग्ध प्रतिकूल औषधि प्रतिक्रियाओं (ADR) के लिए कुल 38,442 व्यक्तियों की निगरानी की गई। वर्ष के दौरान कोई भी ADR रिपोर्ट नहीं की गई।

- **चिकित्सालय अनुभाग:** संस्थान में उत्कृष्ट बाह्य रोगी विभाग (ओपीडी), आंतरिक रोगी विभाग तथा पंचकर्म (आईपीडी) चिकित्सासुविधाएँ उपलब्ध हैं।

- **ओपीडी इकाई (OPD Unit):** संस्थान में बाह्य रोगी विभाग (OPD), आंतरिक रोगी विभाग (IPD) तथा पंचकर्म सुविधाएँ उपलब्ध हैं। ओपीडी का संचालन सभी कार्य दिवसों में प्रतिदिन प्रातः 9:00 बजे से 1:00 बजे तक एवं अपराह्न 2:00 बजे से 4:00 बजे तक किया जाता है। संस्थान में सभी रोगियों को आवश्यकता अनुसार निःशुल्क आयुर्वेदीय औषधियाँ तथा परामर्श प्रदान किया जाता है। कुल लाभार्थियों में बीपीएल श्रेणी के 109 मरीज(ओपीडी-102 आईपीडी–07) तथा वरिष्ठ नागरिक श्रेणी के 11,844 मरीज(ओपीडी-11,712 एवं आईपीडी–132) शामिल हैं।

वर्ष 2025–26 के दौरान, ओपीडी स्तर पर कुल 38397 नए एवं पुराने रोगियों (20925 पुरुषों एवं 17472 महिलाओं का परीक्षण एवं उपचार किया गया।

OPD	Male	Female	Total
General OPD	13974	13914	27888
Geriatric OPD	6501	3098	9599
Pediatric OPD	450	460	910
Total	**20925**	**17472**	**38397**

- **आईपीडी यूनिट (IPD Unit):**

संस्थान में 20 बिस्तरों की आईपीडी सुविधा उपलब्ध है (पेशेंट विभाग-इन), जिसमें से 10 बिस्तर पुरुष वार्ड तथा 10 बिस्तर महिला वार्ड के लिए निर्धारित हैं। प्रतिवेदन वर्ष 2025–26 के दौरान कुल 327 रोगियों (119 पुरुषों एवं 208 महिलाओ) को महिलाओं को संस्थान की आईपीडी में भर्ती कर उपचार प्रदान किया गया। (अंतरंग विभाग का कुल बिस्तर अधिभोग 40.71 प्रतिशत रहा । रोगियों का भर्तीकरण तथा पंचकर्म प्रक्रियाएं परिषद मुख्यालय के निर्देशानुसार शुल्क के आधार पर संचालित की जाती हैं। वरिष्ठ नागरिकों एवं बीपीएल श्रेणी के रोगियों को भर्ती एवं (गरीबी रेखा से नीचे) प्रक्रियाओं में परिषद के दिशानिर्देशों के अनुसार रियायत प्रदान की जाती है।

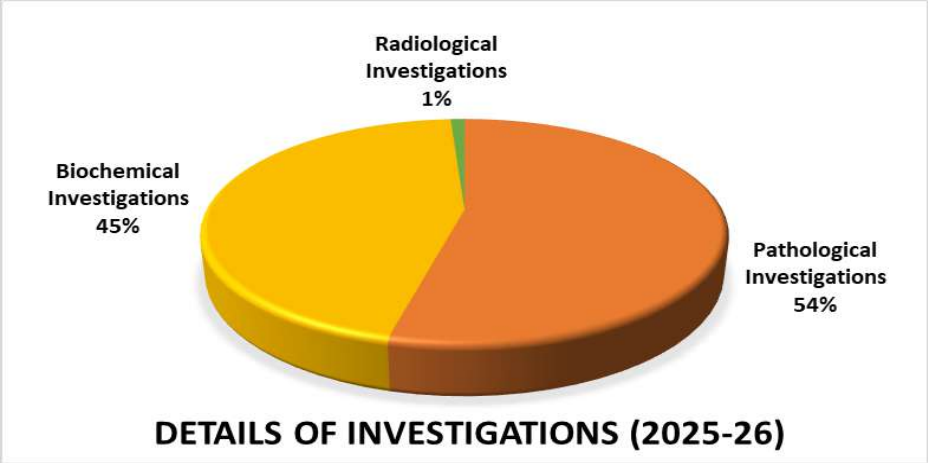

- **पंचकर्म इकाई (Panchakarma Unit):**

रिपोर्टिंग वर्ष 2025–26 के दौरान संस्थान की पंचकर्म इकाई में कुल 9943 विभिन्न पंचकर्म चिकित्सा प्रक्रियाएँ की गईं, जिनमें 3732 पुरुषों तथा 6211 महिलाओं पर उपचार किया गया।

- **नैदानिक प्रयोगशाला (Diagnostic Laboratory):**

संस्थान में एक सुव्यवस्थित एवं सुसज्जित क्लिनिकल प्रयोगशाला उपलब्ध है। प्रयोगशाला में बायोकेमिस्ट्री एवं - पैथोलॉजी अनुभाग स्थापित हैं। विभिन्न जाँचें अनुसंधान कार्यक्रमों को ध्यान में रखते हुए भी की जाती हैं। कुल 30,663 चिकित्सीय जाँचें की गईं, जिनमें से 18,984 (61.91%) पुरुष रोगियों तथा 11,679 (38.09%) महिला रोगियों की थीं। पैथोलॉजिकल जाँचों की संख्या 16,529 (कुल का 53.90%) रही, जिनमें 9,044 (54.71%) पुरुष तथा 7,485 (45.28%) महिला रोगियों की जाँचें शामिल थीं। बायो केमिकल जाँचें-13,821 (45.07%) रहीं, जिनमें 9,802 (70.92%) पुरुष तथा 4,019 (29.07%) महिला रोगियों की जाँचें शामिल थीं। रेडियोलॉजिकल जाँचें सबसे कम रहीं, जिनकी संख्या 313 (1.02%) थी, जिनमें 138 (44.09%) पुरुष तथा 175 (55.91%) महिला रोगियों की जाँचें की गईं। “अन्य जाँचों) ”जैसे ईसीजी, अल्ट्रासाउंड या एंडोस्कोपी) र्गत कोई भी जाँच दर्ज नहीं की गईके अंत (0%)। समग्र रूप से देखा जाए तो बायो-केमिकल जाँचों का प्रतिशत सर्वाधिक रहा तथा सभी श्रेणियों में महिला रोगियों द्वारा अधिक जाँचें कराई गईं।

S. No.	Investigations	Total (Male)	Total (Female)	Grand Total

अन्य गतिविधियाँ:

- **गुग्गुल हर्बल फार्म, माँगलियावास, अजमेर:** इस संस्थान के अधीन राजस्थान के अजमेर जिले के ग्राम मांगलियावास में 142 एकड़ भूमि पर गुग्गुल हर्बल फार्म संचालित हो रहा है, जिसे 9 नवम्बर 2016 को राष्ट्रीय आयुर्वेद संस्थान, जयपुर द्वारा पुनः सीसीआरएएस को हस्तांतरित किया गया था। यह फार्म 1 अप्रैल 1972 से प्रारंभ हुआ था, जहाँ 31 दिसम्बर 2007 तक गुग्गुल पौधों का अनुसंधान, विकास एवं व्यापक स्तर पर खेती की जाती रही, जिसमें पौध कटिंग, एयर लेयरिंग तथा बीजों के माध्यम से संवर्धन किया गया वर्तमान में यहाँ गुग्गुल सहित विभिन्न औषधीय पौधों की लगभग 60 प्रजातियों का संवर्धन/खेती की जा रही है। प्रतिवेदन वर्ष 2025–2026 के दौरान, गुग्गुल हर्बल फार्म, मांगलियावास से 16.00 किलोग्राम गोंद-ओलियो रेजिन का संग्रह किया गया। इसके अतिरिक्त कुल 39.00 किलोग्राम गोंद-ओलियो रेजिन स्टॉक में उपलब्ध रहा, जिसे मुख्यालय अर्थात् एम.एस. क्षेत्रीय आयुर्वेद अनुसंधान संस्थान (MSRARI), जयपुर को भेजा गया।
- संस्थान द्वारा 02 आरोग्य मेला एवं 02 प्रदर्शनियों में भाग लिया गया ।
- **योग बंधन:** 15 भागीदार देशों से 17 प्रतिनिधियों ने एक समग्र योग कार्यक्रम में भाग लेने हेतु भारत का दौरा किया, जिसका समापन 21 जून 2025 को अंतर्राष्ट्रीय योग दिवस के आयोजन के साथ हुआ। इस संदर्भ में, संस्थान के 03 अधिकारियों (डॉ. ए.के. जैन, डॉ. सुहास ए. चौधरी एवं डॉ. किशोर ए. गवली) को 15 जून से 22 जून 2025 तक नई दिल्ली, चेन्नई एवं जयपुर में कज़ाखस्तान, ऑस्ट्रेलिया, इंडोनेशिया, रूस एवं श्रीलंका से आए अंतर्राष्ट्रीय प्रतिनिधियों के लिए संपर्क अधिकारी (Liaison Officer) के रूप में नियुक्त किया गया।
- **संवर्धन 2025:** प्रशासनिक प्रशिक्षण कार्यक्रम (सीसीआरएएस प्रशासनिक स्टाफ हेतु प्रशिक्षण एवं अनुभव के माध्यम से कौशल विकास) का आयोजन RARI, पंडोह मंडी द्वारा 13.06.2025 से 14.06.2025 तक किया गया, जिसमें संस्थान से श्री नमोनारायण मीणा-वरिष्ठ लिपिक, श्री लोकेश गुर्जर-कनिष्ठ लिपिक एवं श्री विक्रम गुर्जर-कनिष्ठ लिपिक ने भाग लिया।
- **विश्व यकृत दिवस** :- दिनांक 19-04-2025 को मनाया गया। कार्यक्रम का उद्देश्य यकृत (Liver) स्वास्थ्य के प्रति जागरुकता बढ़ाना तथा आयुर्वेद के माध्यम से इसके संरक्षण के उपायों को प्रोत्साहित करना था।
- **विश्व पर्यावरण दिवस:** दिनांक 26-05-2025 को मनाया गया। इस अवसर पर प्रतियोगिता का विषय था — स्वच्छ पर्यावरण", हमारी पसंददैनिक जीवन में प्लास्टिक प्रदूषण को क :म करना।"
- **राष्ट्रीय पंचायती राज दिवस: 2025** को जमीनी स्तर के लोकतंत्र की भावना के साथ मनाया गया।

- संस्थान परिसर में 21.06.2025 को **11वां अंतर्राष्ट्रीय योग दिवस 2025** मनाया गया जिसमे एक माह तक विभिन्न गतिविधियांव्याख्यान प्रदर्शनी आयोजित की गई। ,पौधे वितरण ,
- **राजभाषा गतिविधियाँ:**

  - त्रैमासिक राजभाषा हिंदी बैठक 31.05.2025 को आयोजित की गई। संस्थान द्वारा प्रथम राजभाषा हिंदी त्रैमासिक कार्यशाला 28.06.2025 को आयोजित की गई।
  - राजभाषा गतिविधि के अंतर्गत स्वर्ण जयंती समारोह: संस्थान के डॉ. एस.के. वेदी, अनुसंधान अधिकारी (आयुर्वेद) एवं हिंदी अधिकारी तथा श्री राकेश कुमार मिश्रा, सिस्टर इंचार्ज ने 11.07.2025 को हैदराबाद के जीएमसी बालयोगी इंडोर स्टेडियम में राजभाषा विभाग द्वारा आयोजित स्वर्ण जयंती समारोह (यात्रा अवधि को छोड़कर) में भाग लिया।
  - संस्थान को सत्र 2024-25 में राजभाषा हिंदी के उत्कृष्ट कार्य हेतु नगर राजभाषा कार्यान्वयन समिति, जयपुर द्वारा द्वितीय पुरस्कार प्रदान किया गया।
  - संस्थान में 26.09.2025 को एक दिवसीय त्रैमासिक हिंदी कार्यशाला आयोजित की गई।
  - संस्थान में 14.09.2025 से 30.09.2025 तक हिंदी पखवाड़ा 2025 का आयोजन किया गया, जिसमें विभिन्न प्रतियोगिताएँ (श्रुतलेख, हिंदी ड्राफ्टिंग एवं नोट लेखन, निबंध, वाद-विवाद, काव्य पाठ, अंताक्षरी एवं प्रश्नोत्तरी) आयोजित की गईं।
  - दिनांक 30.09.2025 को संस्थान प्रभारी की अध्यक्षता में राजभाषा हिंदी पखवाड़ा-2025 के समापन समारोह का आयोजन किया गया, जिसमें विभिन्न प्रतियोगिताओं के विजेताओं को प्रमाणपत्र एवं पुरस्कार - राशि प्रदान की गई।
  - दिनांक 20.12.2025 को राजभाषा हिंदी की तृतीय त्रैमासिक कार्यशाला आयोजित की गई।
  - दिनांक 13.03.2026 को संस्थान में त्रैमासिक बैठक आयोजित की गई।
  - दिनांक 20.03.2026 को संस्थान में एक दिवसीय त्रैमासिक हिंदी कार्यशाला आयोजित की गई।
  - नराकास जयपुर की बैठक महालेखाकार कार्यालय जयपुर में आयोजित की गई जिसमे संस्थान प्रभारी डॉ. बी. आर. मीणा, डॉ. एस. के. वेदी अनुसंधान अधिकारी एवं हिन्दी अधिकारी, श्री राकेश कुमार मिश्रा सिस्टर इंचार्ज ने भाग लिया।

- **सीएजी लेखा परीक्षा (Audit of CAG):** संस्थान का लेखा एवं अभिलेखों का ऑडिट करने हेतु महालेखाकार कार्यालय, जयपुर की ऑडिट टीम ने 01.09.2025 से 19.09.2025 तक वित्तीय वर्ष 2019-20 से 2024-25 तक का निरीक्षण किया।
- **नशा मुक्त भारत अभियान:** दिनांक 13.08.2025 को संस्थान में नशा मुक्त भारत अभियान के 5वें स्थापना दिवस के अवसर पर विशेष कार्यक्रम आयोजित किया गया।
- **स्वतंत्रता दिवस:** 79वें स्वतंत्रता दिवस 2025 के अवसर पर संस्थान प्रभारी डॉ. बी.आर. मीणा द्वारा संस्थान में गरिमामय ध्वजारोहण का उद्घाटन किया गया।
- **राष्ट्रीय खेल दिवस-2025:** दिनांक 29.08.2025 को राष्ट्रीय खेल दिवस-2025 का आयोजन किया गया। इस अवसर पर सभी अधिकारियों एवं कर्मचारियों को राष्ट्रीय खेल दिवस एवं फिट इंडिया मूवमेंट के उद्देश्यों की जानकारी दी गई तथा इस वर्ष की थीम "हर गली हर मैदान, खेले सारा हिंदुस्तान और खेले भी, खिले भी" घोषित की गई।
- **पोषण माह:** संस्थान में वेबिनार, जागरुकता व्याख्यान एवं निःशुल्क रक्त जांच का आयोजन किया गया।
- **10वां आयुर्वेद दिवस-2025:** शपथ ग्रहण समारोह, निःशुल्क औषधीय पौधों का वितरण, चिकित्सा शिविर एवं प्रदर्शनी का आयोजन किया गया।

- **राष्ट्रीय स्वैच्छिक रक्तदान दिवस:** दिनांक 30.09.2025 को शपथ ग्रहण कार्यक्रम एवं निःशुल्क रक्त समूह जांच का आयोजन किया गया।
- **सतर्कता जागरुकता सप्ताह –2025:** यह सप्ताह 27 अक्टूबर से 02 नवम्बर 2025 तक मनाया गया। इस वर्ष की थीम "सतर्कता: हमारी साझा जिम्मेदारी" रही। इस अवसर पर 29 अक्टूबर 2025 को संस्थान के सम्मेलन कक्ष में "सतर्कता : हमारी साझा जिम्मेदारी" विषय पर निबंध लेखन प्रतियोगिता आयोजित की गई।
- **नवप्रदर्शिनी पखवाड़ा" बैठक:** दिनांक 08.10.2025 को "नवप्रदर्शिनी पखवाड़ा" के अंतर्गत बैठक आयोजित की गई।
- **संस्थान द्वारा अधिकारी/कर्मचारियों के लिए योग प्रशिक्षण आयोजित किया गया।**
- **पारंपरिक चिकित्सा पर द्वितीय WHO वैश्विक शिखर सम्मेलन:**

  - संस्थान के डॉअविनाश कुमार जैन . को दिनांक 01.12.2025 से 20.12.2025 तक परिषद मुख्यालय (CCRAS) में दायित्वों के निर्वहन हेतु प्रतिनियुक्त किया गया।
  - संस्थान के डॉ. किशोर आकाराम गवली, अनुसंधान अधिकारी (आयु.) को नई दिल्ली में आयोजित होने वाले पारंपरिक चिकित्सा पर द्वितीय WHO वैश्विक शिखर सम्मेलन हेतु अंतरराष्ट्रीय अतिथियों के लिए प्रोटोकॉल एवं समन्वय अधिकारी के रूप में नामित किया गया।

- **"एक भारत श्रेष्ठ भारत" (EBSB) अभियान:** 22 अगस्त, 2025 को संस्थान द्वारा इस अभियान का आयोजन किया गया। इस अभियान के अंतर्गत असम राज्य को राजस्थान का साझेदार राज्य निर्धारित किया गया है। इस अवसर पर 13 अक्टूबर, 2025 को "असम: एक अनमोल रत्न" विषय पर निबंध प्रतियोगिता आयोजित की गई।
- **विश्व रजोनिवृत्ति दिवस 2025:** दिनांक 18 अक्टूबर, 2025 को मनाया गया।
- **चौथा जनजातीय गौरव दिवस समारोह:** संस्थान में दिनांक 15.11.2024 से 15.11.2025 तक आयोजित इस कार्यक्रम का समापन दिनांक 15 नवंबर, 2025 को किया गया। जिसके अन्तर्गत भगवान बिरसा मुंडा की पूजा अर्चना की गई।
- **"सदैव अटल" कार्यक्रम:** दिनांक 24 दिसंबर, 2025 को संस्थान के प्रभारी अधिकारी की अध्यक्षता में, पूर्व प्रधानमंत्री स्व. अटल बिहारी वाजपेयी की 100वीं जयंती के उपलक्ष्य में आयोजित किया गया। जनस्वास्थ्य जागरुकता अभियान के अंतर्गत तथा "स्वस्थ नागरिक, स्वस्थ राष्ट्र" की उनकी विचारधारा के अनुरूप विभिन्न जनजातीय क्षेत्रों में आमजन को स्वास्थ्य संबंधी जागरुकता प्रदान की गई। यह पहल वर्तमान पीढ़ी को भारत की पारंपरिक चिकित्सा पद्धतियों के गौरवशाली इतिहास से जोड़ने तथा आयुर्वेद के सिद्धांतों एवं जीवनशैली को बढ़ावा देने हेतु की गई। ये कार्यक्रम 25 दिसंबर, 2024 से 25 दिसंबर, 2025 तक आयोजित किए गए।
- **गणतंत्र दिवस:** दिनांक 26 जनवरी, 2026 को 77वें गणतंत्र दिवस के अवसर पर संस्थान में ध्वजारोहण समारोह आयोजित किया गया।
- **अतिथि व्याख्यान :**

  - डॉ. बी.के. शर्मा, अनुसंधान अधिकारी (आयु.) ने दिनांक 25/07/2025 को राष्ट्रीय आयुर्वेद संस्थान (डीयू), जयपुर के संहिता एवं मौलिक सिद्धांत विभाग में आयोजित चरक जयंती समारोह के अवसर पर विषय पर व्याख्यान दिया। "चरकसंहिता में दैवव्यपाश्रय चिकित्सा"
  - क्षेत्रीय पासपोर्ट कार्यालय जयपुर में मुख्य अतिथि के रूप में, डॉ. बी. आर. मीणा, संस्थान प्रभारी द्वारा कार्यालय के अधिकारियों/कर्मचारियों के मध्य आयुर्वेद दिवस के अवसर पर जागरुकता व्याख्यान प्रदान किया।

- **वेबिनार/ सेमिनार/ बैठक/ प्रशिक्षण/ कार्यशाला में सहभागिता एवं शोध प्रस्तुति:** डॉ. बी.आर. मीणा, सहायक निदेशक (प्रभारी), डॉ. बी.के. शर्मा, अनुसंधान अधिकारी (आयु.), डॉ. ए.के. जैन, अनुसंधान अधिकारी (आयु.), डॉ. एस.के. वेदी, अनुसंधान अधिकारी (आयु.), डॉ. मोनिका कुमारी, अनुसंधान अधिकारी (आयु.), डॉ. किशोर ए. गवली, अनुसंधान अधिकारी (आयु.) तथा डॉ. सुहास ए. चौधरी ने संस्थान/अन्य संस्थानों/संगठनों द्वारा आयोजित विभिन्न विषयों पर लगभग 30 वेबिनार/ सेमिनार/ बैठक/ प्रशिक्षण/ कार्यशालाओं में भाग लिया। साथ ही, कुछ अधिकारियों द्वारा शोध पत्र प्रस्तुत किए गए एवं व्याख्यान भी दिए गए।
- **प्रकाशन:**

  संस्थान के अनुसंधान अधिकारियों द्वारा 05 शोध लेख/पत्र अंतरराष्ट्रीय पत्रिकाओं में प्रकाशित किए गए तथा 01 शोध लेख/पत्र सेमिनार कार्यवाही (प्रोसीडिंग) में प्रकाशित किया गया।
- **उपलब्धियाँ:**
  - **BIS ISO 9001:2015 प्रमाणन** – फरवरी 2025 से संस्थान को गुणवत्ता प्रबंधन प्रणाली में उत्कृष्टता के लिए BIS ISO 9001:2015 प्रमाणन प्राप्त हुआ, जिससे यह CCRAS के अंतर्गत यह उपलब्धि प्राप्त करने वाला पहला संस्थान बना।
  - **FSSAI प्रमाणन –** संस्थान चिकित्सालय रसोई खाद्य सुरक्षा मानकों के अनुरूप है तथा FSSAI द्वारा प्रमाणित है।
  - **NABH प्रत्यायन –** अस्पताल को मार्च 2023 से लगातार NABH द्वारा प्रत्यायन प्राप्त है, जिससे स्वास्थ्य सेवाओं में उच्च मानकों का पालन सुनिश्चित होता है। प्रत्यायन के नवीनीकरण हेतु मार्च 2026 में निरीक्षण भी किया गया।
  - **NABL प्रत्यायन –** संस्थान की पैथोलॉजी एवं बायोकेमिस्ट्री प्रयोगशालाएँ नवंबर 2023 से NABL द्वारा निरंतर प्रत्यायित हैं, जिससे प्रयोगशाला सेवाओं की गुणवत्ता एवं विश्वसनीयता सुनिश्चित होती है।
  - **पीएच.डी. कार्यक्रम संबद्धता –** संस्थान को डॉ. सर्वपल्ली राधाकृष्णन राजस्थान आयुर्वेद विश्वविद्यालय, जोधपुर द्वारा तीन आयुर्वेद विषयों – काय चिकित्सा, मौलिक सिद्धांत एवं कौमारभृत्य (बालरोग)— में पीएच.डी. कार्यक्रम संचालित करने हेतु संबद्धता प्राप्त है। वर्तमान में पीएच.डी. शोधार्थियों द्वारा कुल 15 शोध कार्य प्रगति पर हैं।

इंटर्नशिप - संस्थान के डॉ. सर्वपल्ली राधाकृष्णन राजस्थान आयुर्वेद विश्वविद्यालय, जोधपुर से बीएएमएस और DAN&P के छात्रों के लिए इंटर्नशिप हेतु संबद्ध है। इस वर्ष कुल 17 बीएएमएस छात्रों ने अपनी इंटर्नशिप पूरी कर ली है और 08 छात्र इंटर्नशिप जारी रखे हुए हैं।

Institutional Ranking Framework

Sl.No	Weight	Category	Sub-Category	Criteria/Area of work	Scoring Assigned	Scoring Parameters	Score of the institute	Page No.
1	38%	Technical / Research Output	1.1. Work and Research Guidelines Compliance	Percentage of Research Projects Completed On Time	2	more than 50%= 2, 21 to 50 %= 1, 10 to 20 = 0.5, Less than 10 = 0	2	317-318
			1.2. Collaboration	Number of national / international collaborative projects initiated with industry / institutions etc.?	3	More than 5= 3 marks 3 to 5 = 2 marks 1 to 2= 1 mark Less than 1 = 0 marks	1	317-322
				Total number of PhDs / Master's / graduate degrees guided [awarded or ongoing] by the institute or awarded through collaboration with a University?	3	For PG studies, more than 5 = 3 marks 3 to 5 = 2 marks 1 to 2 = 1 mark None = 0 marks Each PhD Degree will have double the marks of PG	6	327-328
			1.3. External funding	Grant received for Research projects from sources other than CCRAS.	3	More than 5 projects = 3 marks 3-5 projects = 2 marks 1-2 projects = 1 marks No	0	---

						projects = 0 marks		
			1.4. Support to the Researches/Capacity Building (pedagogy)	A total number of National/International level programs (Seminars/conferences/symposia) organized by the institute?	2	More than 10= 2 marks 6 to 10 = 1 marks 1 to 5= 0.5 marks	1	18
			1.5. Development of Policies, Regulations, Standards	Number of state level/national / international policies, regulations and standards finalised during the year to which the institute had made a contribution so acknowledged in the approved documents that focused on	2	More than 5 = 2 marks 3 to 5 = 1 marks 1 to 2 = 0.5 marks	0	---
			1.6. Accreditations	Institute has national / international accreditation/certification/recognition for its lab/hospitals/procedure other than statutory requirements?	6	2 marks for each International Recognition, 1 mark for each national recognition. In case of NABH Accredition, half mark for entry level and one mark for full accreditation. Overall score to be rounded to 5 marks. One mark extra for recognition as CoE.	5	327

			1.7. Awards and Recognition	Number of national / international awards / recognitions received by the institute/staff of the institute?	2	More than 5= 2 marks 3 to 5 = 1 marks 1 to 2= 0.5 marks Less than 1 = 0 marks	0	---
			1.8. Promoting Entrepreneurship	Total number of startups incubated / exited successfully in the premises of the institute?	1	More than 5= 1 marks 1 to 2 = 0.5 marks Less than 1 = 0 marks	0	---
			1.9. Impact of the Institution	Number of commissioned technology development/design/project reports prepared by the institute?	2	More than 5= 2 marks 3 to 5 = 1 marks 1 to 2= 0.5 marks Less than 1 = 0 marks	0	---
				New research fields/innovations/services introduced by the institute that have had an impact on the social and economic problems of the nation.	2	More than 4 = 3 marks 2 or 3 = 2 marks 1= 1 mark Less than 1 = 0 marks	3	318-322
				Number of Technologies targeted towards achieving Sustainable Development Goals and National Programs?/td>	1	More than 5= 1 marks 1 to 2 = 0.5 marks Less than 1 = 0 marks	0	---
				Number of reports leading to new designs and products?	1	More than 2= 1 marks 1 to 2 = 0.5 marks Less than 1 = 0 marks	0	---
				Opening of institute facilities for testing and research to other entities including consultancy services and	2	More than 5 = 2 marks 3 to 5 = 1 marks 1 to 3 =	2	328

				students availing institute facilities for studies?		0.5 marks None = 0 marks		
				Service provided by the institute in terms of Patient footfall/drug testing/consultancy etc.	3	More than 200 = 3 marks 100 to 200 = 2 marks 30 to 100 = 1 mark Less than 30 = 0 marks	3	323
				Average bed occupancy (if no IPD, one-third marks for above)	2	More than 80% = 2 marks 50% to 80% = 1 marks 20% to 50% = 0.5 mark Less than 20% = 0 marks	0.5	323
				Speciality OPDs run by the institute	2	More than 4 specialities = 2 marks 2-4 specialities = 1 marks Less than 2 = 0 marks	1	323
	15%		1.10.IPR and Technology Transfer	Number of copyrights, trademarks, plant varieties, patents, designs, GI of goods filed, granted or licensed out domestically and internationally?	5	More than 5 nos=5, 3-5 nos=3, 1 to 2 =1 Less than 1 = 0	0	---
				Number of technologies transferred domestically / internationally by the institute?	5	More than 5 nos=5, 3-5 nos=3, 1 to 2 =1 Less than 1 = 0	0	---
				Number of new products / services introduced in the market?	5	More than 5 nos=5, 3-5 nos=3,	0	---

						1 to 2 =1 Less than 1 = 0		
	19%		1.11. Publications & Citations	Number of publications in quality peer reviewed journals?	5	More than 20 = 5 15-20 = 4 10-15 = 3 5-10 = 2 1-5 = 1 Less than 1 = 0	2	14 to 16
				Number of citations received by papers published in the preceding three financial years?	3	More than 10 = 3 5-10 = 2 1-5 = 1 Less than 1 = 0	3	Obtained from Google scholar
				Number of publications (author or co-author) as an outcome of national/ international collaborative projects?	3	More than 10= 3 marks 6to 10 = 2 marks 1to 5= 1 mark Less than 1 = 0 marks	0	---
				Percentage of publications in Pubmed/Scopus/Web of Science indexed journals?	2	above 25%= 2 11-25= 1.5 5 to 10= 1 Less than 5% = 0	2	14 to 15
				Publication of Books, e-Books, Monographs/Book chapter	4	More than 5 = 4, 3-5 nos=3 1 to 2 = 1 Less than 1 = 0	1	16
				Production of Audio Visual material, IEC and other Training Materials, Manuals etc.,	2	More than 5 = 2, 3-5 nos = 1 1 to 2 = 0.5 Less than 1 = 0	0	---
2	2%	Adoption of ICT and other Emerging		Whether institute has adopted any digital technologies and AI that would enhance R&D activities or supported any deep science and deep tech	1	Yes(1)/ No (0)	1	323 (AHMIS)

		Technologies		startups ?				
				Institute's website differently-abled friendly and follow all security protocols as mandated by the Government of India??	1	Yes (1) / No (0)	1	---
3	7%	Budget planning		Percentage of budget amount returned unutilized	3	Less than 3% = 3, 3 to 5% = 2 5 to 10% = 1 More than 10% = 0	3	3,4,5
				Percentage of budget spent on R&D [IMR/EMR/Collaborative projects/Outreach acvitivies] to the institute's overall budget?	1	more than 10%= 1 5 to 10 %= .05 2 to 5 = .025 Less than 10 = 0	1	3,4,5
				Total annual earnings from government / nongovernment / international nongovernment sources?	3	More than 1 crore= 3 marks 51 lakh to 1 crore=2 marks 26 lakh to 50 lakh = 1 marks Rs.1 to 25 lakh= 0.5 mark no earning received = 0 marks	0.5	3
3	4%	Manpower		Percentage of permanent scientists and contractual researchers to overall staff?	1	more than 50%= 1 20% to 50%= 0.5 10% to 20% = 0.25 Less than 10% = 0	0.5	1,2
				Percentage of the total scientific and research staff at the institute are	1	more than 50%= 1 20% to 50%=	0.5	1,2

				young [less than 40 yrs] / women scientists and researchers?		0.5 10% to 20% = 0.25 Less than 10% = 0		
				Women / young scientists and researchers have been supported by the institute for conferences, further training, sabbaticals, etc?	1	more than 50%= 1 20% to 50%= 0.5 10% to 20% = 0.25 Less than 10% = 0	1	1,2, 23, 24, 46
				Scientists or project staff from the institute who were deputed to provide training?	1	more than 50%= 1 20% to 50%= 0.5 10% to 20% = 0.25 Less than 10% = 0	0.5	29,32
	5%		4.1.Training	Number of skill development programmes conducted by the institute?	1	More than 5= 1 marks 3to 5 = 0.5 marks 1to 2= 0.25 mark Less than 1 = 0 marks	1	53,54,55,58
				Total number of training workshops/capacity building progammes/CMEs organized by the institute?	2	More than 5= 2 marks 3to 5 = 1 marks 1to 2= 0.5 mark Less than 1 = 0 marks	2	18
				Number of persons who attended skill development, entrepreneurship and innovation trainings organised by the institute?	1	more than 500 = 1 200 to 500 = 0.5 Upto 200 = 0.25	0.25	---
				Total number of officers/interns trained at the institute in cutting edge areas such as quantum technologies,	1	More than 5= 1 marks 3to 5 = 0.5 marks 1to 2=	0	---

				bio-engineering, green hydrogen, artificial intelligence, renewable technologies, blockchain, smart manufacturing, semiconductor technologies, high performance computing, and advanced wireless networks, new technologies developed in Ayurveda?		0.25 mark Less than 1 = 0 marks		
5	10%	Others		Number of IEC/Awareness programmes/Health camps [excluding outreach programmes and research projects] organized by the institute	1	More than 5 = 1 marks 3to 5 = 0.5 marks 1to 2= 0.25 mark Less than 1 = 0 marks	1	58 to 60
				Hindi activities	2	Percentage of activities undertaken based on quarterly reports		
				Swachata Action Plan	2	Percentage of activities undertaken		
				Celebration of various days/weeks/pakhwadas such as Vigilance awareness, Poshan Maah etc.	1	1 mark if done, 0 if not done	1	325 to 327
				Whether institute celebrates National/International Day as per institute mandate	1	1 mark if done, 0 if not done	1	325 to 327
				Whether institute conducts regular review meetings as per CCRAS Calender	1	1 mark if done on regular basis	1	---

						throughout the year, 0 if not done on regular basis		
				Whether institute has completed activities as per CCRAS Calender	2	Percentage of activities undertaken	2	---
